We have not been furnished with the vote for

election officers in West Ward. We learn, however,

that the following persons, on Citizens' Ticket.

were elected, viz:-Judge of Elections-Michael

Clabaugh; Inspectors-George W. Kessler, John

ALTOONA, February 22. Our Borough is full

of life to-night, a grand illumination and torchlight procession being in progress. Many of our

public buildings and stores are illuminated, and

flags are flying in all directions. The torchlight

procession is now marching through our principal

streets, and making a grand display of flags ban-

ners and transparencies. This evening a hundred gins were fired on the hill in East Ward.—Special

If the person who furnished the above intended

that it should be understood ironically, we give him

the credit of being a pretty fair reporter; but if he

intended otherwise, we would deem him an apt

scholar of Tom Pepper. We were about a little

on the evening in question, but could not observe

that our Borough was more "full of life" than

usual, and as for the "grand illumination and

torch-light procession" we think they were all in the eye and down the throat of the Inquirer's repor-

ter. We did not observe a single house or busi-

ness place illuminated, and the flags which reporter

observed "flying in all directions," was no doubt

carrying lamps used by the "Wide Awakes" or

"Minute Men." in the campaign of '60, and one

small transparency, Altogether it resembled a

"Salt River procession" much more than a dem-

onstration in honor of the recent achievements of

the arms of the Union, or a commemoration of the

birthdey of the "Father of his Country." The

last sentence in the above report is the only cor-

rect one. Those who had charge of "little Union"

fulfilled their part of the programme, and thus par-

tially redeemed the character of the proceedings

of the evening. May we never look upon the like

A. M. L. & R. R. A .- At a meeting of the

Association, on Friday Evening last, a resolution,

offered by T. P. Sargent, Esq., was passed, elected

ing the President, General Superintendent, and

Chief Engineer, of the Pennsylvania Rail Road

Company, honorary members of the Association.

members:-Prof. John Miller, Dr. J. M. Gemmill,

Minerals of the Association were then received, and the Board adjourned. St. Valentine's DAY .-- We are pleased to record that St. Valentine's Day has been passed this year without attracting attention, or the exchange of those unsightly carricatures intended to wound the feelings. The fact that all mail matter must now be pre-paid has undoubtedly contributed much to break down the detestable practice, alone engaged in by the low and vulgar. Those who send neat or expensive valentines to the fair sex, have no hesitancy in paying postage therefor, but the "sell" is all taken out of the vulgar ones by having to pre-pay postage. The day was always "more honored in the breach than the observance," and never more so than this year.

> "On to Nashville!"-This is the heading of a very important advertisement in another column, | keep on hand). which the ladies needn't read.

SUDDEN DEATHS .- Dr. Hall, in his Journal of Health, says that very few sudden deaths which are said to arise from disease of the heart do really arise from that cause. To ascertain the real origin of sudden deaths, the doctor says the experiment has been tried in Europe, and reported to a scien-ALTOOMA BOROUGH ELECTION.—The following tific Congress held at Strasburgh. Sixty-six cases for Borough Officers. It will be seen that the ough post mortem examination. In these cases sicket nominated at the Citizens' Meeting was only two were found who died from diseases of the elected, with one exception, that of Justice of the heart. Nine out of the sixty-six died from apo-Peace. The names of the Citizens' candidates are plexy, while there were forty-six cases of congesset in Roman, Union candidates in Italic, and Intion of the lungs; that is, the lungs were so full of dependents marked thus \*. Those marked thus † blood they could not work, there not being room enough for a sufficient quantity of air to enter to Chief Burgess. E. W., W. W., N. W., Total. support life. The doctor goes on to enumerate the causes that may produce congestion of the lungs. They are cold feet, tight shoes, tight clothing, costiveness, sitting still until chilled through after being warmed by labor or a rapid walk, going too suddenly from a close heated room into the cold air, especially after speaking, and sudden depressing news operating on the blood. These causes of sudden death being known, an avoidance of them may serve to lengthen our valuable lives, which would otherwise be lost under the very dict of a heart complaint. That disease is supposed to be incurable, and hence men may not take the pains they would to avoid sudden death if they

knew it lay in their power. SOMETHING FOR THE COUNTY COMMISSIONERS. -On Wednesday last, in the House, Mr. Pershing, from the Committee on Ways and Means, reported a resolution, which passed, that the Commissioners of each county be requested to inform their respective representatives of the number of families of volunteers, and the number of persons composing each family, who receive aid from the county, and the amount paid each family per week, and the aggregate amount paid by the county up to this date; and that the clerk be directed to have circulars printed, to be forwarded to the Commissioners of the respective counties, to be returned with the information required.

