THE MARKETS.

REPORTED WERKLY FOR THE DEMOCRATIC WATCH-MAN, BY WK. J. KRALSH.

BELLEFORTS, Feb. 26,

Reports are being received from all quarters of the prospects of the crop for this year. It is calculated by those versed in such matters, that the snor this winter has been of as much service to the grain has been of manure. However, this may be, it has been of vast importance to the crop in the ground; and should nothing happen, we will have a larger crop in this county than we ever had. The crop of 1855 does not seem to have all come into market yet; vast quantities have been held back in this and other countries have been held back. in this and other sections, waiting a higher market, and from other causes. The tendency of all kinds of breadstuffs, it is anticipated by the best authori-ties, will be downwards. There are some reasons why the decline may not be so great. Breadstuff, like everything cise, must follow the immutable laws the large cities is plentier than this time last year. There is an increase of gold in the country of at least forty millions of dollars. Our banks are in a healthy condition. We have the real substantia money. Money will be plenty and cheap, and when money is plenty and cheap more of it is given for an article, so that produce and labor cannot get below a paying figure. The prospect for the future never was brighter.

The market for the different kinds of grain, during the past wook, has been dull, with few buyers and sellers in town. The disposition is to purchase

The following extract from a private letter, dated Philadelphia, February 25, gives us some import

dicate a further decline in prices of Flour, Wheat and Corn. This has added to our previous dull market. The only sale of Flour we have, is 500 bbls. standard brands at \$0.811 per bbl. Buyers, generally, offer \$0.50 a \$0.75. No Sales of Wheat Thuyers offer \$1.50 per bushel, Corn is held at 58 a 50 cents. LEWISTOWN, Feb. 25. The mills of Lewistown are giving the following prices for grain: For White Wheat, \$1.40; Red, \$1.30; Rye, 86 cents; Corn, 46 cents; Oats, 30 cents; Cloversced, \$7 to \$7.50. Flour, \$4.371-to \$1.871
