CHANGE OF SCHEDULE .- This (Monday) morning, the Winter Arrangement Schedule went into operation on the Penn'a R. R. On this Schedule there are five passenger trains each way daily .---The passenger business has increased largely within the past few months rendering the additional trains absolutely necessary. The condition of the road bed and rolling stock of the Denn'a R. R. is superior, at this time, to that of any other through route from East to West, consequently it is the safest route, and the travelling public know it. This condition of affairs is due to proper management on the part of the officers in charge of the road, with whom the Company, or no one else, can possibly find fault.

ALTOONA Oct. 26th, 1864. Mesars. Editors:-On returning from a visit home, on last Monday morning, my attention was called to a short letter in your last issue, purporting to have been written by a friend of mine. In reply I would say that I thank the writer for his friendship, but would much rather he should exert it in some other way than by molesting Mr. Vallade's pictures, at the corner of Virginia and Julia streets, opposite my samples. As to Mr. V's pictures, I have no objection whatever to having them year. placed beside mine, for my success depends upon my pictures, and I am not at all unwilling to have them together, as in that case persons can see and decide for themselves whose pictures are the sharpest and most perfectly shaded.

Very Respectfully yours, ELIAS A. BONINE.

RAILBOAD ACCIDENT .- On Thursday morning of last week, an elderly man, a German, named Philip Kealor, was run over by a "pusher" which was descending the mountain, near Mineral Point, and so severely injured that he died within an hour afterwards. His right leg was broken in two places, and the engine striking him upon the back threw him down an embankment twenty-five feet in hight, causing serious bruises. The deceased was a resident of Paint township, Somerset county. An inquest was held by Coroner Flattery, and a verdict rendered in accordance with the facts. - Cambria Tribune.

in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains o mineral of any kind; no deadly botanical element; no flery excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildest of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladies engendered by an unwholesome atmosphere, impure water and other external causes, HOSTET TER'S STOMACH BITTERS may be relied on as a safe-

In districts infected with Ferer and Aque, it has been ound intallible as a preventive and irresistible as a remedy, and thousands who resort to it under apprehension of an attack, eccape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medicine. The agony of Billious Colic is immediately as a single dose of the stimulant, and by occasionally resorting to it, the return of the complaint may be prevented. As a General Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Fremature Decay and Debility and Decreptude arising from Old Ace, it exercises the electric infininde arising from OLD AGE, it exercises the electric infin ence. In the convalencent stages of all diseases, it operates as a delightful invigorant. When the powers of na

Last, but not least, it is The only Safe Stimuliant, being manufactured from sound and innocuous materials, and entirely free from the acid elements present more or less in all the ordinary tonics and stomachies of the day.

No family medicine has been so universally, and, it may be truly added, descreally popular with the intelligent portion of the community as HOSTETTER'S BITTERS. Prepared by HOSTETTIRR & SMITH, Pittsburgh, Pa. Sold by all Druggists, Grocers and Storekeepers everywhere.
