HURRAH FOR THE FOURTH OF JULY.—Fourth of Julys follow each other much more rapidly as we grow older. To the juveniles of the present day, we presume, it is as it was with us, when we were passing through that happy period, the Fourth of Julys are an age apart, and they would like to have at least two a year. On that day every youngster is privileged to do as he pleases, so he thinks, and in too many instances he does it.—Fire wheels, chasers, spit-devils, sky-rockets, torpedoes, bengal lights, squibs, etc., are his delight, and he can find them all at Fettinger's Oak Hall, where may also be found a large assortment of flags and other decorations for the coming anniversary. Fet. has just received a decidedly handsome stock of fancy notions, such as china mantel ornaments, large china dolls, children's toys, song books, novels, violins, photograph albums, a beautiful article, a large stock and great variety of walking canes, fishing tackle, and other articles "too tedious to enumerate." If you want to view the beautiful, call at Oak Hall.

VAN AMBURGH & Co.'s MENAGERIE.—To-morrow (Friday), this great collection of living beasts and birds—the only exhibition of the kind in the United States—will arrive in town with its enormous golden chariot, the great elephant Hannibal, and all the animated wonders which will be found described in the advertisement. The grand parade to be given in the forenoon will be a pageant of great splendor, and all will have an opportunity of witnessing it gratuitously. The colossal tent, which is described as being an exhibition of itself, will be open both afternoon and evening, and at each exhibition a variety of astonishing performances by highly trained animals will add to the attractiveness of the show. There is instruction, as well as amusement, to be derived from a visit to such an establishment, and hence, wherever it goes, it draws out immense crowds of the very best portion of the community.

BROWNLOW'S BOOK.—We have been reading Parson Brownlow's Book, and, although we had previously read a number of the articles copied therein, which were published in his paper, the Knoxville *Whig*, during last summer, yet we perused them again with interest and still more admired the courage and loyalty of the man while surrounded by such a cut-throat band as infested Knoxville. It will pay to read this book, as from it will be obtained a correct knowledge of the origin of the rebellion. The proof is given with the arguments. All who are able should purchase a copy of the Book, and learn what it was, and in some places is yet, to be a Union man. Few men would have borne up under the pressure as Brownlow has done. Nothing but his true courage saved his life. They were afraid to kill him or hang him. The Book can be had at Andy Clabaugh's store, in Brant Row.

COUNTERFEIT COIN.—The Baltimore *Sun* says: "A large quantity of half and quarter dollar coin are now in circulation in the city, and they are generally so well executed as to entirely escape the notice of those not familiar with metal. Some of them are said to be composed of a portion of silver, and ring almost as well as the genuine coin, though they are utterly worthless. They are heavily plated by aid of the galvanic battery, but are light, and more easily detected by scraping the surface than otherwise."

We publish this for the purpose of putting our citizens on their guard. Doubtless the same spurious coin will be circulated here, if it has not already been done.

RENT.—We want no better evidence of the rapid growth and prosperity of our town, than the fact that—although a great many new buildings are constantly being erected—almost any kind of a house commands an enormous rent. This being the case, why do not our capitalists get their eyes open—awake to their interests—and erect more buildings? Money invested in this way pays well—much better than putting it in Bank, or hoarding it up in old stockings. Then, get to work—erect substantial buildings, and improve your lots—thus, you will add to the beauty of the town, (which, by the way, won't hurt it a bit,) you will increase your own income, and you will contribute to the welfare and comfort of families less prosperous than you have been.

GAS & WATER STOCK.—By referring to a notice in another column it will be seen that the Board of Managers of the Altoona Gas & Water Company have declared a semi-annual dividend of *four per cent* on their capital stock, clear of State tax, payable on and after July 1st, 1862, at the office of the Treasurer, B. F. Rose. Gas & Water Stock is surely a safe and profitable investment.

SERIOUS ACCIDENT.—Quite a serious accident occurred on Tuesday afternoon, at a barn-raising at Mr. Wm. Kellerman's, near Hollidaysburg, by which two men were badly injured. 'Squire Brannan had his shoulder broken, and the other man is injured to such an extent that his life is despaired of.

☞ Andy Clabaugh still keeps on hand those excellent India-rubber-coated, platina-pointed pens, with stationery, periodicals, daily and weekly papers, and notions in profusion.

MEANNESS.—Meanness shows itself oftenest in little things, in scant measure, light weight, saving half-cents in making change, requesting a merchant to take a few cents short to save changing a bill, in being last at work and first at dinner, in watching the clock or the sun at the close of a day's work, and in similar trifles. Like drops of water, they are felt, and in time will wear out the endurance of the best customer and the patience of the most indulgent employer.

