CANONSBURGH, WASHINGTON Co.,] April 12th, 1864. f MR. A. JOHNSON :---Dear Sir: I wish to say a word o MR. A. JOHNSON: — Dear Sir: I wish to say a word or two in favor of your Kheumatic Compound and Blood Purifier. I have been afflicted with Kheumatiam, more or less, for over twenty years. A great part of that time I was very bad. I tried a great many rheumatic medicines but received very little benefit from them. On the first of last Manuary, I was so bad that I was entirely helpless. I could not write my own name; I could ouly lie on one side. While reading in the United Presbyterian paper I saw a notice of your Rheumatic Compound and Blood Purifier. I was afraid at first that it might be like other remedies that I have tried, bat as it was in a religious pa-per I concluded to give it a trial. So I got a bottle, used it, and found myself a little better. I used three bottles more, and I am happy to say that I have neither pain or it, and found myself a little better. I used three bottles more, and I am happy to say that I have neither pain or ache. I am sixty-eight years of age, I can lie on either side, travel for half a day at a time and not be fatigued. I believe your Rheumatic Compound and Blood Purifier to be the best medicine ever offered to the Public for the cure of rheumatism. If you think this note, with my namie to it, will be of any use to you or a suffering public; you are at liberty to use them. Yours with respect, JOHN I. LOCKHART.

MR. JOHNSON :- Dear Sir: My wife had been afflicted with neuralgis for a long time. It commenced on her in 1859. She was so bad with it that she was obliged to lie in bed abont four days in the week. She tridd everything that we heard of that was recommended for that disease but she got no relief; then we tried medical advice but it done no good. At last I thought she must die, as I thought there was no cure. But in the spring of 1863, I believe in March, a daughter of Mr. Dickey's, who lives in the Court with me, said, "Why dont you get Johnson's Rheumatic Compound and Blood Purifier. It cured my father of the rheumatism when he was a cripple, and the doctor could do nothing for him." So I got a bottle of your medicine, and before my wife had the half of it used, she was cured. It is now more than a year since, and she has not been troubled with it since. This I can testify to, on oath. Yours, LEWIS HILKE, PTTTSBURGH, April 11th, 1864. Ryan's Court.

Norming that is not wholesome, genial and restorative in its nature enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no flory excitant; but it is a combination of the extracts of rare balsamic herbs and plants with the purest and mildeat of all diffusive stimulants.

It is well to be forearmed against disease, and, so far as the human system can be protected by human means against maladies engendered by an unwholesome atmo sphere, impure water and other external causes, HOSTET-TER'S STOMACH BITTERS may be relied on as a safeguard,

In districts infected with Fever and Moue, it has been ound infallille as a preventive and irresistible as a reme-

dy, and thousands who resort to it under apprehension of ay, and thousands who resolve to it hinder appreciation of an attack, escape the secongo; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a very brief course of this marvelous medi-cine. Persons of feeble habit, liable to Nercous Attacks, Lounes of Spirits and Fits of Languor, find prompt and perma-nent rollef from the Bitters! The testimony on this point is most conclusive, and from both sexes. ONE OF THE LARGEST AND MOST WIDEL CIRCULATED PAPERS IN THE STATE. GIVES THE EARLIEST AND FULLEST INTELLIGENCE.

PROSPECTUS FOR THE NEW YEAR.

On assuming control of the Commercial, at the com-mencement of the year, the present conductors announced their determination to infuse a new life and vigor into its columns which should render the paper more than ever acceptable to the reader. The rapid increase in circulation, flattering notices o our cotemporaries, and congratulator, mattering notices o quarter, assure us that our efforts have not been unsuc-cessful. cessful. The Commercial has grown daily in public favor until it now ranks among the leading journals in the country. In order to keep pace with the demands of the reading public, and at the same time meet the increasing pressure on our advertising columns, we some months since in-creased the dimensions of the paper to the extent of four columns.

Among the leading features are full and reliable TELEGRAPHIC REPORTS:

from all the leading points of interest. It devotes spec attention to MARKET REPORTS,

including the iron, oil, cattle, lumber, tobacco, and the Pittsburgh general markets. Our RIVER NEWS,

ceives particular attention, and in this Department the FINANCIAL AND STOCK REPORTS.

of the Commercial are prepared with care and will be found to be unusually full and reliable. Also, the Reports LEADING MARKETS OF THE COUNTRY, embracing reports of the Dry Goods and Wholesale mai kets, and Special Reports of oil, stock finance and trad

which I selected with care. It embraces every col shape and quality, with the view of accommodating om day to day. While special attention will be given to those several lasses. I have also purchased a large stock of Departments, the Commercial lays claim to rank a the leading journals of the country as a medium of BOOTS & SHOES.

GENERAL INTELLIGENCE. Its aim is to give none but healthy reading suited t ne Family Circle, and to be a welcome visitor to the dis riminating public-THE PULPIT

THE FORTH forms a peculiar feature of the Commercial. By giving every Saturday an Original Sermon, prepared expressly by a Minister of the Gospel, in Pittaburgh or vicinity, (which, also, goes into the weekly, fifty-two discourses are given in the year, by not less than twenty or thirty different Minister without search to downing the different different

are given in the year, by not less than twenty or thirty different Ministers, without regard to denominational dis-tinction. This Department of the Commercial has attrac-ted much attention; and arrangements are being made to increase its recognised importance and value. As a fea-ture at once novel and instructive, it constitutes not the least of the many claims of the Commercial to patronage. In politics the Commercial will be an undeviating sup-porter of the Union, and extensity loyal to the Govern-ment, and as far as consistent with this sam, free from Partizenship.