SHOCKING.—On Tuesday night last, a stock car, in which there were four horses, caught fire from the locomotive, while coming over the mountain, and burned two of the horses so shockingly that they had to be killed. The other two were also considerably burned, but it is thought they will get well. The sight of those most severely burned was indeed sickening to look upon. Their ears were almost burned off, their eyes burned out, and all the hair, and the skin in many places, burned off.

THREE LECTURES.—We are pleased to be able announce to our readers that an arrangement has been perfected with Dr. Bettleheim for the delivery of three lectures, on Japan, in the Presbyterian Church, in this place, on the evenings of the 6th, 10th and 13th of March. The proceeds of the lectures are for the benefit of the Sabbath School connected with the Church. The price of tickets will be 20 cents for each lecture, or 50 cts.

FATAL ACCIDENT .- J. Wesley Gilland, a brakenan on the Huntingdon and Broad Top coal trains, was instantly killed in Huntingdon on Wednesday last. He was standing upon the platform of the rear car, and while the train was backing up on the Pennsylvania siding, a sudden jar threw him off, and falling upon the track the car passed over him, completely severing his head HORSES AND CATTLE.

MITCHELL'S NEW MAP.—The agent has been in town for some days, selling Mitchell's new Nasions. True, there were quite a number of flags | tional Map. We can recommend it as being a thying throughout the day, but they had mostly good work and worthy of patronage. In fact we been hauled in before dark. Of the torch-light can hardly see how a man can get along without procession we hardly know how to speak. It was one of these new maps at this time. Every pera most magnificent failure, either as a reality or a son who can spare the money should have one.burlesque. It consisted of some 20 or 25 boys They are exceedingly beautiful as well as useful.

BOARDING .- Mrs. Confer desires us to say to the public that she does not intend to quit keeping boarders, as has been reported. On the contrary she will continue the business, and hopes to receive a liberal patronage. She is prepared to accommoseveral more boarders.

TROOPS GOING EAST.—Col. Lehman's 103rd Regiment, from Kittaning, and Col. Slaughdecker's 111th Regiment, from Eric, passed through this place, this week, on their way to Baltimore, there to take ship for some Southern port.

Andy Claubaugh has a few more gross of those excellent India-rubber coated Platina-pointed pens. Get a box of them and stop your growling Altoona Mechanics' Library and Reading Room

> A FEW WORDS TO CASH BUYERS .- The "Pan-Store" being the only one in this section of the State that sells exclusively for cash, and at cash. prices, the proprietor wishes to impress a few facts and figures upon the minds of cash buyers:

1st, That he has but one price on his goods, and that price only five per cent. advance on cost.

2d, That by doing a strictly cash business he can and does sell cheaper than any house which does a credit, because, 1st, parties buying at a credit store, even though they pay cash for their purchases, pay credit prices, for the reason that the proprietors of credit stores are afraid to sell to as is actually necessary for a few current expenses | cash customers at lower figures than they do to their credit customers, lest their credit customers should find it out and withdraw their patronage; and, because 2d, by selling for cash only he gets no bad accounts on his books and loses no money consequently he is not compelled to tax paying customers to make up his losses on non-paying

3d. For proof of these assertions he refers to the following figures:
All styles of Prints sold elsewhere at 16 cents

per yard, he sells at 12½ cts. per yard.

Domestic Ginghams only 12½ cts. per yd.—sold elsewhere at 16 cts.
Extra Heavy Brown Sheeting, 1 yard wide,

All kinds of Dry Goods sold at old prices. Extra Syrup Molasses, such as Lovering's and other standard brands, only 60 cts. per gallon—sold elsewhere at 75 cts. per gallon. Sugar-house

Molasses 85 cts. per gallon—sold elsewhere at 50 cts. per gallon. Fine Black Tea only 50 cents per lb.—sold elsewhere at \$1.00 per lb. Wedgewood's fine Iron-stone Tea Sets-46 eccs-only \$3.87—sold elsewhere at \$5.00 and pieces—only \$3.87—sold elsewhere at \$3.00 and \$5.50. Common Tea Sets only 20 cts.—sold

elsewhere at 25 and 30 cts.

Fine Calf-skin Shoes only \$1.00 per pair; heretofore sold at \$1.50. Black Lasting Gaiters warranted-only \$1.20 per pair; heretofore sold at \$1.75. Men's Kip Boots only \$2.50—sold elsewhere at \$4.00 and \$4.50.

Carpets from 121 cts. per yard up to all wool at 624 cts. per yard. Call and examine, and price for yourselves.