WRITING.—Why do some folks write such a miserable scroll that nobody can read it? If you ask them, they will say the fault is in the *pen*.—Now, reader, if that is your "fix" try one of Barnard's carrugated pens. They are "a new thing," and are so constructed that you may pick your teeth, play "mumleypeg," or do what you will with them, and still they will write. Fettinger's Oak Hall is the only place to get 'em.

ACCIDENT.—We have just learned that Mrs. Frew of Woodberry Township, Blair county, while crossing the canal below the three mile dam, was thrown from the board walk, and falling headlong into the lock was injured so badly that her life is despaired of. Her injuries are about the head, and it is feared her skull is fractured.—*Register*.

CORNER-STONE LAYING.—As noticed in a former issue of our paper, the corner-stone of the new German Lutheran Church, in the East Ward, will be laid on Sunday, the 29th instant, at 2 o'clock P. M. There will be preaching in English and German at 10 A. M. and at 2 P. M. The public are respectfully invited to attend.

MILL BURNED.—The flouring mill of the Messrs. Hawn, in the neighborhood of McConnellstown, was totally destroyed by fire on Wednesday night last, together with a large quantity of grain. The origin of the fire is unknown. We have not learned to what amount the building was insured, if any.—*Huntingdon Journal & American*.

DELICIOUS—Those fine large red strawberries brought to our office, this morning, by Mr. Samuel McGlathery, of Logan township. Printers are just the chaps who know how to appreciate such a treat. Who will be the next customer?

PIC-NIC.—A pic-nic for the benefit of the German Lutheran Church will take place in Beales' Woods, on the 4th of July. The time is drawing near, and all who wish to be "in the ring" would do well to secure tickets immediately.

NOT HARD TO TAKE.—That mead manufactured by Andy Clabaugh, and for sale at his store in "Brant Row." In fact it is about the best drink of the kind we have yet come across. Call for a bottle and try it.

☞ Charles D. Murray, Esq., editor of the *Democrat & Sentinel*, died at the residence of his mother in Ebensburg, Pa., on Friday evening last. He was about 30 years old.

Altoona Academy.

The attention of this community, and the public in general, is invited to this flourishing institution of learning, under its new organization.

The Academy is now under the supervision and control of an incorporated company of stockholders, who entrust its immediate management to a Board of Trustees, elected from their own number.

Professor John Miller, the Principal of the Academy, is long and well known as an accomplished and thorough scholar, an unsurpassed teacher and an excellent man, to whose instructions parents and guardians may safely entrust their children and wards, assured that both their intellectual and moral interests will be well and assiduously cared for.

All subscriptions are to be paid *monthly*, to the collector. Those subscribers who fail to comply with this regulation, will, after the second month's delinquency, be stricken from the books. The permanence and welfare of this institution demand that this rule shall not be relaxed.

No subscription will be received for a less term than one session of twenty-two weeks—except by special permit from the Board of Trustees, and such permit will not be granted for any term less than a half session of eleven weeks.

For further information, attention is directed to the following

By-Laws of the Altoona Academy.

ORDER OF BUSINESS.

Reading of the minutes.
Report of the Treasurer.
Reports of committees.
Special business.
Adjournment.

PRESIDENT.

The duties of the President of the Board of Trustees shall be: To preside at all the meetings of the Board; give the casting vote on all questions before the Board, when there is a tie-vote; sign all permits for scholars to be admitted into the Academy, after being examined and recommended by the Principal; sign all orders, passed by the Board, on the Treasurer, and signed by the Secretary.

SECRETARY.

The Secretary shall keep correct minutes of all the meetings of the Board, in a book provided for that purpose; sign all orders on the Treasurer; give notice to the members of the Board for all special meetings, when called upon by the President; give notice to the Stockholders for the annual meetings for the purpose of holding their elections, as provided for in the Charter; make out all bills for collection, monthly, from the subscribers, for amounts due, and keep a list of all the names of the subscribers in a book provided for that purpose.

TREASURER.

The Treasurer shall keep a correct account of all the money received and expended by the Board, for the use of the Academy; pay all orders drawn on him by the Board and signed by the President and Secretary, and make a monthly report to the Board, of the state of the finances, as also an annual report for the Stockholders, and deliver up all the money, books, papers and effects, to his successor in office.

VISITING AND EXAMINING COMMITTEE.

It shall be the duty of the Visiting and Examining Committee to visit the Academy at least once in each month, if possible, during each session, and be present when required by the Principal, to ascertain the attainments of applicants for admission into the Academy, and, if found qualified, recommend them so, if approved by the Principal. It shall also be their duty to make some remarks, at each visit, to the scholars for their encouragement, if desired, and agreeable to the Principal.

SCHOLARS.

No scholar shall be admitted, unless their attainments in learning are such as to warrant their admission into the Academy to study the branches there taught.

RULES.

There shall be a card placed in a conspicuous place in the Academy, and thereon printed, or written, the rules for the Government of the Academy; said rules to be suggested by the Principal, and adopted by the Board of Trustees.

