know the country, while white troops do not; and moreover, they have peculiarities of temperament, position and motive which belong to them alone. Instead of leaving their homes and families to fight, they are fighting for their homes and families, and they show the resolutions and the sagacity which a personal purpose gives. It would have been madness to attempt, with the bravest white troops, what I have successfully accomplished with black ones. Everything, even to the piloting of the yessel and the selection of the proper points for cannonading, was done by my own soldiers; indeed the real conductor of the whole expedition of Co. A HEROINE .- A correspondent of the Register, writing from Broadtop City, Huntingdon county, says he had the pleasure of meeting, at a place called Dudley, a woman named Mary Owens, who had just returned from the army, in full uniform. This remarkable woman accompanied her husband to the army, and fought by his side until he fell. She was in the service eighteen months, and took part in three battles, and was wounded twice: first in the face above the right eye, and then in

her arm, which required her to be taken to the Hospital, where she confessed the deception. She had enlisted in Danville, Montour County, Pa., under the name of "John Evans," and gives as her reason for this romantic undertaking, the fact that her father was uncompromising i hostility to her marriage with Mr. Owens, threateming violence in case she disobeyed his comdured all the hardships of the camp, the dangers

A MARRIAGE BY TELEGRAPH.—The Albany Standard of Wednesday publishes the following :- A marriage took place yesterday aftersoldier on duty near Washington. The chaplain of the bridegroom's regiment telegraphed the material question of the marriage ceremony to the lady viz: 'Do you take -- to be your husband? irecting her to answer, 'I do;' and to authorize him to propose a like queston to the gentleman. In two hours after the lady received the chaplain's first message she received a second announcing that the solder and she were man and wife. This telegram'is her marriage certificate. It is under stood that the parents of this lady were opposed to the union, and that this method was taken to ontwit them. The time for the ceremony had been fixed by correspondence beforehand, and the lady was in waiting when the first message was received

The very motto implied an opposition to estabstormy and disagreeable a day as we have had for lished authority and a determination to remain a long time. A SINGULAR STORY .- A wonderful instance of rescue from drowning occurred recently at Athens. The facts as we have gathered are these: A boy about eight years old fell into a hole in the chanel at Athens, a short distance from the new ice house, which was building. He was seen to go down, and the alarm was given. While some ran towards the spot others had the presence of mind to run in the opposite direction to the tool ouse, three hundred feet off, for an ice chisel.-

To add to his distress, the prisoners with whom he had been conversing, enjoying the joke, stated that he was one of their officers, and the result was expostulations which availed him nothing, and our dignified editor was marched into town square amid the curses of little boys, and jeers of nigger fellows.

AN INCIDENT OF THE BATTLE OF PRAIRIE GROVE.—A most thrilling incident of the late terrible fight at Prairie Grove is thus related by Lieut. Will. S. Brooks, of the Nineteenth Iowa Volunteers. Writing to a friend in this city he

says :--

The fight was most determined, and the slaughter immense. I was struck at 4 o'clock P. M., while we were being driven back from a too far advanced position. We were outflanked and had to run 300 yards over open ground and exposed to a murderous fire from the right, and centre, or rear; here we lost Lieut.-Col. Mc-Farland. We lost one-half our regiment, and in Company D, more than half our effective men. I was hit at the commencement of the retreat, and was near being captured, as I could not run.-When more than half way to our battery the color-sergeant fell, and I received the colors .-The pursuing Rebel Colonel shouted," --- them, take their colors!" This enraged me, and I halloowed back, "You can't do it." The cowardly rascals did not dare to close on me, but let go a volley which left nine holes in the flag and eighteen in my cloths? ## LOCAL ITEMS. MARKET House.-We had well nigh des

paired of ever arousing our citizens to a considera ion of their own interests, by urging them move in favor of a Market House. We do no ask any credit for what we have said in favor the project nor do we claim to have influence those who are now taking the lead in the matter of erecting a market house, but we are glad to b able to say that we are about to have such a build ing. The borough not being able to erect a suita hie building, a number of our citizens have agree o form a company for the purpose, and have opened books, at the store of Daniel Laughman for the subscription of stock. The shares ar placed at \$20 each—low enough to allow almost every man in the place to take one or more share in the company, and have an interest in th management of its affairs. Even if the stoc should not pay a per centage, the subscribers wi save the amount in the purchase of marketing and the convenience in getting it. But there no doubt about the stock in such an enterpris paving handsomely. It pays in all other place and must pay in Altoona.

It is proposed, also, to put a Town Hall over th Market House. This is another improvement which we greatly need. It is known far and wie that Altoona has no Town Hall, consequent meritorious exhibitions and concert companie who give entertainments only to audiences of from 500 to 1000 people, do no stop with us. Let th Hall be built for the comfortable accommodation at least 1000 people, and give us credit abroa and make it a paying concern to the stock holder Let all those who wish to take stock in this ente brise, call at Laughman's store immediately. order that the company may be formed, the cha er secured, and the building put up as soon as the pring opens.