R. A. O. KERR.
N. B.—Agent for the celebrated Family Sewing Machines of Wheeler & Wilson (which we always ALTOONA, Feb. 13, 1862.-tf.

BILLIOUS AFFECTIONS

LIVER COMPLAINT. ICK HEADACHE, DYSPEPSIA, &C. &C. JAYNE'S SANATIVE PILLS.

MILD, PROMPT & REFECTIVE REMEDY. THERE is scarcely any disease in which purgative medicines are not required; and much sickness and sufficing might be prevented were their mige generally used. No person can feet well while a question habit of body prevails; besides, it soon generates partitle and often fatal discusses, which might be evolved by the timely and judicious use of proper Cathartic medicines. Convinced of the correctness of these views,

JAYNES SANATIVE PILLS Are recommended with the greatest confidence, experience having deimonstrated them to be far superior to any other in use, being more mild, prompt, and and uniform in their operation. While using them no particular care is required, and patients may eat and drink as usual. Age will not impair them, as to always readily dissolve in the stomach. In small doses they are alternitive and ganity laxative, but in large doses are actively cathartic, cleaning the whole alimentary canal from all putrid, irritating and fecal matters.

atters.
For DYSPEPSIA, these Pills are really an invaluable For DYSPEPSIA, these Pills are really an invaluable article, gradually changing the vitiated secretions of the Stohach and Liver, and producing healthy action in those important organs. In cases of long standing, a cure will be more speedily effected by using, in conjunction with the Pills, either JAYNE'S ALTERATIVE or TONIC VERMINICAL CONTROL OF TONIC CONTROL OF T Pills, either JAYNE'S ALTERATIVE or TONIC VELMIFUGE, according to directions.
For Liver Complaint, Gout, Jaundics, Affections of the
Bladder and Kidneys, Fevers, Nervousness, Discarse of the
Skin, Impurity of the Blood, Sik Headache, Costiveness,
Pilles, Female Discases, and Billions Affections, these Pills
have proved themselves eminently successful. All that is
saked for them is a fair trial.
As these Pills have proved themselves so eminetly successful in removing diseases of the Liver, Dyspepsia and
diseases of the Skin, I have thought it advisable to add the

following remarks on

LIVER COMPLAINT.

ILVER COMPLAINT.

This is a disease much talked ales, but at the sease
itme very imperfectly understood.

Properly speaking, every derangement of the Liver or
Billious system is a Liver Complaint, but the peculiar state
of the Liver to which I now have reference is a Chronic
Affection, and usually arises from a torpid or congestive
state of that important organ. Sometimes the bile is deficient in quantity, or vitiated in quality, or both these
states prevail at the same time. Sometimes the disease is
owing to obstruction in the duct or pipe which conveys
the bile from the liver into the bowels. This obstruction
is very frequent, and is usually caused by the pipe being
clogged up by thick tonactous silms or nuccus, and sometimes by gall-stones. The bile is then thrown back into
the gall-bladder, where it is absorbed by numerous small
vessels which convey it into the Thoracic Duct, a pipe
that runs up along the spine, and terminates in and empties itself into the large vein of the left shoulder, near its
juncti. I with the veins of the head and neck, and thenes
the bile of conveyed to the heart and becomes mixed with
the blood. The bile in this manner being diverted from
the blood is not bear of the food designed from
where it never was designed by nature, produces much evil,
and often disastroits effects upon the health of the individual—because, for want of healthy bile to mix with the
half-digested food, a complete separation never takes place
between the chyle (the milky liquor which forms the
blood) and those portions of the food designed by nature
to be ejected from the bowels—for the bile, when prevent,
purifies and separates the healthy from the unhealthy portions, in the same manner that isinglass or white of eggs
separate wine or cider from their impurities—and, consequently, the very foundain of life is vitiated and corrupted.
Costiveness prevails—or alternately costiveness or disrreas—wind in the stonasch and bowels and the patient is
often annoyed with worms, and frequently with the pli

duces pains in the back, and scalds and irritates all the urinary passages. Some days the passage of urine is prefuse, and natural in appearance; at other times it is scanty, and the desire to evacuate is frequent and urgent. Sometimes the color is nearly white and milky, but usually it is high colored, red or yellow, with a rank, offensive odor and sometimes it is bloody.

The tongue is natually more or less costed with a brown scurf. There is irritation, and frequently chronic inflammation of the inner surface of the stomach and bowels, with a tenderness on pressure, and a soreness along the lower edge of the ribs.

SOMETIMES THERE IS A LOATHING of food, and stother times there is a veracious appetite. There is often a

other times there is a voracious appetite. There is often a feeling of chilliness, and coldness of the feet and knees, and along the inside of the thighs—sour or bitter eructa-tions, and sometimes a spitting or throwing up of the food after exist.

