FAST DAY.—The proclamation of the President xiting apart Thursday last a day of fasting, humiliation and prayer, was more generally observed han usual by our citizens. All the stores and stops but one, and a few drinking saloons, were losed. Religious service in the Baptist Church 119 o'clock in the morning, was well attended, and a discourse suited to the occasion delivered by key. A. H. Sembower. We did not hear it, conequently cannot speak of its merits. At half-past 10 o'clock the Methodist Church was crowded to acar a discourse by Rev. W. R. Mills. His text well chosen and his deductions therefrom met with a hearty response from every true patriot.-The duty of every man to his country, especially a such a crisis as we are now passing through, was clearly unfolded by quotations from scripture and unanswerable arguments. Politicians, editors mi meachers came in for their share of excoria-

O TOUCH IT NOT!

O touch it not! a thousand stings Will pierce thy deathless soul! O touch it not! it misery brings, Though sparkling in the bowl!

Ten thousand youths of promise sure Have sunk beneath its tide: Then touch it not i-their fate beware. Lest thou should'st downward glide.

O touch it not! a syren foe In flowery ambush lies; O touch it not! it lures to woe, That never, mover dies. Could all the hopes that once did bloom Till murdered by the cup,

Speak from their cold and gloomy tombs, They'd say, " O GIVE IT UP! O touch it not! thy hopes are bright, The future's robed in flowers! If touch thou dost, twill be all night.

And cursed be thy hours! While youth, with its enchanting powers, Invites within its realm; O touch it not! s death-storm lowers— Twill suce thy soul o'erwhelm.

Then touch it not! the Godlike mien Was formed for mobler ends; O touch it not! no joy thoul't find-To wee its dark path tends. Then dash saids the pain-fraught bowl. Spura all its syren wilce-Then peace and joy shall cheer thy soul,

With aramanthine smiles.

I was very week and low spirited, and had given up all hope of ever getting well, as I had tried sevral skillful physiciaus and they did me no good. In September last, 1861. I was induced to try "LINDSET'S IN-PROVED BLOOD SEARCHER." I must confess I had no faith n patent medicines, but after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well except the scars remaining from the sores. I will also state that I had the rheumatism very had in my arms and legs. The Blood Searcher also cured the rheumatism. I am now a well man, over forty years of age, and I feel as suple and young as I did when was twenty, and have increased in weight twenty pounds I would also state that the disease in my foreheard was so bad that when I stooped and lifted anything heavy, the blood run out of the sore. Dr. Keyser had a photograph taken or me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photograph, one of which is now in my possession and also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser himself. One bottle of his did m more good than two of the old. I believe it is a great deal FEMALES! FEMALES! atronger and better. I have recommended the Bloo Searcher to a great many of my friends for various diseases, and I believe it has helped the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city. No. 4 Pine street, and am employed at Coliville & Andel son's Union Marble Works, 54 Wayne street. DANIEL A. BOYD.

## A BLIND MAN CURED.

I live in Sligo, at Clinton Mill and have been nearly lind in both eyes for nearly four years. I called on Dr. Keyser ab ut three months ago and asked him to give m directions to the Institution for the Blind in Pall He told me that I need not go to Philadelphia to get well as he had medicine that would cure me, as he said my dis case was in the blood. I was treated for it two or three times in the hospital in this city, and was relieved, but my disease always returned after a month, or two after I ame out of the hospital. I found my disease was returning and I called, by the advice of a good friend o mine, on Dr. Keyser, who has restored my sight, and my eyes are nearly as well as ever. The Ductor gave me Lindsey's Blood Searcher" and a wash.
