**NOTICE.**—All persons who have subscribed to the fund for the relief of the needy families of the 90 days men, from this place, are hereby requested to pay to Thomas L. Caldwell, at Lloyd & Co's Banking House, one-third of their subscription as soon as possible. As some of the men have returned and the balance is expected this week, it is probable that if the one-third of all subscribers is promptly paid in, that no more will be required.

JOHNSTON MOORE,  
CLARK J. MANN,  
DANIEL LAUGHMAN.

Altoona, Aug. 19th 1883.

We may add to the above that we earnestly hope, for the credit of Altoona, that there will be no delay in this matter, and no attempts to evade the responsibility incurred at the time the soldiers were being mustered in. They left to perform, in good faith, whatever duty might be assigned them, having the assurance of the subscribers to the fund referred to above that their families should be provided for, and now will any subscriber refuse to keep faith with the soldiers? We shall see.

**Notwithstanding the scarcity of mechanics and laborers, new houses are going up all around town, and our principal streets will soon be built up. Many of the small, shabby tenements will soon give way to more respectable and enduring structures. When we look out over the town and view the evidences of prosperity on every hand, we cannot realize that a terrible, destructive war now rages in our land, the head of which is scarcely two hundred miles distant at this time, and which, but a short time since, threatened to destroy our town. We are a fast people—live almost regardless of what is going on around us, or how others are living. We come to the reality, however, when we turn our eyes from this prosperity and read the notices posted up about town stating that the draft for Blair county comes off on Saturday next—Reader, you may comment further if you are interested.**

**We presume that here, as in other places, companies of persons liable to the present draft will be formed for the purpose of distributing the expense of finding substitutes or paying the commutation fee. The arrangement is as follows:—A number of persons, ten or more, form a company and pay in \$50 or \$100 each. If three or less of the party are drafted, they use as much of the fund as is necessary to procure substitutes or secure exemption, or take their share and go themselves. If more than three, and not over a number which will make the payments over \$100 each to the company, are drawn, an equal amount of the fund is given to each man drawn and he may add to it sufficient to secure exemption or a substitute, or pocket the money and go himself. One company of ten formed for this purpose, in Washington City, had nine of the number drawn.**

**To Keep off FLEES.**—The application of a mixture of one-third kerosene and two-thirds lard oil, to the bodies and legs of horses, will be found of great service in keeping off the flies which annoy them so much during the heated times. It may be also used with much advantage on cows. A horse, uneasy, fretting and stamping, becomes, after the application, at once quiet. Those who sympathize with the noble animals in the constant teasing endured by them from these pests, will be glad to use any harmless remedy which will spare innocent work which, not called to labor in harness. Horses will keep better on a less amount of food, for the reason thus obtained. Cows will give better and more milk, from the rest they will get from the use of this mixture.

**A PUFF.**—We feel in good condition to indicate a puff for Jake Wilson, the enterprising grocer, a few doors below, having just finished a couple of slices of a large and delicious watermelon sent in a short time since. Jake keeps a supply of melons, cantaloupes, peaches, apples, corn, and other belly-ache producers, constantly on hand and in sufficient quantity to give employment to all the physicians in town and make a fortune for the druggists. But since people will eat such stuff, (printers not excepted, when it comes like the melon) we don't know where they can be better accommodated than at Jake's.

**RECKLESS.**—The showers on Sunday evening last appear to have had the desired effect in changing the thermometer down from among the nineties, and purifying the atmosphere. The first two weeks of August, 1863, will long be remembered on account of the intense heat of the noonday sun, which was seldom obscured by a cloud during the period named. The number of strokes in the cities and in the army, and the suffering of beasts of burden has been greater than ever known before. Although we may expect more hot days, we hope we may not have such a succession of them.

**We are pleased to learn that Mr. Holnett, who owns the burnt corner, opposite our office, is erecting a brick building thereon, ere the season closes. While all men have a right to erect whatever style of houses they choose, when there is no law on the subject, and all should consent thereunto, yet it is certainly desirable, as well for the safety as for the neat appearance of our town, that the houses hereafter erected on our principal streets should be of brick. We hope that none of the burned buildings will be replaced with anything but brick.**

**INDEPENDENT CANDIDATE FOR ASSEMBLY.**—In another column will be found the card of our townsman, and clever Mail Train conductor, Isaac Bartow Esq., offering himself as an independent candidate for the office of Assembly. Mr. Bartow has the ability to make a useful member and is sufficiently acquainted with the workings of the House to give him position at once. Personally, we know of no one named in connection with the office whom we would rather see elected.

**To the Point.**—A young married woman, whose husband has "gone to the war," heard, in conversation, the remark that the Government wanted more cavalry and infantry. She replied that she knew nothing about cavalry, but added, with a sigh, that if more infantry was needed, the Government had better send some of the volunteers home again.

