RALLYING SONG
OF THE
Blair County "Sharp-Shooters."

BY W. I. ELLIS.

AIR—"*Cry and Happy.*"

[The following lines were suggested by the report that the Southern troops were advancing rapidly on to attack the City of Washington. Respectfully inscribed to the "Blair County Sharp-Shooters," CAPT. R. J. CROZIER.]

Hark! those fearful sounds that greet us,
Falling sadly on our ears;
See, our foes advance to meet us,
Calling forth our direst fears.

CHORUS—Strike with a will,—let the foe feel your might;
The echoing sound reach the nations abroad!
Strike for the UNION, for justice and right,
The effort will meet with the favor of God.

See our brothers come upon us,
From their sunny Southern home,—
They who should spread peace among us,
Like a fearful storm they come!

CHORUS.

Sons of Freedom, will ye ponder?
Now your country needs your aid.
Will ye stand there, lost in wonder?
Rouse, ye! strike! nor seem afraid.

CHORUS.

They would rend this glorious Union,
Given to them and us as One,
Where we've lived in sweet communion
Since the days of Washington.

CHORUS.

Can ye, will ye,—dare ye, listen
Longer to that fearful sound!
Up! while swords and bayonets glisten,
Scatter thick the foe around.

CHORUS.

Yes, ye WILL rise up in numbers,
Strong and fearful in your might;
While your deep-toned cannon thunders
Back Disunion from our sight.

CHORUS.

Then your names will shine in glory
On the brightest page of fame;
And your deeds will live in story,
Cherished with an honored name.

CHORUS.

Altoona, August 21, 1861.

HENRY UP, BOYS.—All those who desire to enlist in the company of Scouts or Skirmishers, now forming in this place and Hollidaysburg, to be under command of Capt. R. J. Crozier and First Lieut. Potts, and to be attached as a flanking company to Col. S. Black's regiment, should step up at once and give in their names, as the company will most likely leave this week, or certainly on Monday next, for the war. This must prove a "crack company" in every sense of the word. It will have as good officers as will take the field, will be equipped with rifles and sword bayonets, and will have an honorable and responsible position in one of the finest and best officered regiments in the service. Capt. Crozier's company is composed of nearly, if not all, three months men, and consequently they are well drilled, and ready for immediate and active service. Certainly this is an inducement to join this company.

ARMY CONTRACTS.—Messrs. Dill & McAuley, of this place have contracted to furnish some two hundred army wagons, and they are now finishing their work rapidly, turning out a number of wagons weekly.

Messrs. Allison & Lowther have a contract to supply the Government with five hundred horses, and they are gathering up and forwarding nags as fast as they can obtain them. Those who have horses to sell, and want the cash for them, should bring them along.

Mr. John Shoemaker also has a contract to furnish five thousand pairs of shoes for the army. He advertises for one hundred journeymen shoemakers. Here is a chance for jours out of a "sit."

A NOTED TRAVELLER.—On Friday evening last, Prince Jerome Bonaparte, first cousin of the present Emperor of the French, arrived in this place on the Mail Train and tarried all night at the "Logan House." He is a rather portly gentleman, and, if the portraits of the great Napoleon we have seen are correct, Prince Jerome bears a striking family resemblance.—He was accompanied by some four or five officers of the French army and navy. He travels without ostentation, preferring to pass along quietly rather than be lionized at every stopping place.

HOW TO DISTINGUISH THE RANK OF OFFICERS.—By observing the shoulder straps worn by officers of the army their rank can be readily ascertained. A major General is distinguished by two silver stars on his shoulder straps; a Brigadier General has but one star; a Colonel has a silver embroidered spread eagle; a Lieutenant Colonel has a silver embrodered leaf; a Captain is known by two embroidered bars; a First Lieutenant has but one gold bar on the strap; a Second Lieutenant none at all. The cloth of the straps is as follows: Staff officers dark blue; artillery scarlet; infantry light (or sky) blue; riflemen medium (or emerald) green; cavalry orange color.

