Arouse!

Our enemies and the enemies of equal rights and popular sovereignty, will be vigilantly and industriously at work to rally their scattered forces, and restore harmony to their ranks, which want of principle has compelled every honest thoughtful man to desert.!

Buckle on your armor anew national union-loving men, give one more earnest, fearless charge into the ranks of the opposition, and the wild and reckless *isms* that have been threatening the peace and prosperity of our glorious confederacy will be dead—forever dead—and the corrupt leaders of parties that urge their followers to sacrifice principle for the sake of victory, will fall lifeless (politically) at the shrine of public virtue and national integrity.

PHILADELPHIA CORRESPONDENCE.

October 25th 1856.

Mr. Editor—Since my last, the woolly-heads have been striving hard, very hard, to devise some means of extricating themselves from the awkward dilemma into which the result of the election in this State has thrown them. A more thoroughly used-up set of politicians have not been seen in Philadelphia for a number of years; indeed their energies seem to be paralysed, and not knowing what else to do, they set up a charge of bargain and sale against Mr. Sanderson, the Chairman of the American Executive Committee, and the Democrats: but that *lie* was nailed to the counter, in a letter from Hon. Henry D. Moore, the American candidate for Mayor at the last election, and who administers a proper and telling rebuke to those hypocrites who cry out against deception, and at the same time using every effort to blindfold and cheat the Americans. But all their efforts will prove abortive, so far as this city is concerned for they cannot hoodwink the Americans here and deceive them into the support of their Black Republican candidates. And again, let me repeat what I have previously said, that Philadelphia will give on the 4th of November, such a majority as will astonish the woollyheads and cause them to open their eyes with wonder. Judge Kelly has tendered his resignation as Judge, to take effect on the 1st of November. He is announced to stump the State for Fremont.

A prominent member of the American party was this week offered the sum of $2500 if he would stump the State for Fremont, but being an out-and-out Fillmore man, refused the tempting bait.

You will have some marvelous stories spread through your section of country in regard to the strength of the woollyheads hereabouts, but rest assured they are all for effect, having no foundation in truth.

To-night our merchants who are in favor of a pure Fillmore ticket, are to hold a meeting in National Hall, for the purpose of vindicating the conduct of Mr. Sanderson, the Chairman of the American State Executive Committee, who has been most shamefully vilified by the woollyheads because he refused to go in for a fusion ticket for electors. The call is signed by some of our most influential merchants, and promises to be a very large one. Business continues dull, and store keepers are complaining very much. Everbody is absorbed in the election. The amount of coal brought down by the Schuylkill Navigation Company, for the week ending October 23d, was 32,795 tons, and by the Reading railroad, for the same period, 52,130 tons—making a total for the week of 84,965 tons.

The number of deaths in this city for the week ending to-day, was 177, of consumption 20, scarlet fever 22, &c., Males 88 females 89.

M. Godard, the aeronaut, made a splendid ascention this afternoon, from Parkinson's Garden are passing over the city in a North East direction.

The contested election case of Wm. B. Mann against C. Lewis Cassiday, is progressing in the Court. Thus far a recount has added to the majority of Mr. Cassiday. The cry of fraud to the woollyheads, is a miserable subterfuge, as from the accounts throughout the State, *they must have been checked everywhere!* Yours, Typo.

P. S.—There is a telegraphic rumor in this city, which has been received with credit, that the Executive Committees of the Fillmore and Fremont parties met at the headquarters of Fremont in the city of New York, this morning, and after consultation agreed to withdraw the names of Fillmore and Fremont, and substitute that of Hon. John McLean, of Ohio. It is thought by the knowing ones in this city, that it will have a good effect. I give you the rumor as I got it. T.

Contested Election.—In the third Congressional district where the election of Campbell (Abolition) is contested by Mr. Vallandigham on account of illegal voting.—In relation to this matter the Cincinnati *Enquirer* says "there is no doubt that Vallandigham is elected by the votes of the legal electors. Mr. Campbell's apparent majority of nineteen is made up by negroes, who have no right to vote under the State constitution, its provision being *'white male citizens of the United States.'* Some forty negroes are known to have voted for Campbell, in plain defiance of the constitution. In this connection we heard a good story of Campbell, from Josiah Carnitz, of this city, who was yesterday in a barber's shop at Hamilton, when Campbell came in, and a conversation was held between him and the negro occupants, both of whom admitted that they voted for him, Campbell. One of the negroes remarked that the result showed what a few negroes could do. Campbell thanked them for their support, and said that he did not desire any better votes. We had this from Mr. Carnitz's own lips."

A Third Fremont Wanted.—Says the Albany *Atlas*: "There are two Fremonts—one was beaten in Pennsylvania; one in Indiana.

We want a third to beat in New York. Wake up, Greely."

Viator will be attended to next week.

Attempt to Buy German Votes.

The following letter we received just as we were going to press, from Mr. Charles Luhr, who was written to, and offered one hundred dollars to secure the vote of the Germans in Elk county. Mr. Luhr was too *honest to be bought*. We lay it before our readers, to show the despicable attempts of the opposition to secure the election of Cochran. The letter speaks for itself:

Philadelphia, October 4th, 1856.