STUDIES.

The branches to be taught shall be: All the English branches—Grammar, Geography (modern as well as ancient). Ancient and Modern History, the Natural Sciences, and the higher Mathematics—Latin, Greek, German and French; also, if required, Drawing and Music.

SUBSCRIBERS OR STOCKHOLDERS.

No subscription shall be taken for less time than one session, and the subscribers shall pay for each scholar at the rate of twenty-five dollars for the academic year, in monthly payments of two dollars and fifty cents for each scholar, to the Treasurer, who shall receipt for the same. All subscribers shall be entitled to one vote for each scholar, at the annual election of officers; provided, they shall have paid in their subscriptions to that time, and which shall appear on the Treasurer's book; provided also, that permission may be given by the Board for the reception of scholars into the Academy for a half term, which, however, shall not constitute such subscriber a stockholder.

SESSIONS.

There shall be two sessions in the academic year, of twenty-two weeks each, the commencement of which shall be fixed upon by the Board of Trustees.

OF THE BOARD OF TRUSTEES.

It shall be the duty of all the members of the Board of Trustees to be present at all public examinations of the Academy, which shall take place, and be made public, once in each session.—The Board shall also make known through their President, by written report, to the stockholders, at their annual meeting, for publication, the state of the finances, and other matters of interest to all concerned, for their satisfaction; and advance the interests of the Academy as far as possible. Their monthly meetings shall be on the ——— ——— in each and every month, and three members shall constitute a quorum. It shall also be the duty of the Board to appoint a Visiting and Examining Committee from among the members of the Board.

PRINCIPAL.

The Principal shall be required to report any and every scholar to the President and Secretary, who shall be unruly or beyond control, to be dealt with as they in their wisdom shall see fit, so as to maintain the good order and moral condition of the Academy. He shall also, when required by the Board, report the average attendance of the scholars, their advancement in their studies, and such other matters of interest as he may have to communicate.

BY-LAWS.

These By-laws may at any time be altered or amended by the Board, at a regular meeting, provided, notice is given, one month previous of such intention.

TO THE PUBLIC!—An experience of six months has fully convinced me that the CASH SYSTEM. is *the best*, both for merchant and consumer. It enables the merchant to sell at ONE-HALF LESS PROFIT and make more clear money, with less trouble than he can by selling on credit; and the reason is obvious—he gets the money down for everything he wants to sell, and has the use of it immediately.—The consumer also saves by buying for cash, because he gets his merchandise at from 25 to 50 per cent. below what he would have to pay if he bought on credit, or even if he bought at a store which sells on credit. The credit business always loses a certain per centage, which must be made up from cash or prompt monthly payers.

I am determined to do nothing but a CASH BUSINESS, and have but *ONE PRICE* for my Goods.

I have just returned from the cities of New York and Philadelphia with the *largest and cheapest assortment of Goods ever brought to Altoona*. I would first invite attention to my complete selection of DRY GOODS, such as Morianta Silks, Black Silks, Ducals, Reps, Foulards, Schallies, Delaines, Poplins, Deboges, Ginghams, Cambrics, Prints, Brown and Bleached Muslins, Tickings, Checks, Linens, Table Napkins, Table Diapers, Gloves, Hosiery. Also, a fine stock of Cassimeres, Cottonades, Jeans, &c., for men and boys.

A splendid assortment of Boots and Shoes, for ladies, misses, men and boys.

A great variety of CARPETS, ranging in price from 12½ cents upward. Oil-Cloths of different patterns and prices. Window-Shades, of all styles.

Children's WAGONS, from $3.25 upwards. Spring Wagons only $4.25.

Wall Paper and Bordering—a large and entirely new selection, embracing the latest and most beautiful styles of Paper for Halls, Parlors, Offices, Bed-Rooms, &c., ranging in price from 5 cents per bolt, upwards.

GROCERIES.—My stock of Groceries is unsurpassed, being entirely fresh. Best Syrup Molasses, only 60 cents per gallon; 2d class only 50 cents. Sugars at 9, 10, 11 and 11½ cents per lb. Coffee, Tea, Spices, Salt, Fish, Soap, Candles, and everything in that line, at CASH PRICES.

In the QUEENSWARE line, I have the largest stock in town: Wedgewood's celebrated Iron-Stone Tea Sets, forty-six pieces, only $3.87. China Sets complete, only $12.00. Chamber Sets, from $1.25 upward.

In the way of GLASSWARE, I have everything mentionable, such as Fruit Stands, Cake Stands, Jelly Dishes, Preserve Jars, Goblets, Tumblers, &c., &c.

I would respectfully invite the public to call and examine my stock before purchasing elsewhere, as I feel confident that I can convince them that it is cheaper to buy *for cash* than *on credit*; and also, that my stock is worth an examination.