OFFICE OF GENERAL SUPT. P. R. R.,
ALTOONA, August 10th, 1861.

The General Superintendent of the Pennsylvania Rail Road wishes to acknowledge the receipt, at the hands of the Reverend John Twiggs, of Ten Dollars—that amount having been placed in his hands to be returned to the Company as money rightfully belonging to it.

PRINCE NAPOLEON.—This distinguished stranger, accompanied by some half dozen personages comprising his suite, sojourned in our town during Friday night, and on Saturday morning took his departure westward. His advent was unaccompanied by any unostentatious show, and comparatively few of our citizens knew of the presence of royalty, and those who did probably felt but little interest in the matter. It is fair to presume, had not the stay of the Prince been necessarily brief, that he would have paid a visit to the Cheap Dry Goods and Grocery Store of Murphy & McPike, corner of Virginia and Caroline streets, where everything to comfort the outer and invigorate the inner man is to be found in immense profusion and at exceedingly low prices. The failure of the Prince, however, should not deter the less pretending from availing themselves of the bargains now offered at this establishment.

FALL IN! FALL IN!—Those who contemplate enlisting in the service of their country should fall into ranks at once; as all regiments now formed, all parts of regiments and parts of companies that are being recruited, are ordered to report at Washington City with as little delay as possible, whether filled up or not. All companies now being recruited in this place will leave for the seat of war this week, therefore those who desire to see the whole of the campaign, and get a fair start with their fellow-soldiers, should immediately report themselves to some one of the recruiting officers now in town.

VERANDA LODGE PIC NIC.—On Saturday last the members of Veranda Lodge, I. O. O. F., held their Annual pic nic in the grove adjoining the West Ward School property. They had a fine day for it, and plenty of good eatables, music and dancing, and altogether, we think they enjoyed themselves delightfully.

☞ The sudden changes of the weather, of late have been productive of a great number of colds. Winter bed-covering is very comfortable at night, and a warm stove in the morning is almost indispensable.

Pittsburg Female College.

The Sixth Annual Catalogue of this flourishing institution has just been laid upon our table, and we deem this a fitting time to call attention to its claims upon our citizens. An examination of the catalogue is sufficient to convince any one that no Seminary in the land affords greater facilities for acquiring all the elements of a solid and ornamental education, while in some respects it is in advance of any with which we are acquainted. While many institutions during the past year have either suffered a material loss in their patronage, or been compelled to succumb to the financial storm which has swept over the land, the attendance here has gone up to two hundred and thirty-seven, a marked increase over any previous year. From the East and the far West pupils have been gathered within its walls, while at home the patronage has steadily increased.

First class institutions for young ladies and young gentlemen, were for years a desideratum, and their want a reproach to Pittsburgh. We have the one in the Female College, and the Trustees of the University are making vigorous efforts to supply the other. And why not have them here? The healthfulness of Pittsburgh, its accessibility by river and rail, the beauty of our surrounding scenery, and our central location between the East and the West, combine to make this point eminently fit to build up institutions which shall stand abreast with any in the land. The Female College must ultimately lead all similar institutions, if we may judge from the vigor of its management, and the liberality displayed by its Board of Trustees.—Every dollar of the income is expended in that way, that will give the greatest efficiency to the College, and be most beneficial to its patrons. Its management, too, has always been liberal. While kept under moral control, as it certainly should be, nothing of a merely sectarian character is ever permitted. None need fear to commit their daughters to the tuition of those placed over its interests.

The Trustees, notwithstanding the pressure in the times, have elected a very full Faculty for the coming year. Many of the teachers are well known in the community, and the few new ones, we are informed, have had years of experience, and come with the highest recommendations from parties well known to the Trustees.

