

ALTOONA, PA. FRIDAY APRIL 19, 1861.

Where parties are unknown to us, our rate for advertising is as follows...

S. M. PETTINGILL & CO., Advertising Agents, 110 Nassau street, New York...

We have lived in the midst of exciting times, but the events of the last five days have sufficed to convince us that we never before knew what excitement meant.

On Monday morning, the President issued a proclamation calling for 75,000 men—10,000 of whom were to be furnished by this State.

On yesterday morning, the Junata Rifles, of Hollidaysburg, Capt. A. M. Lloyd, passed through this place on their way to Harrisburg.

All the companies belonging to the Regiment of this county—10 in number—have been accepted and are now recruiting.

Previous to the bombardment of Ft. Sumpter, there were those in our midst who were opposed to any attempt to subjugate the South.

From almost every business place in the town, the American flag is displayed, and we learn that a very large one is shortly to be put up on the Company's shops.

Some of our citizens deserve a commendatory notice for the manner in which they have contributed to the comfort of those who have called for the regular service.

We learn that over 5,000 United States troops will pass eastward over the Pennsylvania Railroad between this and Saturday night.

supplying them with under-clothing and other useful articles. Others may have contributed, but we have not learned their names, but we are glad to add them to the roll of honor if we can obtain them.

A SPLENDID EXHIBITION COMING TO ALTOONA.—We are pleased to announce to our readers, that Morrison's Grand Pan-tea-the-a, one of the largest and most splendid exhibitions in the world, will visit this place and exhibit at Logan Hall, for three nights, commencing on April 23d.

We copy the following description of the exhibition from the New York papers. It will be seen that the attractions offered surpass anything ever yet brought to Altoona.

The city of Washington—the Capitol, with the new dome and Marble Extension—the inside of the Capitol—the new Senate Chamber, with its gorgeous decoration—the Hall of Representatives—the Public Buildings at Washington—the Patent Office—the U. S. Treasury—the President's House and Grounds—the Smithsonian Institute—and the famous East Room in the President's House, where all the Levis are held—showing all its furniture, marble mantles, magnificent mirrors, and glittering chandeliers, even to the colors and pattern of the two thousand dollar carpet that covers the floor.

Then comes five splendid views of Niagara Falls—showing them in every aspect, in Summer and Winter—the Lake of a Thousand Isles on the River St. Lawrence—the Hudson River—and the entire scenery of the White Mountains, from the snow covered dome of Mount Washington to the Old Man of the Mountain—magnificent scenes in New England, Virginia, Minnesota, and California, with three beautiful views in Mammoth Cave—showing the great Gothic or Arched Gallery—Echo River—Lake Lethe, and the Fairy Grotto with its Starry Dome, magnificent columns and limpid waters, making the scene one great representation of Gem-work, blazing Carbuncles, Rubies and molten Gold.

But the great feature in this Exhibition is the Voyage across the Atlantic Ocean, from New York to Liverpool, with a Storm at Sea, in which all the incidents of three thousand miles travel on the water are presented to view, with a distinctness and vividness mocking reality, and leading the spectators to believe themselves on the briny deep.

The great phenomena of the Moon Rising from the Sea, is to be witnessed by all, while in the Storm at Sea, all the elements in their majesty are to be seen and heard with such startling reality, as to cause old men to shiver, and the young children to cling close to their parents.

Arriving at Liverpool we have a view of that city—then a splendid view of the great City of London—with the River Thames and Bridges—New Houses of Parliament, St. Paul's Church, leaving London, the beautiful scenery of the River Rhine, is presented to view—the Swiss Alps—Scenery in Italy—Ruins of Pompeii—the whole exhibition concluding with a grand view of the Eruption of Mt. Vesuvius, as it appeared in the year '79, when it destroyed the cities of Herculaneum and Pompeii.

This magnificent Entertainment was first exhibited in London for 280 consecutive nights, and was visited by more than half a million of people. It has recently been brought to America, and exhibited in the New England States, where it has been visited by admiring thousands.

The Exhibition will be shown in this place precisely the same as in London, and all who visit it are guaranteed two hours of amusement, wonderment and delight.

SOLDIERS' EXEMPTION.—The patriotic men who have enrolled their names as volunteers, and are about to enter in the service of their country, will perceive from the following section of the Act of 1822, that in their absence their property will be fully protected. The Act says: No execution or other process shall issue against any officer, non-commissioned officer or private of the militia, when called into actual service, under a requisition of the President of the United States, or in pursuance of orders of the Governor of this Commonwealth; nor shall any such process issue against him until thirty days after he shall have returned from duty, to his usual place of residence, or until forty days after he shall have been discharged; and the Court, alderman or justice of the peace from which or from whom any such process shall have issued, shall quash the same as soon as the fact of any such person being enlisted on public duty shall have been proven, and all the costs which shall have accrued in commencing or conducting any such process shall be paid by the person or persons who shall have applied for the said execution or other process.

