HENRY HAYS, Bellefonte, Our friends everywhere will confer a favor by interesting themselves in getting up slubs for the campaign. A small effort on the part of the placing sound Democratic argument within the

TER POLLOWING is a copy of an article reconstly published in the Pennsylvania Integration of Philadelphia. The premises laid down seem strongly substantiated. Since the publication of this article the Board of Directors of the Ridgway Farm and Conference of the Ridg Company have decided to raise the price of their Farms or Shares from two hundred to three hundred dollars after the 1st of June.

-three hundred dollars after the Ist of June.

THE REAUBLES OF PENNSTLVANIA—A

GLANGE AT ELE COUNTY.—At the present, this county appears to be the scene of active simprovement. Great interest has been manifested in this direction within the past year, especially since the Sunbury and Eric Rail-road between this county and the lakes has been placed under contract. From present appearances, if the reasons upon which the public conclusions are founded are true, and we have no cause to doubt them, it is soon we have no cause to doubt them, it is soon destined to be one of the wealthiest and destined to be one of the wealthiest and most important in the State. An immense amount of capital is now being invested in thes vicinity from our own city, and that of New York. Coal companies are being started to commence operations immediately upon the completion of the western end of the railroad to Eric, which is now under contract, and a large force at work. The following are some of the reasons advanced. lowing are some of the reasons advanced upon the subject :---

The western end of the Supbury and Eric Railroad connecting Elk immediately with contract, and a large force at work grading the road with all rapidity. Sufficient money has been raised to complete this end. The Tyrone and Clearfield will also connect with the Sunbury and Eric at St. Mary 'e ; besides these, the Alleghany Valley will passthrough in the course of a few years, a d connect with the New York and Eric Railroad at Olean. Ridgway will also be the terminus of the Venango, connecting with the West It is necessary to be fully aware of the terminus of these roads, as well as their route, to understand the value of the location.

Before entering upon the location, we will consider the inneral and agricultural wealth of the country, which gives the land its val-The principal part of that county is un rlaid by three vents of bitumous coal The first, on an average, 31 feet thick : the Above the coal lays a strata of the best Mmestone, and between each vem is a veir of the richest iron ore. Until within the past year or so, the land not being sufficiently explored, these important facts were unknown. The soil is a fine agricultural soil, and said to be neither hilly or stony, with the exception of the portion knowings, the barrens, upon which no value is placed, and which are generally in the hands of reckless seal estate agents, who have done much to injure Western Pennsylvania by decrying all other lands and imposing their's upon their victims. There is a fine agricultural sottlement, and the crops produced are large

Possessing these advantages, the development depends, as before observed, upon the radicade, but more especially upon the com-pletion of the Western end of the Sunbury and Erie, which it is believed, from suff-

workable coal are found and in view of this fact, the coal trade will inaccessarily constitute one of the most profitable features of this family and frie, as well as that of the porthern end of the Allegheny Valley Road. The distance from St. Mary's to Frie, is about one hundred miles, and the coal dould be afforded in the city of Frie at a cost carying little from two dollars per ton. The views are extramely regular, and the coal can be uniformly mined in drifts, at an aggregate of some forty cents per ton, and carried one hundred miles by railroad, over decending grades, and without the usual allowance of five per cent. For depreciation, for one dollar per ton; thus deaving to the operator a profit of sixty cents per ton; explanation of levels and the coal content of the coal carried one hundred miles by realroad, over decending grades, and without the usual allowance of five per cent. For depreciation, for one dollar per ton; thus deaving to the operator a profit of sixty cents per ton; explanation of levels and the coal carried one hundred miles by realroad, over decending grades, and without the usual allowance of five per cent. For depreciation, for one dollar per ton; thus deaving to the operator a profit of sixty cents per ton; explanation of levels and the coal carried one hundred miles by realroad, over decending grades, and without the usual allowance of five per cent. For depreciation, for one dollar per ton; thus deaving to the operator a profit of sixty cents per ton; explained to the coal carried one hundred miles by realroad, over decents of the coal carried one hundred miles by realroad, over decents of the coal carried one hundred miles by realroad, over decents of the coal carried one hundred miles by realroad, over decents of the coal carried one hundred miles by realroad of the coal carried one hundred miles by realroad of the coal carried one hundred miles by realroad of the coal carried one hundred miles by realroad of the coal carried one hundred miles by realroad of the coal carried of operator a profit of sixty cents per ton; exclusive of isodiord's royalty, which may be cleative of landlord's royalty, which may be estimated at twenty-five cents per tou. New the Elk cost can be delivered on the swharves at Erie one dollar per ton chaper-them any similar coal that now goar there, or at any other point on the Lake shorts. Thus, it will be perceived, a stupendous coal business is certain to accrue to the Surface and Erie Road the propent its Lake food business is certain to accrue to the Suffi-bery and krie Road the moment its Lake and shall-have been completed; and one of the inevitable effects of such trade will be to give extraordinary value to the lands."

