We shall not go into particulars in this notice, suffice it to say that everybody was pleased, that is all who could get into the Church. Before the hour for opening the exercises every available seat and standing position was occupied, and many went away unable to get even a sight of the stage. Over six hundred spectators were crowded into the Church. So anxious were many to witness the exercises, and so well pleased were those who did witness them that we heard the question asked many times "will the exhibition be repeated?" when will there be another?" &c. IMPORTANT DECISION.—The Ebenshurg Alleghanian publishes the following inportant decision rendered by Judge Taylor in a case brought before Pleas. It is admitted that the defendant is in the army of the United States, in the 3 years' volunteer service. We are reminded that this Act has been held in one of the judicial districts of this State, upon the authority and reasoning of a class of decisions which deny to the Legislature the right or power to deprive a plantiff of the fruits of his judgement, or to doits work to perfection. It can fell, hem, blad, gather to grant a defendant a stay of execution for an intuck, quilt, and has capacity for a great variety of Orns definent period. The want of power is not made mental work. It is an enlistment for three years, with the chance of an earlier discharge upon a contingency. The obligation is to serve he definite period of 3 years if the exigencies of the service required. We do not, therefore, think t throwing more than a doubt in favor of men who have left their homes and business and are periling their lives for the cause of their country to ook to the obligation in construing and applyng the statute, so as to give them the benefit the exemption which it provides. This view of he point, moreover, avoids the incongruity of idopting a different rule for classes of menthose engaged in the nine months and those engaged in the three years service-standing in equal merit. It recognizes, also, the very strong merit of those who may claim the benefit of this patriotic and beneficent enactment-the motive which prompted to the passage of the original Act, and which is evinced by the Legislature in the passage of the kindred supplementary Act of 11th April. 1862. Every one who may justly claim the protection of this law has merit in claim which should not, we think, be disregarded upon a mere doubt or scrupel as to the constituional power of the Legislature to grant him such protection. The rule is, therefore, made absolute.

DR. G. H. KRYSER :- I take pleasure in making this vol intary statement in favor of a medicine prepared by you called "Lindser's Blood SEARCHER." I had suffered for ive years with Scrofula which broke out on my head an orehead so as to disfigure me very much, and took off the hair when the disease made its appearance; it also broke out on my arm above and below the elbow, and eat into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of boncame out. I was very week and low spirited, and had given up all hope of ever getting well, as I had tried several skillful physicians and they did me no good. In Sepember last, 1861, I was induced to try "LINDSEY'S IN PROVED BLOOD SEARCHER." I must confess I had no faith in patent medicines, but after I had used three bottles of flood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my hea and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher als cured the rheumatism. I am now a well man, over forty vests of age, and I feel as suple and young as I did when I was twenty, and have increased in weight twenty pounds would also state that the disease in my foreheard was so ad that when I stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get vell. It does, not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possessio and also at Dr. Keyser's 140 Wood street. I would also tate that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although i helped me some. I did not recover fast until I got the kind made by Dr. Keyser himself. One bottle of his did me nore good than two of the old. I believe it is a great deal stronger and better. I have recommended the Blood Searcher to a great many of my friends for various dis- Old on Young, Single, Married on Contemplating Mareases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city No. 4 Pine street, and am employed at Collville & Ander son's Union Marble Works, 54 Wayne street.

I live in Sligo, at Clinton Mill and have been nearly blind in both eyes for nearly four years. I called on Dr.

as he had medicine that would cure me, as he said my disase was in the blood. I was treated for it two or three imes in the hospital in this city, and was relieved, but my disease always returned after a month or two after I came out of the hospital. I found my disease was returning and I called, by the advice of a good friend of nine, on Dr. Keyser, who has restored my sight, and my
