who will reflect. A class of maledies prevail to a fearful extent in the community, doesning at least 100,000 youth of both saxes namenly to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or tymptons are Nervous Debility, Relaxation and Exhaustical Community of the perhectly understood. Their external manilestation, or symptoms are Nervose Debility, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or herried breathing on according a hill or flight of cisirs; great palpitation of the Heart; Asthma. Broachitis and sore Threat; skaking of the Hands and limbs; aversion to so-cisty and to business or study; dimness of eye sight, loss of Memory, dissiness of the Head, Neuralgia, Pain in various parts of the body; Pains in the back or limbs, Lumbago, Thuspepels or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Lescorrhons or Fleur Albus, &c. Likewise Epilepsy, Hysteria and Nervous Spasms.

Now in ninety-nine cases out of every one hundred, all of the above named disorders, and a host of others not named, as Consumption of the Lungs and that most insidious and willy form of consumption of the Spinal Nerves, known as Tabes Dorsales, and Tabes mesenterica, have their seat and origin in diseases of the Pelvic Viscerar, Hence the want of success on the part of old school practice in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution, is now engaged in treating this class of modern muladies with the most astonishing success. The treatment adopted by the Institution is new; it is based upon scientific principles, with new discovered remedies; without minerals or polsons. The facilities of cure are such that patients can be cured at their homes, in any part of the country, from accurate descriptions of their case, by letter: and have the medicines sent by Mall or