These conclusions are no doubt founded upon solid grounds. The prospects are much greater than when coal was first in-

the inevitable effects of such trade will be to give extraordinary value to the lands."
These conclusions are no doubt founded upon solid grounds. The prospects are much greater than when coal was, first introduced at Pottaville. Then the market was small on account of its being so little used. Here there is a market of nearly two millions, and it only wants the completion of that end of the road to spring at once into existence. Elk, also, has the advantage of being superior agricultural land to support a mining population. The coal between the promotion of support a mining population. support a mining population. The coal being at hand, will, also, induce the manufacture of iron, as bituminous coal is superior to mond and an observed it is the recovered. ture of iron, as bituminous coal is superior to wood, and as observed, it is the nearest land to the Lakes, possessing the advantages

land to the Lakes, possessing the advantages

i. of both.

Property which a few years ago was selling at several dollars an acre, has now gone up enormously. The Elk and McKean Improvement Company are going into extensive operations. They own 120,000 acres, and the Company is composed of John C.

Cresson, Esq., Ifon. Henry M. Watts, Esq., Mordejai L. Dawson, Esq., William Bidder, Esq., John Livezey, Esq., William Bidder, Esq., John Livezey, Esq., William Bidder, Esq., They are selling their lands at fifty dollars an acre, each sharerepresenting one sere. The Ridgway Company, which has a tract of nearly 80,000 acres, are selling it at eight dollars an acre, but they in female to raise the price on the first of June.

The officers of this Company are Charles K. Landis, R. Griffith Porter, Fraghlin Butter, James Peters, Samuel W. Cattland others of this county for the manufacture of oil.

Venture of the City of Washington, the percentage of the Rocky Milliam Bagalaw was appointed Scoretary to the loss of the City of Washington, the percentage of the Board had been and his pocket picked of file was contemplating the dying one sere. The Ridgway Company, which has a tract of nearly 80,000 acres, are selling to a tight of the county for the manufacture of oil.

The deneral Conference has established the Kansas Conference, embracing, Kannas Canference, embracing, Kannas Canference, can all that park of Utha and New Mexico lying east of the Rocky Mountains.

The late election for Mayor and Councillance of the City of Washington, the Democrats of the City of Washington, the Democrats of the Rocky Milliams Bagalaw was appointed Scoretary to the last of the City of Washington, the Democrats of the Cit A large Company is also about being of oil.

In this county for the manufacture of oil.

AN BLOQUENT APPEAL

FAT CATTLE.—Centre county is fast be-We clip the following paragraph from ming celebrated for its breeds of fat cattle; speech made by James Raymond, Esq., of and we are pleased to see the commendable Westminister, formerly a Whig, in the re

> It impossible for his to become assimilated to that nocturnal fasternity, by going to a Lodge and being drawn through the hole of initiation. I was in daily liftercourse with a few other Whigs and nidny Democrats, who thought shad felt as I did, that a most unprecedented, unscruptions effort was being made to introduce indenght outhbound secrecy, as a standing element in the organization of political natures in this country. We creey, as a standing element in the organization of political parties in this country. We believed also, that success in this fittempt, would be attended with the most serious consequences. That it weilid end in the conversion of our free government into the within the range of \$6.88.50 for common to good within the

ment that would be likely to pay at least from 12 to 15 per cent, on the cost of the works; and that by \$\(\phi\) new patent, lately taken out for manufacturing gas from wood, (either pine, hickory or oak.) that there would be a considerable saving over the cost of making it from coal—counting coal at \$5 per ton, and wood at \$5 50 per cord.

