DAILY CONFERENCE RECORD.—Our arrangements are now complete for issuing a Daily Record of the proceedings of East Baltimore Anqual Conference, which convenes in this place, on Wednesday next. We have secured the services of an excellent short-hand reporter, thus enabling us to give a full report of the proceedings after the style of Congressional and Legislative reports.-The first number of the Record will contain a full list of the members of the Conference, the dates when they entered the ministry, the appointments they have since filled, with dates of such appointments, &c., and the last number will contain the appointments for the coming year. We shall also give statistical and financial reports interesting to the public, but more particularly interesting to the members of the Church. Price for the session, if sent by thail, 30 cents and postage prepaid. If delivered at the office of publication 25 cents for the session.

THE CONFERENCE.-The Seventh Session of East Baltimore Annual Conference will open in the R. Church, in this place, on Wednesday next March 21. The examination of clasess will take slace on Tuesday, March 1st, consequently those helonging to the classes and the examining committees will arrive on Monday evening or Tuesday morning next. Persons who have consented to entertain ministers during the session, should be prepared to receive them by Monday evening next. The number each family has consented to entertain has been assigned to it. Although all the ministers in the Conference do not, usually, attend the sessions, it is, nevertheless impossible for the Committee, having charge of the matter of procuring homes for them, to tell, at this time, who will and who will not be present.

Remotous.—At the meeting of the Presbytery of Redstone, held at Uniontown, Payette county, on Wednesday, Feb. 17th, Rev. R. M. Wallace requested that the pastoral relation then existing between him and the congregation of Brownsville into deserters. be disjoived. After hearing the parties on both sides, the Presbytery acceded to his request. Rev. Wallace will preach in the Presbyterian

church in this place, on Sabbath next, morning

and evening, at the usual hours.

The school my prices, to take effect is formed into a general society, and the different classes into auxiliary societies. Each class appoints a monthly treasurer, and on the third Sabsocieties are handed to the general treasurer.-On the occasion referred to there was considerable rivalry between the auxiliary classes to excel each other in the amount of their collections for which I can sell, at the reduced prices, will justify the month. The result was that some \$35 were handed to the general treasurer, making the collections for the year, by the Sabbath School So. Almost every person is aware of the prices at riety, \$179. NEW METHOD OF RAISING THE WIND .- Standing at a Railroad station, a few days since, while a passenger train, containing a number of recruits, was stopping to take wood and water, observed a new method of "raising the wind which was after this fashion. The recruits wou reach out of the windows of the car and snatch man's hat from his head, or those who had steppe out of the cars would snatch a hat and rush in the cars with it. They would then hold the ha out of the windows and offer them to the owne at 25 or 50 cents, according to the value of the article. In most cases, if not in all, they receive the price demanded. On the payment of the sum there would be a regular cheer along th lines. While we admire the man who for sakes the comforts of home to battle for his cour try, we must confess that this action of the re cruits gave us a rather bad opinion of the

SUBSCRIPTIONS TO THE BOUNTY FUND .- A COL rect list of the subscribers to the Bounty Fund wi be published next week, the committee not havin ime to prepare a revised list for this week's pape The subscribers to the fund, who have not already paid their subscriptions, should do so at once, either to the party soliciting subscriptions in their districts, or at the office of Esquire Humes, on Virginia street.

The committee having in charge the enlistment of men and paying bounty, have been hindered in their work by the failure of subscribers to pay up their subscriptions. The time left is so short that unless immediate payment be made the money will be useless. There is no excuse for delay in this matter. If men really intended to pay when they put down their names, they can pay as well to-day as to-morrow, and a day lost may prevent the filling up of the quota of the borough.

HOSTETTER'S CELEBRATED STOMACH BITTERS is one of the greatest strengthening preparations extant It is especially adapted to those who are afflicted with the Fever and Ague, or any other disease arising from a disordered condition of the digestive organs. For the Fever and Ague there is perhaps no medicine in the world e qual to it, as it enters, purifies the blood, which is so important to bring about a healthy action in diseases of this nature. The Bitters are now among the most popular, and at the same time, valuable specifics in the medical world. In recommending it to the public, we are fully conscious of excellent qualities, and sure and speedy action in all cases where the disease is caused by irregularity of the digestive organs.
