

Altoona Tribune.

ALTOONA MAIL SCHEDULE. MAILS GO. Eastern Way, Western Way, Western Through, Eastern Through.

RAILROAD SCHEDULE. ON AND AFTER MONDAY, JUNE 10, 1861. Express Train East, West, and Mail Train East and West.

OUR APOLOGY.

For some time past we have been promising our readers that if those who are indebted to us would come forward and settle up, we would, on or about the first of October, show them something never seen in this section of the country.

LOCAL ITEMS.

WINTER AND THE POOR.—We believe these are those in our midst who represent themselves as being miserably poor, and beg cold victuals from door to door, who are not necessitous; yet there are a few who are really poor, and need the help of those who are in better circumstances.

WINTER IS ALWAYS A TERROR TO THE POOR. By "the poor," we do not mean those who have comfortable homes and an abundance of the necessities of life, and who complain and call themselves poor, because the times are hard and they cannot speculate and do business on as grand a scale as they did when times were good and money plenty.

WHAT SHOULD BE DONE.—Every young man not engaged in the service of the country, should strive with all possible dispatch to prepare himself for usefulness by attending some good school adapted to the wants of the present age; and in this respect the Iron City College of Pittsburgh, Pa. sustains a high reputation.

WE REGRET TO LEARN THAT MR. WILLIS F. KLINK, of Neville, Cumberland county, while on a brief visit to his friends in Johnstown, week before last, lost his two children, by diphtheria. They died within two days of each other.

OUR ARMY CORRESPONDENCE.

Within six miles of Fairfax Court-House, Va., Monday, October 14th, 1861. Messrs. McClure & Deane.—Gentlemen.—It is now some two weeks since I addressed you by every few minutes one would rise up from among the bushes and dart forward like an arrow—so swift is their flight.

NEWS OVER THE HILL.

SEBASTIA ACCIDENT.—On Friday last, while John Last, son of Christian Last of Allegheny Township, was gathering hickory nuts, he fell from the tree, a height of between 20 and 30 feet. His head struck upon a rock beneath the tree, producing concussion of the brain. He is yet insensible and there is little hope of his recovery.

HOW TO KEEP EGGS.—Here is a recipe, which is worth the price of subscription to any house-keeper, and we give it to our readers gratis.

To 3 gallons of water add 1 pint quick lime and 1 pint of salt, and stir till well mixed and dissolved. No care is needed in putting in the eggs, as they will always settle right out, as if just dropped lightly into the vessel. One by those perfectly sound will sink. Those which float should be taken out, for although they may be good enough for immediate use, they are not entirely sound. It is not important whether the eggs be all placed in the vessel at once or at different times; and they can be taken out as they are needed.

EXERCISE SCHOOLS.—We are pleased to announce that Mr. J. G. Vallade, the artist, is about to open a school for the purpose of giving lessons in fencing with the broadsword. Mr. Vallade is a scholar of one of the most celebrated French fencing-masters, and we can add, from what we have seen of his science in the art, that he has been an apt scholar.

REGULAR SERVICE.—By reference to our advertising columns, it will be seen that Lieutenant Campbell's recruiting office, for the regular U. S. Army, is still open, and in this place, and a few more men are wanted. All men enlisting under him are first subject to a medical examination after which they are regularly sworn in to the service, furnished with uniforms and rations, and their pay commences. Besides this, they are sure of their bounty of \$100 at the expiration of the term, (three years,) and 100 acres of land. Those who contemplate entering the army should consider these things.

Now, reader, we are not going to tell you another long story about Dan Laughman catching and eating a pheasant, but about some fine eggs which he keeps in a small case on the eaves of his counter. They are finely flavored articles—just the kind that will make a man feel in good humor with his wife and family, and "the rest of mankind." Sample them, gentlemen, and you will find that they are the "Simon pure." Dan has also a large and elegant assortment of ready-made clothing, for winter wear, together with a full stock of gentlemen's furnishing goods, carpets, oil-cloths, &c.

ACCIDENT.—On Friday last, a young man named Richardson, from Millerstown, Perry county, who has for some time past been working in the Round House, in this place, had his right collar bone broken by being caught between two engine tanks which he was helping to shift. He was taken to his boarding house where the fracture was reduced by Dr. Gennill, and on Saturday he left for home, experiencing but little pain or inconvenience from his injury.

"CAN COTTON GROW IN THE NORTH?"—This was the subject of an exceedingly interesting lecture delivered by Mr. R. C. Kendall, of northern Maryland, at the Cooper Institute, New York, on Tuesday evening. The lecturer said, two-thirds of the free States of the North possess the requisite soil for the cultivation of cotton, equalling in quality the best Southern staple, at a clear profit to the producer of fifty per cent. above the average proceeds from the usual farm crops, and made many interesting statements respecting the raising of cotton in different parts of the free States of the North.

"CAN COTTON GROW IN THE NORTH?"—This was the subject of an exceedingly interesting lecture delivered by Mr. R. C. Kendall, of northern Maryland, at the Cooper Institute, New York, on Tuesday evening. The lecturer said, two-thirds of the free States of the North possess the requisite soil for the cultivation of cotton, equalling in quality the best Southern staple, at a clear profit to the producer of fifty per cent. above the average proceeds from the usual farm crops, and made many interesting statements respecting the raising of cotton in different parts of the free States of the North.

people. I noticed upon the walls of a house that had been occupied by one of these scoundrels, the name of "P. A. Keys, Esq., Palmetto Riflemen, 4th Reg. S. C. Vols., and connected with it was "This is my post, and in it I will remain like a man." How long the gentleman did so, you are by this time aware. But we left in disgust, bringing away one of their skillers and a stew-pan for our own private use, although I am inclined to believe they stole them from the fugitive inhabitants.