Several important steps have been taken which must add greatly to the efficiency and attractiveness of the institution—such as the collection of a Library; a Graduate's Gallery, in which will be placed, from year to year, the likenesses of those who graduate; a Cabinet to which hundreds of specimens have already been donated; an Electro-Magnetic Telegraph, and a Gallery of Fine Arts. Several of these are novel, not being found in other institutions, but they are moves in the right direction. The Graduate's Gallery will not only be attractive in itself, but a source of pleasure in coming years to those who may come to spend an hour in their *Alma Mater*. The telegraph will afford to those who wish it, an opportunity to become operators, and thus put them in possession of an excellent resource for the future. Young ladies have already been employed as operators, and must ultimately fill all our telegraph offices, and where so fitting a place to learn as in a Female College? The Gallery of Fine Arts must necessarily accumulate slowly, but a *commencement* has been made, and we will have a permanent Gallery in the city. The influence upon the young ladies connected with the school, cannot but be excellent.

In giving this extended notice of the College, we are doing a favor to our patrons who have daughters to educate, and a duty to those who have so nobly contributed and labored to build up a first-class institution.

Many, and possibly some who have the least occason to urge it, will plead the stringency of the times; but a few months may bring about a vast change. Should this not be the case, the very pressure of the times is a strong reason for the course indicated. Why doom the child to a life of ignorance, to hoard up for it wealth which one of these financial crisises may sweep away in a day. Some who, last year, might have educated their children, but were indifferent about the matter, this year are unable.—Far better give the child an education and no wealth, than wealth and no education. And there is no one in even moderate circumstances who may not, with a little economy, give his daughter an education, and thus leave her a reliance for future life.

With unsurpassed buildings—an unusually large and able Faculty—an extensive course of study—and the new features which are being introduced—the College will desere, and doubtless will receive, a patronage second to none in the land.

The next term will commence Tuesday, September 2d.—*Pittsburg Gazette.*

☞ The difficulty of sending troops into East Tennessee grows out of the neutral position of Kentucky, which renders it almost impossible to forward them to aid our friends in that quarter.

Important Order from Washington.

WASHINGTON, Aug. 18.

The statement made in this correspondence, several days ago, that the rebels were slowly moving their forces to the line of the Potomac, with a view of entering Maryland, and encouraging and supporting the revolutionary spirit in that State, with ultimate designs on Washington City, is now repeated with increased assurance of its truth, and with such evidence as cannot be disregarded. With a view of meeting all possible contingencies that may arise in connection with this subject, the Administration has just issued the following important orders, a prompt response to which it is not doubted will be given. Thus at once securing the Capital from invasion, and at the same time affording additional confidence to the country of the earnestness of the Government in the protection of the general welfare:

WAR DEPARTMENT,
WASHINGTON, August 18, 1861.

The commanders of the regiments of volunteers accepted by this department in the States of Pennsylvania, New Jersey, New York, Connecticut, Massachusetts, Vermont, Rhode Island, New Hampshire, Maine and Michigan, will take notice of and conform promptly to the general order this day directed to the Governors of the States above named, which is as follows:

To the Governor of the State of ——

By direction of the President of the United States you are urgently requested to forward, or cause to be forwarded immediately, to the City of Washington, all the volunteer regiments, or parts of regiments, at the expense of the United States Government, that may be now enrolled within your State, whether under your immediate control or by acceptances issued direct from the War Department, or whether such volunteers are armed, equipped or uniformed, or not.

The officers of each regimental organization that may not be full, shall leave recruiting officers at their several rendezvous, and adopt such other measures as may be necessary to fill up their books at the earliest date possible. All officers of volunteer regiments, on their arrival will report to the Commanding General, who will provide equipments and other supplies necessary for their comforts. To insure the movements of troops more rapidly than might otherwise be done, you will please confer with and aid all officers of independent regiments in such manner as may be necessary to effect the object in view. All clothing or supplies belonging to, or contracted for the several regiments, shall be forwarded to Washington for their use, detailed reports of which shall be made to the Commanding General. Signed,

SIMON CAMERON, Secretary of War.

By the President of the United States.