AT TIMES THE FACE is flushed, with more or less fever, especially at night or in the afternoon. Sometimes violent colics, and wandering pains in various parts of the body. Frequently there is a short hacking cough, with a huskinest of the throat and sometimes a very yevere, dry, and hard cough, which is often mistaken for convulvation. This cough often commences in the inter part of the hight or early in the morning, and lasts for hours, frequently producing nanees and vomiting. If there he say expectoration, it is a tough, ropy, tenacious phiegm, which adheres to everything it touches. These are also frequently chronic pleurisy pains in various parts of the cheet, which shift about from one part of the breast or side to the other. Sometimes abscesses form in the liver, and pressing upward on the lungs, produce constriction and cough, and breaking, discharge their contents into the lungs, whence it must be ejected by expectoration, or the patient is destroyed. Some persons are troubled with sparmodic twitches in various parts of the body, sometimes faintness and sighifig, difficulty of broathing; reading, or talking producing weariness. THERE IS A BRATING SENSATION near the pit of the atomach, with palpitation and tuttering of the heart; profusion of dandruff and loss of the hair; indeed, to sum up in a few words—a yellow, dirty, greasy appearance of the skin, a yellow or green things of the white of the yess, an aching pain across the kidneys and hips, with irritation or heat in discharging the summer of the part of the townsch, with other dyspeptic symptoms, oillions evers, billions colics and billions distributed to the part of the storach, with other dyspeptic symptoms, oillions revers, billions colics and billions distributed to the same cause—a derauged state of the liver. Violent remedies always do more harm than good; liver the content of the liver. Violent remedies always do more harm than good; liver the content is the liver.

originate from the same cause—a deranged state of the liver. Violent remedies always do more harm than good; but, by a persevering use of these pills, all that can be desired will be aircomplished.

THE MOST SUCCESSIOL TREATMENT is to give the THE MOST BUCCESSFUL TREATMENT is to give the patient, every night on going to bed, from two four Sanative pills; or enough of them to insure one and not more than two evacuations from the bowels next moraing.—The dose of the Pills can be increased or diminished at pleasure, so as to produce the above effect, and their use should be continued until a cure is completed; and also, at the same time give the Alterative three times aday according to the directions, unless there is a want of appetite, with weakness and debility or symptoms of worms prevail, when, instead of the Alterative give a transponfiel of the Vermifuge, (mixed in a little coul water and sweetend to please the taste, about half an hour before each meal, until these symptoms are removed; and if there should be cough or oppression about the threat or chest, then give the expectorant as often and in such doses as may be found necessary to quiet the cough and make expectoration casy.

The Structive Palls, and all of DR. D. JAYNES Founder.

may be found uccessary to quiet the cough and make ex-pectoration casy.

The Sanative I'ills, and all of DR. D. JAYNE'S Family Medicines, are sold by C. JAGGARD and G. W. KESSLER, Altoona, and by Agents everywhere, from whom may also be obtained, gratis, Jayne's Medical Almanac and Oxida to Health, containing besides a valuable calendar, a Catalogue of Diseases, together with the symptoms by which they may be known, and the proper remedies for their

Coughs, Colds, CONSUMPTION, ASTHMA, BRONCHITIS, ETC.,

JAYNE'S EXPECTORANT Has been for Thirty Years the STANDARD REMEDY. .

RECENT COUGHS AND COLDS, PLEUETTC PAINS, ETC., are quickly and effectually cured by its 'staphoresta', soothing and expectorant power. ASTHMA it always cures. It overcomes the spannodie contraction of the air-vessels, and by producing the expectoration at once removes all difficulty of breathing.

BRONCHITIS readily yields to the Expectorant. It subduce the inflammation which extends through the wind-tule, produces free expectoration, and suppresses at once the cough and pain.

CONSUMPTION.—For this insidious and fatal disease no remedy on earth has ever been found so effectual. It subdues the inflammation, relieves the cough and pais, removes the difficulty of breathing, and produces an easy expectoration, whereby all irritating and obstructing matters are removed from the lungs.

WHOOPING COUGH is promptly relieved by this Expectorant. It shortests the duration of the ducase one half, and greatly mitters the shiftering of the pastent. In all PULMONARY COMPLAINTS, in CROUP, PLBU-RIST, etc., is will be found to be prempt, see, pleasant, and reliable, and may be especially commended to Error Trins, Tractures, and Suprems the the relief of host-sales, and fer-estedighbouring the degrains of the value. and for ununing the angular of the valet.
