SCROFULA AND RHEUMATISM. CASE OF DANIEL A. BOYD.

PITTSBURGH, December 31, 1861.

DB. G. H. KETEKE: I take pleasure in making this voluntary statement in favor of a medicine made by you, called "Lindsey's Blood Searcher." I have suffered for five years from Scrofula, which broke out in my head and forebead, so as to disfigure me very much, and took off the hair when the disease made its appearance; it also broke out on my arm above and below the elbow, and est into the skin and fiesh so as to expose a fearful looking sore. The disease on my head went so far that several small pieces of bone came out. I was very weak and kow spirited, and had given up all hopes of ever getting well, as I had tried several skillful physicians, and they did me no good. In September 1 st, 1861 I was induced to try "Lindsey's Improved Blood Searcher." I must confess I had no faith in patent medicines, but after I had used three bottles of Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles,

three bottles of Blood Searcher, the ulcers on my head and arm began to heal. I have now taken eight or ten bottles, and my head and arm are entirely well, except the sears remaining from the sores. I will also state that I had the Rheumatism very bad in my arms and legs. The Blood Searcher also cured the Rheumatism. I am now a well man, over forty years ofage, and I feel as supple and young as I did when I was twenty, and increased in weight twenty pounds. I would also state that when I stooped to lift anything heavy the blood ren out of the sore.

sore.

Dr. Keyser had a photograph taken of me by Mr. Cargo, the artist, after I began to get well. It does not show my appearance as bad as it was before I commenced taking the medicine. You can see the photographs, one of which is now in my possession, also at Dr. Keyser's 140 Wood street. I would also state that I took the Blood Wood street. I would also state that I took the Blood Searcher which was made before Dr. Keyser commenced making it. Although it helped me some, I did not recover until I got the kind made by Dr. Keyser himself. One bottle of this did me more good than two of the old. I be lieve it is a great deal stronger and better. I have recom-mended the Blood Searcher to a great many of my friends for various diseases, and I believe if has helped the whole of them.

ADDITIONAL CERTIFICATE OF DANIEL A. BOYD DR. KRYSER: It is twenty months since I gave you my certificate in respect to the care of my head and arm by the Blood Searcher, prepared by you, I was told by several people who have no faith in patent medicines that my head would get sore again in less than six months, and there is no appearance of its getting sore again. It is as well now as the day I gave you my certificate. If you like to publish this you may do so.

ANOTHER GREAT CURE BY THE BLOOD SEARCHER.

Dr. Grorge H. Keyser.—Dear Sir: Actuated by the sincerest feedings of gratitude. I take pleasure in adding the case of my son to the already many testimonials in favor of the "IMPROVED BLOOD SEARCHER," prepared by you, hoping that others afficted as my son was, may thereby become induced to use the BLOOD SEACHER, and be rescued from a miserable condition. My little boy of six years of; age became afflicted with sore eyes. I took him to five of the most eminent Doctors of Pittsburg: they pronounced it Scrofula, but they could not help him. I was induced to try the BLOOD SEACHER, got two bottles; the first buttle I did not notice any benefit from, the second is not quite finished, and his eyes seem to be quite well, although I intend to use another bottle or two to make sure of it.

I bought one bottle, which she took, and she is entirely well. I would recommend it to others similarly afflicted, as I think there is not a better medicine to be found. Wishing

you a hearty success, I remain, Yours truly, MARY T. COUP. By her brother, HENRY D. COUP.

PALSY CURED. DR. GEO. H. KEYSER: I have been afflicted with paralysis of the limbs for four months, and after doctoring a long time to no purpose, Mr. Walker, of this place, got me to get one bottle of your BLOOD SEARCHER. I did so, and am now entirely well for which I am very thankful to you.

PINE TREE

TAR CORDIAL

IS THE VITAL PRINCIPLE OF THE PINE TREE.

Obtained by a peculiar process in the distillation of the tar, by which its highest medical properties are retained

Have you a Cough! Have you a Sore Threat! Have you any of the promonitory symptoms of that most fatal disease, Consumption?

Those who should be warned by these symptoms generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence and fatality of disease which sweeps to the grave at least "one-sixth" of death's victims.

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there was a mysterious pwer and efficiency in the Pine Tree Tar to heal the lungs; therefore they have recommended the use of Tar Water, which in many cases had a good effect: but how to cambine the medical properties so as to heal the lungs, he ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Fine Tree Tar Cordial."

Many, not only of the people, but physicians of every school and practice, are daily asking me, "What is the principal or cause of your success in the treatment of Pulmonary Communities" My answer is this:

The intrigoration of the digestive organs, the strengthening of the debilitated system, the purification and enrichment must expel from the system the corruption which scrofula breeds. While this is effected by the powerful alternative (changing from disease to health) properties of the Tar Cordial, its healing and renovateng principle is also acting upon the irritated surfaces of the lungs and throat, penetrating to each diseased part relieving pain, subduing inflamation, and restoring a healthful tendency. Let this two-fold power, the healing and the strengthening, continue to act in conjunction with Nature's constant recuparative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure.

I ask all to read the following certificates: They are
