> our citizens were alarmed by the cry of fire, occasioned by a bright light seen to rise above the hill northwest of Altoona. A general rush was made in that direction, but it was soon discov-ered that the fire was some two miles out in the country, at the house of Wm. McGenty. When we arrived within sight of the fire, the house was almost consumed. The barn which stood close by was at one time thought to be on fire, but was shortly extinguished. We have not as yet learned whether there was any furniture burned.

BEAUTIFY YOUR PREMISES .- Every person who owns a foot of earth, or has the lease of a Southern wall whereupon to let a vine creep up, and lets the present spring go by without improving the opportunity of doing something toward adorning his or her premises, should be considered remiss in a very important duty .--No matter if you do not own the house and yard you occupy-still plant flowers, and vines, and shrubbery, for your own comfort and your own heart's sake.
