THE PEOPLE SHOULD REMEMBER

That when the question of abolishing the

brutal practice of flogging in the American

army was brought before the Congress, it was

referred to the Committee on Military Affairs.

That this intensely Africanized gentleman,

who can shed crocodile tears over the

pretended wrongs of the negroes, and scream

long and loud for "bleeding Kansas," has

not the least sympathy to express for his

brave countrymen, who, amidst the storm of

battles have carried the flag of our country

in triumph upon every sea.

That for the most trivial breach of naval

discipline, he would HAVE OUR BRAVE

SAILORS STRIPPED NAKED AND TIED

UP TO THE MAST AND THEIR QUIVERING

FLESH CUT FROM THEIR BONES.

WHICH MAN WOULD DO THAT?

That Wm. L. Dayton is now before you

soliciting your vote of the plea of his love

for the negroes.

—A man with a soul as small as Wm. L.

Dayton's should not receive the vote of any

freelover of his country, although he may

be the candidate of the bastard American

and mock Republican.

—JON. KUPUS CHIOATE.

This illustrious Whig, statesman and patriot,

whose whole heart is devoted to the

Union and the Constitution has written a

letter to the Whigs in Maine, declaring his

intention of supporting Mr. Schuchel as the

only candidate "who carries the flag

and keeps step to the music of the Union."

In his letter he says, "I have hastily and

imperfectly expressed my opinion through

the unsatisfactory forms of a letter, as to

the immediate duty of Whigs. We are to

do what we can to defeat and disband the

geographical party. But by what specific

action we can most effectually contribute

such a result is a question of more difficulty

than it seems now to be settled that we present

no candidate of our own. If so vote at all,

then we vote for the nominees of the American

or the nominees of the Democratic

party. As between them I shall not venture

to counsel the Whigs of Maine, but I deem

it due to frankness and honor to say, that

while I entertain a high appreciation of the

character and ability of Mr. Schuchel, I do

not sympathize in any degree with the

objects and creed of the particular party that

he nominates, and do not approve of their

organization and their action. Practically,

the content in my judgment is between

Mr. Buchanan and Col. Fremont. In these

circumstances I vote for Mr. Buchanan. He

has large experience in public affairs his

commanding capacity is universally acknowl-

edged; his life is without a stain. I am

constrained to add that he seems at this

moment, by the concurrence of circumstances,

more completely than any other, to represent

the sentiment of nationality, tolerance,

warm and comprehensive—without which

nothing will increase of which, America is no

longer America; and to possess the power

and trust the disposition to restore and

keep that peace, within our borders and

without, for which our hearts will yearn,

which all our interests demand, through

which and by which alone we may hope to

grow to the true greatness of nations."

CONGRESSIONAL.—The extra session of

Congress still continues without any nearer

prospect of accomplishing the object for

which it was convened, than was apparent

a week ago. A new Committee of Confer-

ence on the Army Appropriation bill has

failed to agree, and as the House has several

times refused to recede from its obnoxious

Kansas proviso by a vote of 97 yeas to 100

nays, and the Senate has as often insisted

upon striking out the proviso by a vote of

33 yeas to 7 nays, it is difficult to see how

any settlement of the difference between the

two houses can be accomplished. There is

a little hope, however, that the bill will

eventually pass in some shape, as both the
