The very common vice of blasphemy, is not only sinful, but it is extremely foolish. Who ever believed a declaration any the more because it was accompanied by a common oath? And if man thinks but little of himself how much less must be regard his own word.

But blasphemy is not only foolish but insulting to society at large. The puffing of tobacco smoke into one's face at every step-the fumes of strychnine whiskey meeting one at every corner, are nuisances almost too intolerable to be borne; vet we may school ourselves to submit. But how shall a gentleman or a lady—I use these terms in their true sense-ever be schooled to stand unmoved, unshocked, when they hear the name of that blessed One, who gave us being, and "from whom comes every good and perfect gift," falling from lips that speak it not in reverence.

Should any individual use the name of our Chief Magistrate, on street corners and in the high-way, in half as insulting a manner as the name of God is used, there would be demands made for ropes and lynch law. A thousand patriotic breasts would swell at the insult, and a thousand arms would be ready to avenge it, and justly too, for he who is at the nation's head ought to be held in esteem by those enjoying the benefits of the government which he administers,

CASE OF DANIEL A. BOYD.

PITTERUROH, December 31, 1861. Dr. G. H. KEYSER :-- I take pleasure in making this volintary statement in favor of a medicine prepared by you alled "LINDSEY'S BLOOD SEARCHER." I had suffered for ive years with Scrofula which broke out on my head and orehead so as to disfigure me very much, and took off the air when the disease made its appearance; it also broke out | Dryness of the Skin. on my arm above and below the elbow, and eat into the skin and flesh so as to expose a fearful sore. The disease on my head went so far that several small pieces of bon came out. I was very week and low spirited, and had given up all hope of ever getting well, as I had tried several skiliful physicians and they did me no good. In September last, 1861. I was induced to try "Lindszy's In PROVED BLOOD SEARCHER." I must confess I had no faith n patent medicines, but after I had used three bottles o Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my her and arm are entirely well except the scars remaining from the sures. I will also state that I had the rheumatism very bad in my arms and legs. The Blood Searcher also cured the rhennatism. I am now a well man, over forty years of age, and I feel as suple and young as I did when was twenty, and have increased in weight twenty pounds would also state that the disease in my foreheard was so and that when stooped and lifted anything heavy, th blood run out of the sore. Dr. Kevser had a photograph taken or me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can a the photograph, one of which is now in my possession and also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover fast until I got the kind made by Dr. Keyser himself. One bottle of his did me more good than two of the old. I believe it is a great deal FEMALES! FEMALES! stronger and better. I have recommended the Blood Searcher to a great many of my friends for various diseases, and I believe it has beloed the whole of them. You may publish this if you wish, and I am anxious that all who are afflicted as I was may be cured. I live in this city. I was treated for it two or three times in the hospital in this city, and was relieved, but my disease always returned after a month or two after came out of the hospital. I found my disease was returning and I called, by the advice of a good friend o mine, on Dr. Keyser, who has restored my sight, and my eves are nearly as well as ever. The Doctor gave me