A PROCLAMATION.

Whereas, A joint committee of both Houses of Congress has waited upon the President of the United States, and requested him to recommend a day of public humiliation, prayer and fasting; to be observed by the people of the United States with religious solemnities, and the offering of fervent supplications to Almighty God for the safety and welfare of these States, his blessings on their arms, and a speedy restoration to peace; and whereas, it is fit and becoming in all people, at all times, to acknowledge and revere the Supreme Government of God, to bow in humble submission to His chastisements, to confess and deplore their sins and transgressions, in the full conviction that the fear of the Lord is the beginning of wisdom, and to pray with all fervency and contrition for the pardon of their past offences, and for a blessing upon their present and prospective actions; and whereas, when our beloved country, once, by the blessing of God, united, prosperous and happy, is now afflicted with factious and civil war, it is peculiarly fit for us to recognize the hand of God in this visitation, and, in sorrowful remembrance of our own faults and crimes as a Nation and as individuals, to humble ourselves before Him and to pray for His mercy; to pray that we may be spared further punishment, though most justly deserved; that our arms may be blessed and made effectual for the re-establishment of law, order and peace throughout our country, and that the inestimable boon of civil and religious liberty, earned under His guidance and blessing, by the labors and sufferings of our fathers, may be restored in all its original excellency. Therefore I, Abraham Lincoln, President of the United States, do appoint the last Thursday in September next as a day of humiliation, prayer and fasting for all the people of the Nation, and I do earnestly recommend to the people, and especially to all ministers and teachers of religion, of all denominations, and to all heads of families, to observe and keep that day according to their several creeds and modes of worship in all humility, and with all religious solemnity, to the end that the United prayer of the Nation may ascend to the Throne of Grace and bring down plentiful blessings upon our own country.

In testimony whereof, &c.

ABRAHAM LINCOLN.

By the President.
WM. H. SEWARD, Secretary of State.

TO MY FELLOW CITIZENS:—I hereby announce myself as an Independent Candidate for the office of Sheriff of Blair County, and if elected will endeavor to discharge the duties of said office faithfully.

THE ROOT & HERB DOCTOR,
FROM PHILADELPHIA.
WHO HAS HAD 30 YEARS CONSTANT practice, can be consulted at the Altoona House, Mr. John Woods, viz.:—*On the 7th of June, the 8th of July, and the 7th of August*—he will then vacate for 3 months. Notice will be given in this paper when he commences his Winter's Term again.
He treats all diseases that flesh is heir to. He invites all females who may be suffering with diseases peculiar to their sex, to call and examine his new mode of treatment, as thousands have been restored to health who have been abandoned by others. He is in possession of perfect instruments for sounding the lungs and chest and is therefore able to determine the exact condition of the vital organs—consequently can treat such complaints with greater safety and certainty than it is possible for those who guess at the disease and experiment for its cure. He believes that for every malady, there is found in our soil a sure and never-failing remedy.

FOR STATESMEN, JUDGES, CLERGYMEN,
Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.
47 Wall street, New York, Dec. 29, 1858.
GENTLEMEN:—Your note of the 15th inst., has been received, saying that you had heard that I had been benefitted by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.
I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about 4 months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.
In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray haire and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.
For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives to profit by my example, and use it if growing gray or getting bald.
Very respectfully,
BEN. A. LAVENDER.
To O J Wood & Co., 414 Broadway, New York.
My family are absent from the city, and I am no longer at No. 11 Carroll Place.
Stamaston, Md., July 20th, 1859.
To Prof. O J Wood: Dear Sir—Your Hair Restorative has done my hair so much good since I commenced the use of it, that I wish to make known to the PUBLIC of its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all!
Yours truly, WM. H. KENEDY.
P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage south. I see several of your certificates in the Mobile *Mercury*, a strong Southern paper. W H KENEDY.
WOOD'S HAIR RESTORATIVE.
Prof. O J Wood: Dear Sir—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON.
The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $5.