THE RIGHT FEELING.—We stated yesterday, that the Pittsburgh Chronicle of Wednesday evening, that the Democratic members of our Legislature, who voted against the State military bill, are now anxiously co-operating with their former antagonists in an effort to place Pennsylvania in her proper military position. A resolution of Mr. Hill, pledging the faith, credit and support of the Commonwealth to the purpose of enabling the Democratic members to place themselves right before the country. A dispatch says the best feeling exists between Republicans and Democrats, all being ready to serve in a common cause. This is as it should be. We was not divided counsels in Pennsylvania. This is the hour for patriotism, and not for party spirit.

We learn that over 5,000 United States troops will pass eastward over the Pennsylvania Railroad between this and Saturday night.

ALTOONA FAIR VIEW CEMETERY ASSOCIATION.—A special meeting of the Altoona Fair View Cemetery Association was held in the Council Room on the 11th inst. President Clough in the chair, and a quorum of members present.

The President stated the object of the meeting to be the election of officers to serve for the ensuing year.

J. K. Bellman moved that we proceed to the election of officers. Carried. The following nominations were then made: For President—Michael Clough. Vice Presidents—Geo. R. Everest, E. A. Beck, Secretary—James Lowther.

On motion, the nominations were closed, a ballot was had and the several nominees declared fully elected.

On motion of B. F. Rose, A. A. Smyth and James Lowther were appointed a committee to audit the accounts of the Treasurer.

Auditing committee report that they have examined the accounts of the Treasurer and find a balance in his hands of one dollar and sixty-six cents, (\$1.66).

On motion, Resolved, That the meetings of the Association be held on the second Thursday evening of each month.

The Secretary was instructed to notify those indebted to the Association and request payment of all balances due the Association.

On motion of A. A. Smyth, the thanks of the Association was tendered the retiring Treasurer, C. C. Mason, for his valuable services.

On motion of A. A. Smyth, the proceedings of this meeting was ordered to be published in the Altoona Tribune.

On motion, adjourned. JAS. LOWTHER, Sec'y.

SEVERAL DISHONEST RAILROAD EMPLOYEES.—A bill for the punishment of railroad employees, whose perception of the difference between meum and teum may not be of the clearest, has passed the Senate. It provides "whenever any person in the employ of any Railroad Company, whether such Company is incorporated by this or any other State, shall fraudulently neglect to cancel and return to the proper officer, company, or agent, any coupon or other railroad ticket, or with the intent to permit the same to be used in fraud or injury to any company, or if any person shall steal or embezzle any such coupon or other railroad ticket, or shall fraudulently stamp or print or sign any such ticket, or shall fraudulently sell or put in circulation any such ticket, any person so offending shall, upon conviction thereof, be sentenced to pay a fine not exceeding one thousand dollars, and to undergo an imprisonment by separate or solitary confinement at labor, not exceeding five years."

IN THE MIDDLE of the present excitement, people are likely to forget many things which should be attended to, but "sons are likely to forget that they must have clothes to wear, if they can get them, and they can get them on reasonable terms, made up in the best and latest style, by calling at the Merchant Tailoring Establishment just opened in Mr. Flower's Building, on Virginia street, opposite Jaggard's store, where our old friend D. W. A. Balford, one of the best and most fashionable tailors in the country, will take pleasure in accommodating all who may call. He has a splendid stock of goods from which to select. Just call and see him.

Messrs. Wm. H. Duff, and C. C. Cochran, two of the most accomplished business and ornamental penmen in the United States, will hereafter be the associate professors of Penmanship in our Duff's Mercantile College. On reference to an advertising column it will be seen that they propose to test their title to this claim by comparing their writing with that of any other penmen in America. This enables persons in all parts of the country to see at once where the best penmen in the country are to be found.

IRON CITY COLLEGE.—We take pleasure in again calling the attention of our readers to the advertisement of this widely celebrated Institution. Within a few years, many young men have laid the foundation of substantial fortunes, and hundreds are now engaged in business at salaries which they never could have secured but for the advantages afforded by this School. Every young man who can, should pursue a course of study in this Institution; it will prove of untold advantage to him.

COL. L. W. HALL.—We learn from Harrisburg that the Republican members of the Senate met in caucus on Tuesday evening last, and unanimously nominated Col. L. W. Hall, member from this district, for Speaker during the recess. This is a deserved compliment to a faithful and efficient Senator. We are rejoiced to witness this evidence of the popularity of our townsmen, and congratulate him upon his promotion.

COMMUNION.—The Communion of the Lord's Supper will be administered in the Presbyterian Church, in this place, on Sabbath next, the preparatory services will commence on Friday evening at 7 o'clock. The Rev. George Elliott, of Mifflin county, will assist.

THE LATEST. BALTIMORE, April 18, 2:30 P. M. Pennsylvania Volunteers for as Baltimore. No molestation offered. Hearty reception from the Union men. A large police force escorted them, and at many points they were cheered by Union men who followed them in large numbers to Washington Depot. Streets thronged this P. M. Considerable excitement, but thus far no violence has been offered.

