January 5th, 1863. MLSSRS. EDITORS:-News of importance is now and has been very scarce, with one or two excepdate of my last.

After having built comfortable log, mud-plastered huts in Louden Valley, and made ready to stay, as we thought, for the Winter, we were surprised, on the evening of the 10th ult., to receive hundred. orders to be ready to march on the following morning and take with us five days' rations. Rather refuctantly, but always willing, we prepared, and, by 8 o'clock on the morning of the 11th, we were Plums, in cans. The next place of note on our route was Leesburg, which place we passed through without even the town, we halted, unfurled our colors, struck up a "good old tune," and went through "on a rush," not looking to see, nor caring whether the citizens smiled or scowled. It is a town of good size, but open, makes a beautiful substancial, and spacious table one quarter water rent of fire plugs, amounting considerably behind the times in style of architecture and other improvements. One thing, however, I observed, that there were any quantity of homely women and very ugly wenches in it. PITTEBURGH, December 31, 1861. DR. G. H. KEYSER :- I take pleasure in making this vol antary statement in favor of a medicine prepared by you called "LINDSEY'S BLOOD SEARCHER." I had suffered for five years with Scrofula which broke out on my head and orehend so as to disfigure me very much, and took off the hair when the disease made its appearance; it also broke out on my arm above and below the elbow, and eat into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bon ame out. I was very week and low spirited, and had given up all hope of ever getting well, as I had tried sevral skillful physicians and they did me no good. In Sep ember fast, 1861: I was induced to try "Lindsey's Im PROVED BLOOD SEARCHER." I must confess I had no faith patent medicines, but after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the theumatism very bad in my arms and legs. The Blood Scarcher also cured the rheumatism. I am now a well man, over forty years of age, and I feel as suple and young as I did when was twenty, and have increased in weight twenty pounds. I would also state that the disease in my foreheard was so bad that when I stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession and also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser himselt. One bottle of his did me more good than two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various dis eases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city No. 4 Pine street, and am employed at Collville & Anderson's Union Marble Works, 54 Wayne street

I was treated for it two or three times in the hospital in this city, and was relieved, bu my disease always returned after a month or two after l came out of the hospital. I found my disease was returning and I called, by the advice of a good friend of nine, on Dr. Keyser, who has restored my sight, and my eyes are nearly as well as ever. The Doctor gave me Lindsey's Blood Searcher" and a wash.

A BAD SORE LEG CURED.

PITETBURGH, September 18, 1861,-I hereby certify that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street, who only attended me about two weeks, and gave me but two bottles of medicine, and I am now entirely well and have contined so for six months. I am employed at the Eagle Engine House on Fourth street, where any one can see me.

A LETTER FROM ENGLAND .- Mr. John Pope, of Blaenavon, near Montypool, Monmoutshire, England, writes as

Sir:-An old woman in this place has wished me to write you respecting LINDSEY'S BLOOD SEARCHER, from which she found great benefit, and wishes to have a little nore. She has been suffering from a disease of a cancer us nature for the last six or seven years. Her daughter who is living in America, obtained it for her, and sent her eighteen buttles. She is now quite out of it, and I have written to her daughter twice and have received no an wer; of course she is anxious to get more, to get com pletely cured. I told her I would write to you for the agency in this country, and she felt very much pleased to iear me say so. I now beg to ask you on what terms you will supply me; you will please bear in mind the car riage, and supply me as cheap as possible. The carriage n the one dozen bottles was £1 Ss fd. The medicine was present from her daughter. I would like to have the Blood Searcher in a jar or small cask, if you can send it n that way, or in plut or quart bottles. I will send a bill brough bank or registered letter, which ever will be most onvenient to you, if you will send me carrier's receipt of the parcel as security. I would send you a stamp to an swer this, but as it is uncertain of this reaching you, on account of the country being in six and sevens, a term which is commonly used, you will be kind enough to charge me with the postage.
