SUIT AGAINST THE BOROUGH .- Some time last winter, Mrs. Jesse Grove, of this place, was severely injured by falling into a ditch in the sidewalk, in front of a vacant lot, near the Loudonsville line. Some time since Mr. Grove brought suit against the Borough for damages. The case was referred to arbitrators, who met at the Exchange Hotel on Saturday week, L. M. Stewart, Esq., appeared for plff., and S. M. Woodkok, Esq. for the Borough. In order that our readers may better understand the case, we will call to their remembrance the fact that there is a Borough Ordinance requiring lot owners to put down pavements in front of their lots, otherwise the pavements will be put down by the Borough and the provide so incurred will be entered up against the lots so paved. It was argued by the plff's counsel that this Ordinance compelled the Council to have pavements put down in all parts of the town, and

that the Borough was liable for all damages sustained by pedestrians by reason of the Ordinance but pause, my dear reader, for a moment, and think of the great amount of labor required (for not being enforced. The counsel for the Borough contended against such a construction being put upon the Ordinance, allegeled, and the rough roads over which he passed to ing that the Borough was not liable for damages all those families, and sell all those books visit because a lot owner had not obeyed the Ordinance, and collect all that money-some of which has and that the suit should have been brought against been collected even in these times of war and National difficulties. But we must not forget the exthe owner of the lot. We believe the arbitrators osure to all kinds of weather-rain and snow, awarded Mr. Grove \$50 damages. Terrible Tornado at Cairo.

CHICAGO, April 2. A special despatch to the Journal, from Cairo, states that the most terrific tornado that has visited this locality for several years, passed over Cairo from the south-west at three o'clock this morning. The tornando was accompanied with thunder, lightning and rain. A large number of transports nd steam tugs were torn from their moorings on the Ohio levee, and blown across the river. The slate roof of the Stebharles Hotel was orn off and completely demolished. Several rows of unoccupied barracks were leveled with the ground.

The Cairo and Columbus wharf-boat was blown across the river and now lies high and dry on the Kentucky shore. The steamer Illinois had both chimneys and the

upper cabin torn away, and in the falling of which four or five lives were lost. Several barges, which were used as store-houses, broke loose and floated down the river. Large piles of government lumber on the Ohio

levee were blown into the river. The wooden barracks at Bird's Point and Fort Holt were demol shed, but there was no loss of life.

Much anxiety was felt for the safety of the fleet at Island No. 10. Steamers were sent down this morning to ascertain what damage has been done. The steamer Philadelphia, with a lot of ice barges in tow, drifted down the river and sunk a mile below Bird's Point. Three men were drowned .-

Captain Carroll, of the steamer Sallie Wood, had his leg broken. So far as ascertained, five men were blown from the transports at the levee and drowned, and several had their legs and arms broken. The boat John Jones, used as a hospital boat at Mound

Next is an owl grasping a snake, followed by another alligator. Then comes a Union dragoon, mounted, and in the act of charging on the enemies of his country. By his side is a goat, rampant. A monkey, with his tail twisted around a limb, next appears, holding Jeff Davis by the hair of his head with one claw, and grasping the Union flag-staff with the other, thus showing that, dumb brute as he is, he knows enough to uphold the stars and stripes, and in the meanwhile punish a traitor.