WAR NEWS.

REQUISITION FOR VOLUNTEERS. WASHINGTON, April 16.—The following is the form of the call on the respective State Governors for troops, issued through the War Department to-day.

Under the act of Congress for the calling of the militia to execute the laws of the Union, suppress insurrections, repel invasions, etc., approved February 28th, 1795, I have the honor to request your Excellency to cause to be immediately detached from the militia of your State the quota designed in the table below, to serve as infantry or riflemen for a period of three months unless sooner discharged.

Your Excellency will please communicate to me the time at which your quota will be expected at its rendezvous, as it will be met as soon as practicable by any officer or officers to muster it into the service and pay of the United States. At the same time the oath of fidelity to the United States will be administered to every man.

The mustering officers will be instructed to receive no man under the rank of commissioned officer, whose years are apparently over forty-five or under eighteen, or who is not in physical strength and vigor.

The quota for this State is as follows:— Maine, New Hampshire, Vermont, Rhode Island, Connecticut, Delaware, Arkansas, Michigan, Wisconsin, Iowa and Minnesota—one regiment each. Massachusetts, North Carolina and Tennessee—two regiments each.

New York—seventeen regiments. Pennsylvania—sixteen regiments. Ohio—thirteen regiments. New Jersey, Maryland, Kentucky, and Missouri—four each.

Illinois and Indiana—six each. Virginia—three regiments. It is ordered that each regiment shall consist, in the aggregate, officers and men, of 750. The total thus to be called out is 73,291. The remainder to constitute the 75,000 under the President's proclamation, to be composed of troops in the District of Columbia.

SEIZURE OF ARMS AND PROVISIONS. CINCINNATI, April 17.—Chief Police Dudley this morning seized thirty boxes of guns on the steamer Ohio. The guns were shipped at Memphis, Tenn., and were supposed to have come from Harper's Ferry. A heavy shipment of powder has also been stopped.

Three companies leave to-night for the rendezvous at Columbus. The Home Guard is rapidly filling its ranks. The enlistment at Newport, Ky., barracks is very active. Over five hundred men are now in the garrison. A large consignment of bacon for Charleston, Va., was taken from the steamer Glendale, and is being sent to the volunteer companies in all full; more men offering than can be accepted.

STRANGERS PREPARING TO ARM. Hon. J. H. Lane, Senator from Kansas has had an interview with the President, and proposed to organize a company to be ready for any duty when called upon, to consist of strangers at the time, and to be organized to remain some time in the city. They propose the privilege of organizing and being sworn into service, with permission to carry the arms to their rooms. They will have a rendezvous, where they will be organized at stated periods. The company will be formed.

THE WHEELING INTELLIGENCER says: "We are informed that the government is prepared to distribute arms in any quantity to those willing to enroll themselves in this organization, and to take the oath of fidelity. Companies in West Virginia will be supplied direct from Harper's Ferry, by obtaining an order from the Secretary of War."

UNION SPEECH OF GEN. WOOD. THOR, N. Y., April 16.—General Wood made a patriotic speech in this city last night. He closed by saying: "My friends, that flag must be lifted up from the dust into which it has been trampled, and placed in its proper position, and again set floating in triumph to the breeze. I pledge you my heart, my hand, and all my energies to the cause. The Union shall be maintained. I am prepared to devote my life to the work, and to lead you in the struggle."

RESPONSES TO THE CALL FOR TROOPS. Offers have been received at the War Department at Washington of over 150,000 men, and the number is being swelled every hour. While it is the prayer of every loyal citizen, that this strength may not be required, it is, at the same time, a source of the greatest gratification, and strength to the Executive to know that the response is so emphatic.

MASSACHUSETTS. DORSET, April 16.—About thirty companies, numbering 1,700 men, have already arrived in the city and are quartered at Franklin Hall. Their outfits have also commenced to arrive, and to-morrow each man will be provided with the necessary articles for active service. All are eager to hasten where their services are required.

CONNECTICUT. NEWBRIDGE, April 16.—Gov. Buckingham has just issued a proclamation, calling on volunteers to rendezvous at Hartford. The Thames Bank has tendered \$100,000, and the Fairfield County Bank \$50,000, to the Government.

SOUTHERN VIEWS. Prominent Southern men in Washington openly say that the Confederacy committed a serious mistake in opening the fire upon Ft. Sumpter, as it will cause a reaction against them by the conservative, Union, and peace-men of the South.

UNION SENTIMENT IN MONTGOMERY. Parties in whom the fullest confidence is placed, who arrived here to-day from Montgomery, say that the Union sentiment is general and strong there, but that a feeling of a complete silence, though hope, in conflict with despair, is still in the ascendancy in the breasts of thousands in Montgomery and vicinity.

UNION SENTIMENT IN MARYLAND. A large American flag is suspended across the street at Havre de Grace, bearing the motto, "By the Eternal, the Union must and shall be preserved."
