A Word of Solemn Conscientions Advice to those who will reflect.

A class of maladies prevail to a fearful extent in the community, dooming at least 100,000 youth of both sexes annually to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms are Nervous Debility, Relaxation and Exhaustion, Marasmus or wasting and consumption of the tissues of the whole body; shortness of bristhing or nurried breathing on sacending a hill or flight of stairs; great palphistion of the Heart; Asthnia, Bronchitis and sore Throat; shaking of the Hands and limbs; aversion to society and to business or; study; dimness of eye sight, loss of Memory, dissiness of the Head, Neuraleis, Pain in validations of the Head. Throat; staking of toe Hands and limbe; aversion to solicity and to business or study; dimness of eye sight, loss
of Menory, disciness of the Head, Neuralgis, Pain in various parts of the body; Pains in the back or limbs, Lumbago, Dysepais or Indigestion, irregularity of the bowels;
deranged secretions of the Kidneys and other glands of
the body, as Leucorrhose or Fleur Albus, &c. Likewise
Epilepsy, Hysteria and Nervous Spasns.

Now in ninety-sine cases out of every one hundred, all
of the above named disorders, and a host of others not
named, as Consumption of the Lungs and that most insidious and wily form of consumption of the Spinal
Nerves, known as Tabes Dorsales, and Tabes mesent-rica,
have their seat and origin in diseases of the Pelvic Viscera.
Hence the want of success on the part of old school practice in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution, is now engaged in treating this class

Dr. Andrew Stone, Physician to the Troy Lung and Hydrolie Institution, is now engaged in treating this class of modern unliadies with the most automishing success.
