PITTSBURGH, December 31, 1861. DR. G. H. KEYSER: -- I take pleasure in making this voluntary statement in favor of a medicine prepared by you called "LINDSEY'S BLOOD SEARCHER." I had suffered for five years with Scrofula which broke out on my head and forehead so as to disfigure me very much, and took off the hair when the disease made its appearance; it also broke out n my arm above and below the elbow, and eat into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bone came out. I was very week and low spirited, and had given up all hope of ever getting well, as I had tried sev eral skillful physicians and they did me no good. In September last, 1861, I was induced to try "Lindsey's Im-PROVED BLOOD SEARCHER." I must confess I had no faith patent medicines, but after I had used three bottles o Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher also cured the rhenmatism. I am now a well man, over forty years of age, and I feel as suple and young as I did when was twenty, and have increased in weight twenty pounds I would also state that the disease in my foreheard was so QUEENSWARE, bad that when I stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession, and also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser himself. One bottle of his did me more good than two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all No. 4 Pine street, and am employed at Collville & Ander

DANIEL A. BOYD.

A BLIND MAN CURED I live in Sligo, at Clinton Mill, and have been nearly blind in both eyes for nearly four years. I called on Dr. Keyser about three months ago and asked him to give me directions to the Institution for the Blind in Philadelphia He told me that I need not go to Philadelphia to get well as he had medicine that would cure me, as he said my disease was in the blood. I was treated for it two or thre times in the hospital in this city, and was relieved, but my disease always returned after a month or two after I came out of the hospital. I found my disease was re turning and I called, by the advice of a good friend o mine, on Dr. Keyser, who has rectored my sight, and my eyes are nearly as well as ever. The Doctor gave me Lindsey's Blood Searcher" and a wash.

A BAD SORE LEG CURED. PITETBURGH, September 18, 1861 .- I hereby certify the have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do any thing for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street, who only attended me about two weeks, and gave me but two bottles of medicine, and I am now entirely well and have contined so for six months. A LETTER FROM ENGLAND .- Mr. John Pope, of Blaens von, near Montypool, Monmontshire, England, writes a Sir:-An old woman in this place has wished me to write you respecting Lindser's Blood Searcher, from which she found great benefit, and wishes to have a little more. ous nature for the last six or seven years. Her daughter who is living in America, obtained it for her, and sent her Price \$1,00 Per Bottle, or Six for \$5, eighteen bottles. She is now quite out of it, and I have written to her daughter twice and have received no answer; of course she is anxious to get more, to get completely cured. I told her I would write to you for the agency in this country, and she felt very much pleased to hear me say so. I now beg to ask you on what terms you will supply me; you will please bear in mind the carriage, and supply me as cheap as possible. The carriage on the one dozen bottles was £1 8s 6d. The medicine was a present from her daughter. I would like to have the Blood Searcher in a jar or small cask, if you can send it in that way, or in pint or quart bottles. I will send a bill through bank or registered letter, which ever will be most convenient to you, if you will send me carrier's receipt of the parcel as security. I would send you a stamp to an swer this, but as it is uncertain of this reaching you, on account of the country being in six and sevens, a term which is commonly used, you will be kind enough to
