BT MRS. C. M. SAWYES. Davis down the sparkling cup! its gleam. Like the corpse-light o'er the tomb. Is but a false, deceitful beam. To lure thee mward to thy doom

The sparkling gleam will fade away. And round thy lost, bewildered feet, 'Mid darkness, terror, and dismay. The ghastly shapes of death will meet Dash down the cun! a mison sleens

In every drop thy lips would drain. To make thy life-blood seethe and leap. A flery flood, through every vein-A flery flood that still efface. By slow degrees thy god like mind 'Till 'mid its ashes, n at a trace

Of reason shall be left behind. Dash down the cup! a serpent starts. Beneath the flowers which crown its brim. Whose deadly fangs will strike thy heart.

And make thy flashing eye grow dim; Before whose hot and maddening breath-More fatal than the simoon blast-Thy manhood, in unhonored death, Will sink a worthloss wreck at last

Dash down the cup! thy father stands. And pleads in accents deep and low, Thine anguished mother clasps her hands With onivering lips and wordless wos.

They who have borne thee on their breast And shielded thee through many a year; Oh, would'st thou make their bosoms blest Their life a joy-their pleading hear! Dash down the cup! thy young wife kneels,

Her eves, whose drops have o ten gushed Are turned, with mute and soft appeal. Upon thy babe, in slumber hushed Did-t thou not woo her in thy youth With many a fond and solemn vow ? Oh, turn again, and all her truth And love shall be cowarded now!

Though darkened o'er with many a stain. Thy manhood's light, so feeble now, Shall, bright and steady, burn again. Thy strength shall like the fabled bird. From its own ashes upward spring; And fountains in thy breast be stirred. Whose waters living joys shall bring!

The Silver Cup. The palace of the Duke de Montre was decorated a banquet. A thousand wax lights burned in its stately rooms, making them as bright as midday. Along the walls glowed the priceless tapestry of the Gobelines, and beneath the foot lay the The fer on the rump foast, outside of the fabrics of Persia. Rare vases filled with flowers stood on the marble stands, and their breath went up like incense before the life-like pictures shining in their golden frames above. In the great hall stood immense tables, covered with delicacies from all lands and climes. Upon the sideboard glittered massive plate, and the rich glass of Murano. Music, now low and soft, now bold and high, floated in through the open casement, and was answered at intervals by tones of magic sweetness. All was ready. The noble and gifted poured into the gorgeous saloons. Silks rustled, plumes waved, and jeweled embroideries flashed from Genoa velvets. Courtly congratulations fell from every lip, for the Duke de Montre had made a new step in the path to power. Wit sparkled, the laugh went round, and his guests pledged him in wine that a hundred years and mellowed. Proudly

PITTSBURGH, December 31, 1861. DR, G. H. KRYSER:—I take pleasure in making this vol intery statement in favor of a medicine prepared by you alled "LINDSRY'S BLOOD SEARCHER." I had suffered for ive years with Scrofula which broke out on my head anorehead so as to disfigure me very much, and took off the hair when the disease made it appearance; it also broke on: on my arm above and below the elbow, and eat inte th skiu and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of boncame out. I was very week and low spirited, and has given up all hope of ever getting well, as I had tried seeral skillful physicians and they did me no good. In Sep. tember last, 1801. I was induced to try "Lindsey's Im PROVED BLOOD SEARCHER." I must confess I had no faiti in patent medicines, but after 1 had used three bottles of Blood Searcher, the ulcers on my head and arm began t heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining fron the sores. I will also state that I had the rheumatisn very bad in my arms and legs. The Blood Searcher als cured the rheumatism. I am now a well man, over forty years of age, and I feel as suple and young as I did when I was twenty, and have increased in weight twenty pounds I would also state that the disease in my forelicard was a and that when I stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it wa before I commenced taking the medicine. You can see the photograph, one of which is now in my possession and also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Searcher which was made be fore Dr. Keyser commenced making it. Although i helped me some. I did not recover fast until I got the kind made by Dr. Keyşer himself. One bottle of his did in more good than two of the old. I believe it is a great deal stronger and better. I have recommended the Bloo Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am auxious that al who are afflicted as I was may be cured. I live in this city No. 4 Pine street, and am employed at Collyille & Ander sou's Union Marbie Works, 54 Wayne street.

I called on In Keyser ab ut three months ago and saked him to give mo directions to the Institution for the Blind in Philadelphia ile told me that I n ed not go to Philadelphia to get well as he had medicine that would cure me, as he said my diease was in the blood. I was treated for it two or three times in the hospital in this city, and was relieved, but my disease always returned after a month or two after came out of the hospital. I found my disease was re turning and I called, by the advice of a good friend o mine, on Dr. Keyser, who has restored my sight, and my eyes are nearly as well as ever. The Ductor gave me