**Improving.**—We are glad to announce that Conrad Knepley, the engineer whom we noticed a short time since as having been injured about the head by coming in contact with a car load of lumber, is again able to be out, although looking very badly. For a time it was feared that his brain was seriously affected, but hopes are now entertained that he will recover.

**BROKEN UP.**—The Pittsburgh Chronicle of the 11th inst., says that the convention of Railroad Managers which recently met at Niagara Falls, ended in the breaking up of the combination in regard to fares and rates. Every line is now at liberty to run on its own hook and pay fares as low as it chooses. This determination, with the alliances between roads of opposing interest that have been made during the past six months, will lead to complications and result in a grand "free fight" among the railroads for some time.

**Wheeler & Wilson's Machines** are the best ever offered to public patronage. They are simple and durable; easily kept in repair; work without noise; sew with great rapidity; make an even and firm stitch on both sides, that will not rip; economize thread, and are applicable to every purpose and material common to the art in question. "Chlorina" is a trade name.

**R. A. O. KERR**, of this place, is agent for the sale of these machines in Blair and Huntingdon counties. See advertisement on 4th.

**DEAD.**—Joseph E. Berlin, a member of Co. A, 5th Reg't Pa. Reserves, died on the 10th inst. from the effects of a wound received at the battle of Gettysburg, July 31. He was a little over 20 years of age. Sleep, soldier, sleep; thy last battle's fought, thy last victory won.

The boy Conrad, whom we noticed last week as having been injured by the cars, died on Friday last, after his leg had been amputated.

**PICTURE GALLERY.**—Our young artist friend, E. A. Bonine, who occupies Clabaugh's sky-light gallery, on Julia street, must be doing a first-class business, if we may judge from the number of pictures he is taking, in every style of the art. He deserves patronage, as his pictures bear favorable comparison with those of other artists, and his disposition to accommodate all who call to speak him a gentleman. Read his card in another column and give him a call.

**U. J. Jones**, the inimitable local itemizer, legislative reporter and author of "The Juniata Valley," paid us a pop visit a day or two since—Artemus Ward-like, he has turned out a showman, not of wax figures, etc., but with a panorama of the "Western World," to the exhibitions of which he draws crowds by means of fancy figured posters and wall-paper handbills. Jones is one of 'em, and can travel anywhere.

**We can't say that we admire the typographical taste of our contemporary of the Huntingdon Monitor, when he claims that his paper is one of the newest in the State. He need not travel out of his own country to find its superior in that line, and there are a couple of houndmads up this way that won't be taken down by that style. Try it again, Doc.**

**We expected to receive a list of the drafted men from Huntingdon county in time for publication this week, but the Huntingdon papers failed to reach us last night as usual. In our next, we shall publish the names of those drawn from this county.**

**We hope our town subscribers, who have hitherto been served with their papers by the carrier, will bear with us yet this week. Our carrier will be on hand in time to serve them next week.**

**FOUND.**—A package of brilliant, done up in brown paper, was picked up on the street, on Monday afternoon, and left with us to advertise. The owner can have it by calling and stating the contents of the package and paying for this notice.

**For SALE.**—W. H. GUTHRIE offers a desirable property at private sale, which, we think, would make a snug home for some of our mechanics. See his advertisement in another column, and then go and view the property.

**Dr. A. P. CALDERWOOD** renders his professional service free of charge to the family of volunteers now in the service of the United States. Altoona, July 27, 1863—31.

**Fire!** Fire!—Do not risk your property any longer to the mercy of the flames, but go to Kerr and have him insure you against loss by fire. He is agent for thirteen different companies, among which are some of the best in the United States. Altoona, July 21—4.

### Assembly.

For the information of the voting population of Blair county, I announce that I have been solicited by quite a number of citizens of the county to consent to the publication of my name as an INDEPENDENT CANDIDATE for the office of Assemblyman from this county. I have, after due consideration, concluded to yield to the wishes of my friends and announce myself as a candidate for the office named, hoping that I may receive a handsome and honorable vote from the citizens of Blair. ISAAC BARTOW. Altoona, Aug. 19, 1863.

**CIRCULAR TO THOSE WIDE AWAKE TO THEIR OWN INTERESTS.**—The subscriber would respectfully announce to the public that he has returned from the East with his large and well assorted stock of goods, bought at the lowest cash prices, which he will dispose of at his usual small advances.

**OUR MOTTO.**—"The nimble dice better than the slow dollar." Come one, come all and be convinced that the cash system is to your advantage, and you will go away with the resolve that my establishment is the place to save money. No charge for showing goods. Call and examine.

