No. 1028 Olive Street.

Philadelphia, January 223, 1863.

Dr. Wishart—Sir:—It is with much pleasure that I am now able to inform you that, by the use of your great.

American Dyspelsia Pills, I have teen entirely cared of that most distressing complaint, Dyspepsia. I had been grievously ufflicted for the last twenty-eight years, and for ten years of that time nave not been free from its pain one week at a time. I have had it in its worst form and for ten years of that time have not been free from its pain one week at a time. I have had it in its worst form and have dragged on a most miserable existence—in pain day and night. Every kind of food that I ate finled me with wind and pain, it mattered not how sight, or how small the quantity. A continued batching was sure to follow.—I had no happetite for any kinds of meats whaterer, and my distress was so great for several monther before I heard of your Pills, that I frequently wished for death. I had taken everything that I had heard of for Dayeppeins, without receiving any benefit; but on your Pills being recommended to me by one who had been cured by them, I concluded to give them a trial, although I had no faith in them. To my astonishment, I found myself getting better before I had taken one quarter of a box, I am now a woll man, and can cat anything I wish, and enjoy a hearty meal three times a day, without inconvenience from anything I eat or orink. If you think proper you are at liberty to make this public and refer to me. I will cheerfully give all desired information to any one who may call on me.

Yours, respectfully, John H. Barcock.