The President appointed the following pertheir own eyes, and to hear with their own ears, what Know-Nothingism was, and of what it was capable. Upon the conservative, the Constitution loving, law and order portion of the community, it was a welding heat. To the Democra's, who will surrainder. Our next meeting shall be under the hickory tree, and see if the Know sothings will come and demolish that." It was under the hickory tree and should have been there at first. For, Mr President, what is the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party, to onne and the use of a third party is onne and the public generally, in stant of the his time would do sell to call and again the his stock before purphasing elsewhere as he is determined to sell at FALB PRICES, and will want to the his time would do sell to call and again the his stock before purphasing elsewhere as he is determined to sell at FALB PRICES, and will want to the his time would do sell to call and again the his time would do sell to call and again. hickory tree and should have been there at first. For, Mr. President, what is the use of a third party, to oppose the combined forces of Black-Republicans and Know-Nothings against the Democracy at the present time? I leave it to the oldshire Whigs to answer the question, and to act accordingly. They are intelligent and far seeing. If, in their inmost soul, they prefer Democracy to Black Republicanism they will be with us.

will be with us. There are now said to be no fewer than 40,000 miners on a strike in the west of Scotland.

A FARM WITHIN THE RRACH

OF EVERY MAN —27,000 ACAES OF

FARM and COAL LAND in Elle county, Bensinger township, Pennsylvania, for sale, giving a farm of 25 acres for \$200, payable in instalments of \$1 per week, or at the same rate monthly Farms of 50, 75, 100, or more serve adjoining in proportion Each farm front upon a road thirty foct width.

Titl: SOIL is a rich lie —300 loam, and especially adapted to cultivation as it is nextice billy not stony, but gently realing or fine table land Around and through this property there are already some 20,000 meres under cultivation, and its fertility had been established from the crups produced—I from the subject it is easy to be fully satisfied. There is a ready cash market for produce which is much better than trade. It is the CHEAPENT, as land of a similar quality is soiling at much higher prices adjoining and c specially sech ascontines on.

Title COAL —This in particular is the Coal District, exercal veins undertaying the whole property, and the attention of timent, and these acquaintyl with coal lands, is specially called to it. It has the alkaninge of being the Schike's to the great lake market, with which it will be connected by the Sunbury and Eric Railroad now under contract and in course of completion from Eric to Ridgeway, with descending grade the whole way. The soil over bit tumpous coal is the best, for instance Ragland and other countries. The drice per age is triffing for the coal Along, as it will certainly, in so favorable a localion within a short time pay largely. This is supportant as an immense coal trade will soon oppon

the coal Alore, as it will certainly, in so favorable a location within a short time pay largely. This is important as an immense coal trade will soon open Four coal companies have stendy been started to work mines in the vicinity and there are now afteen openings around St. Mary's:

"The TIMBER, Stockholders also receive—There is no reservation whatever rithin of the Timber, or coal. It is very valuable, and will pay for a great part of the land. On account of the excellence of streams there are fine opportunities for mills.

Frenches of the life of the li

water is pure and smonget the beat, the land abounding in fine springs.

FOUR RAILROADS will shortly be completed connecting it by a Direct communication with New York Philadelphia, Pittiburg, Eric, Burfalo, and all the critis on the Lakes. They are Surbury and Eric, the Alleghamy Valley, the Pittiburg and Burfalo, and the Venango. Energetic exertions are also being in the for the building of the Tyrono and Clearfield, which also parses through this property. The effect of this upon trade, and general development as well as the coal, may be imagined. The large and flourishing town of St. Mary's is the pentire of the tract, numbering near 3,000 in-habitants. It has hotely, good public schools saw and grist mills, stores well stocked with everything desired. There are 235 half-acre lots in the town of St. Mary's, which will be sold and the proceeds

whole district is intersected by good turnpake, and other roads.

This is a rare opportunity offered to those who wish to farm or have a goal involument for the feature. If in aking proper inquiries, and onsaidering the advantages of good soil an abundance of coefficient for the feature. If in aking proper inquiries, and onsaidering the advantages of good soil an abundance of coefficient operations and ultimate influence and it location, a correct judgment may be formed of its present advantages and ultimate increase.

By writing to the office directions will be given to those who wish to visit the land. A system of excursions will shortly be adopted. There is an excellent opening for various branches of mechanical business, especially teameries, whoshwights, are handle makers, showinghers, expecially teameries, whoshwights, as handle makers, showinghers, expecially teameries, whoshwights, as instalment. Ladded can hold shape in their own right. Title if unquestionably good, said warrantee decid given. Address of apply to SAMUEL. W. CATIELIA, Socretary, 135 Walnut kreet, between Fourth and Fitch freeds, Phylagistphia.