I would respectfully invite your attention to my well selected assortment of Ladies and Misses' Dry Goods, containing all the late and most desirable styles of dresses to be found in the Eastern markets, among which may be found, Mozambique, Celiques, Killarney Checks, Union Checks, Sheperds Plaid, Linen Lustres, Silk Poplins, a full and complete stock of fancy and plain Flannels and Shirtings, Linen, Muslin, Ladies and Gents' Gloves and Hosiery, and a tremendous stock of Anna Kelly & Co's Patent Hoop Skirts, from four to fifty springs, which I can sell at least 25 per cent. below Philadelphia retail prices. Also a great variety of Cloaking Cloths, varying in price from 75 cts to \$2.25 per yard, and the largest assortment of Cassimers, Sateen's, Tweeds, Jeans, etc., that is to be found in the country.

**Carpeting and oil cloths in great variety at lowest prices.**

**LOOK.**—My stock of groceries are selling a few cents below my would-be-rivals, who "can't see it." The cash system works still range from 40 to 70 cts. per gallon. Government coffee, bought before the late heavy advances, I am selling at 25 cts. per pound. It is inferior to all the new fancy substitutes now selling.

**BEHOLD!**—Our new variety from the low price of 60 cts. per pound, upwards.

**EXCELSIOR.**—Our new variety from the low price of 60 cts. per pound, upwards. It is inferior to all the new fancy substitutes now selling. It is inferior to all the new fancy substitutes now selling. It is inferior to all the new fancy substitutes now selling.

**ALL kinds of common flower vases, mugs, glassware, and in fact all kinds of crockery ever imagined, we keep on hand. We are selling the celebrated Wedgwood Iron Stone Sets for \$2.00, which is 25 cts. cheaper than they can be bought for in Philadelphia or Pittsburgh retail market.**

"I can't see how it is done?" is the query. Well, we will tell you the secret—it is *cheap*. By this means I am enabled to increase my business and stock cheaply, while other establishments are obliged to decrease theirs. We are not compelled to add large profits to make up for losses by bad debts, and we save by paying cash for goods instead of buying on time and paying a high figure.

**FATHERS & MOTHERS.**—Our stock of children's carriages and coaches are just the thing for those who value the health of their children more than the small amount we charge for them. Those who use a carriage once will never go back to the old-fashioned way of dragging children around in their arms. Call and see our stock of infant carriages and cabs.

**Wheeler & Wilson's Sewing Machine**, of which I am the sole Agent for Blair and Huntingdon counties, are the best machines ever used. They are perfect and warranted for two years. I do not ask you to buy more, you are satisfied you are saving money by so doing.

R. A. O. KERR.

## Dr. SWEET'S

### INFALLIBLE LINIMENT,

THE GREAT REMEDY

FOR RHEUMATISM, GOUT, NEURALGIA, LUMBAGO, STIFF NECK AND JOINTS, SPRAINS, BRUISES, CUTS AND WOUNDS, PILES, HEADACHE, AND ALL RHEUMATIC AND NERVOUS DISORDERS.

For all of which it is a speedy and certain remedy, and never fails. This liniment is prepared from the recipe of Dr. Stephen Sweet, of Connecticut, the famous bone setter, and has been used in his practice for more than twenty years with the most astonishing success.

AS AN ALLEVIATOR OF PAIN, it is unrivaled by any preparation before the public, of which the most skeptical may be convinced by a single trial.

This liniment will cure rapidly and radically. RHEUMATIC DISORDERS of every kind and in thousands of cases where it has been used it has never been known to fail.

FOR NEURALGIA it will afford immediate relief in every case, however distressing. It will relieve the worst cases of HEADACHE in three minutes and is warranted to do so.

TOOTHACHE also will be cured instantly. FOR NERVOUS DEBILITY AND GENERAL LASSITUDE arising from imprudence or excess, this Liniment is a most rapid and refreshing remedy. Act directly upon the nervous system, it strengthens and revivifies the system and restores it to its full activity and vigor.

FOR PILES—As an external remedy, we claim that it is the best known, and we challenge the world to produce an equal. Every victim of this distressing complaint should give it a trial, for it is the only remedy that affords relief in a majority of cases with effect a radical cure.

QUINCY AND SORE THROAT are sometimes extremely painful and dangerous, but a timely application of this Liniment will afford relief in a majority of cases.

SPRAINS are sometimes very obstinate, and enlargement of the joints is liable to occur if neglected. The worst case may be conquered by this Liniment in two or three days.

BRUISES, CUTS, WOUNDS, SORES, ULCERS, BURNS, AND SCALDS, yield readily to the wonderful healing properties of DR. SWEET'S INFALLIBLE LINIMENT when used according to directions. Also, CHILBLAINS, FROSTED EARS, AND INSECT BITES AND STINGS.