SPECIAL NOTICES.

To Consumptives. And those afflicted with DYSPERSIA, NERVOUS DEBILITY, HEART DISEASE, FEVER & AGUE, OR CONSTIPATION.

The undersigned, now seventy-five years old, has for years devoted his time to curing the Paralytic and the poor in New York of these dreadful complaints, which carry thousands to the grave. He has discovered a new and simple method of curing all who have applied to him for relief, and believing it to be a Christian's duty to relieve the afflicted, as well as to honor, he will send to you, free of charge, a copy of his Prescription, with full directions for preparing and using the same.

TO CONSUMPTIVES.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease consumption—is anxious to make known to his fellow sufferers the means of cure.

A CARD TO THE SUFFERING.

The Rev. Wm. Cogswell, while laboring as a missionary in Japan, cured of Consumption, who had been declared by a receipt obtained from a learned physician residing in the great city of Jeddo. This receipt has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and weakness consequent upon those disorders.

DIED.

In this place, on the 20th instant, JOSHUA HOOPER, aged 70 years.

In this place, on the 29th inst., WILLIAM T. B., son of Dr. John L. and Mary J. Jokes, aged 10 years.

At a regular meeting of Altoona Division No. 211, Sons of Temperance, held in their hall on October 10th, 1861, the following preamble and resolutions were unanimously adopted:

Resolved, That in the death of our brother, we feel that we have lost a friend, our consistent member, and our school-house.

Resolved, That our Charter and the emblems of the order be shrouded in mourning during the term.

Resolved, That the above preamble and resolutions be published in the Altoona Tribune, and a copy sent to the family of the deceased.

Resolved, That the above preamble and resolutions be published in the Altoona Tribune, and a copy sent to the family of the deceased.

Resolved, That the above preamble and resolutions be published in the Altoona Tribune, and a copy sent to the family of the deceased.

Resolved, That the above preamble and resolutions be published in the Altoona Tribune, and a copy sent to the family of the deceased.

Resolved, That the above preamble and resolutions be published in the Altoona Tribune, and a copy sent to the family of the deceased.

PROF. O. J. WOOD'S RESTORATIVE CORDIAL AND BLOOD RENOVATOR. It is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers. It also refreshes, relaxes and renews the blood in all its original purity, and thus renews the vitality of the system, and renders it impervious to disease.

There is a rumor in camp that we are to march to-morrow. No doubt it is correct, but which direction we go is very uncertain. We are now having three days rations cooked.

Yours, Very Respectfully, W. L. BLAIN.

THE COMBINATION OF THE TWO! MOTHERS TRY IT! And to you we appeal, to detect the illness or decline of your children, before it has become too late. Your own and husband's, for while the former form false security, and the latter are ignorant of the danger, you are not only ignorant of the danger, but you are also ignorant of the means of relief.

NEW FALL GOODS.

THOMAS W. EVANS & CO. Having attention to their LARGE, VARIED and HANDSOME STOCK OF NEW FALL GOODS, GENTS' FURNISHING GOODS, HATS, BOOTS, SHOES, &c.

RECRUITS WANTED FOR THE CAVALRY COMPANY.

CONFECTIONERY AND OYSTER SALOON.

THE SUBSCRIBER WOULD IN- FORM the citizens of Altoona and vicinity that his CONFECTIONERY, NUT and FRUIT STORE, is always supplied with the most select and desirable goods, and in great variety.

ON HAND AGAIN—WE HAVE.

FALL GOODS; and as our old stock was beautifully cleaned out, those who feel inclined to patronize us will have the advantage of selecting from an almost entire new stock.

PLUMBING AND GAS FITTING.

JAMES McLEWEE, having returned to Altoona, and opened a Plumbing & Gas Fitting Establishment on JULIA STREET, adjoining the Banking House of Wm. M. Lloyd & Co., respectfully solicits the patronage of the many friends he has had, while in the employ of W. M. O'Connell, Esq., some two years ago.

CAUTION—NOTICE IS HEREBY GIVEN.

to all persons who have purchased judgments on which are to be paid monthly, viz—\$20 per month—commencing on the 15th day of June, 1861, at a determined not to pay the same unless compelled by law, never having received value therefor.

WANTED. 100 JOUENYMEN ARE WANTED.

to make Army Shoes for the United States. Liberal wages given. Apply to JOHN SHOEMAKER, Altoona, Pa. Aug. 22, 1861.

Bilious Affections, LIVER COMPLAINT, SICK HEADACHE, DYSPEPSIA, &c. JAYNE'S SANATIVE PILLS, A MILD, PROMPT & EFFECTIVE REMEDY. THERE is scarcely any disease in which purgative medicines are so not required, as in Bilious Affections, Liver Complaint, Sick Headache, Dyspepsia, &c. These ailments, if not promptly relieved, will become chronic, and will often lead to the most dangerous diseases of the system.

LIVER COMPLAINT. This is a disease much talked about, but at the same time very imperfectly understood. The liver is the largest and most important of the organs of the human system. It is the seat of the bile, and its proper action is to secrete the bile, and to convey it to the gall bladder, where it is stored up until it is required for the digestion of food.

COUGHS, COLDS, CONSUMPTION, ASTHMA, BRONCHITIS, ETC.

JAYNE'S EXPECTORANT Has been for Thirty Years the STANDARD REMEDY. RECENT COUGHS AND COLDS, PLEURISY, BRONCHITIS, ETC. are quickly and effectually cured by this expectorant, coughing and expectoration.

ASTHMA always cures. It overcomes the spasmodic contraction of the air-vessels, and by producing free expectoration at once removes all difficulty of breathing.

WHOOPING COUGH is promptly relieved by this Expectorant. It shortens the duration of the disease, and greatly mitigates the sufferings of the patient.