Dear Friend Luhr:—Permit me to write these few lines to you with regard to the present election. Having heard that you have great influence amongst the Germans, and also amongst the Americans in your county. Consequently would recommend to you, the following name, you can earn by it ONE HUNDRED DOLLARS, that is if you try to gain the German vote in St. Mary's. You are the only man I know that can do it. This man is only for Canal Commissioner. Thomas E. Cochran; though it is on the American ticket, yet dear friend we know well enough that we Germans cannot do much. If you will interest yourself in this matter you shall obtain from me the above sum. Write to me.

WITHERING DENUNCIATION OF THE BLACK-REPUBLICAN PARTY BY MILLARD FILLMORE.

Millard Fillmore delivered a speech in Albany, New york, in July, in which he thus referred to the Black-Republican party

"Suppose that the South, having a majority of the electoral votes, should declare that they would only have slaveholders for President and Vice-President, and should elect such by their exclusive suffrages to rule over us at the North. Do you think we would submit to it? No, not for a moment. [Applause.] And do you believe that your Southern brethern are less sensitive on this subject than you are, or less jealous of their rights. [Tremendous cheering.] If you do, let me tell you that you are mistaken. And therefore, you must see that IF THIS SECTIONAL PARTY SUCCEEDS, IT LEADS INEVITABLY TO THE DESTRUCTION OF THIS BEAUTIFUL FABRIC REARED BY OUR FOREFATHERS, CEMENTED BY THEIR BLOOD, AND BEQUEATHED TO US AS A PRICELESS INHERITANCE.

I tell you, my friends, that I feel deeply, and therefore I speak earnestly on this subject,—(cries of "You're right!") for I feel that you are in danger. I am determined to make a clean breast of it. I will wash my hands of the consequences, whatever they may be; and *I tell you that we are treading upon the brink of a volcano, that is liable at any moment to burst forth and overwhelm the nation.* * * * *

It seems to me impossible that those engaged in this can have contemplated the awful consequences of success. If it breaks asunder the bonds of our Union, and spreads anarchy and civil war through the land, *what is it less than moral treason?* (Cries of "nothing—nothing less!") Law and common sense hold a man responsible for the natural consequence of his acts and *must not those whose acts* tend to the destruction of the government, be equally held responsible? (Cries of "yes! yes!")

Fremont in Town.—It was noised about the city yesterday afternoon that Col. Fremont would arrive by the Troy and Boston cars from the North at 5 o'clock. Quite a large crowd assembled at the Union Depot to greet his arrival. While awaiting the departure of the Hudson R. R. train, a number of citizens had opportunity to speak with Col. Fremont and when the cars left, the crowd set up a cheer. There was some doubt at first as to *which* Fremont our visitor was, but as he took off his hat, it was plain to be seen that he had his "hair parted in the middle," every body said, "that is the Fremont that Mr. Bigelow made." It is understood the Col. has been on a visit for a week past to some relatives in Canada. —*Troy Whig Saturdy Oct.* 10.

We have received a copy of a new weekly entitled "*The Nation, and Printer's Register.*" It has just been started by our friends, Messrs. Crowfut & Bigelow, at 83 Dock street, Philadelphia, who are determined to render it worthy of the patronage of the reading public. We think these gentlemen well qualified to manage such an affair correctly, and with the corps of authors, whose names and writings now appear on its pages, it cannot fail to attain the success it merits.

Death in the Cars.—On Monday last a middle-aged lady, who had left Harrisburg, Pennsylvania, for Marietta, was taken ill in the cars and left at a hotel in Bainbridge, where she died in a few minutes. The body was taken to Columbia, for burial. A marriage certificate setting forth that Mr. Strauss and Mary Ann Scrall, both of Dauphin county, were married on the 6th of February, 1856, was found upon the person of the deceased.

Thanksgiving Day.—Governor Pollock has issued a proclamation recomending that the 20th proximo be observed as a day of "public thanksgiving and prayer." This makes the eighth state which has united upon the 20th of November for a public thanksgiving day, as follows: New York, Missouri, Maryland, Maine, Vermont, New Hampshire, Connecticut and Pennsylvania.

THE MARKETS.

Bellefonte, October 28, 1856

There has been but a small business doing in any kind of grain for some weeks. The farmers having been busily engaged with their seeding and Corn.

Our Wheat crop is of the very best quality, but does not turn out as well to the dozen as was anticipated. The crop, however, is a fair average as to quantity.

The Potato crop is much better than we have had in this region for some years.

New Corn is being brought into town, out of the field at 50 cents per double bushel

Oats continues scarce at 33 to 35 cents

PHILADELPHIA, October 27, 1856.

Clover seed is less inquired for to-day, and some small lots have been disposed of at $7 per bushel, which is a decline.

Holders of Flour are rather firmer in their views, since the receipt of the private advices by the Arabia; the export demand, however, is limited, and only about 1000 barrels, mostly good straight brands have been taken for shipment, in lots, at $7 per barrel, which is now the uniform asking price for standard superfine The home demand is moderate within the range of $7 to $8 per barrel for common retailing to extra and fancy family brands. Rye Flour and Corn Meal remain quiet, but without change in quotations

The receipts and sales of Wheat continue moderate, but the demand is rather better to-day, and some 5000 to 7000 bushels found buyers at 156 cents to 157 cents, for prime Pennsylvania and Southern Reds, mostly at our highest figures, afloat, which is an advance, including several lots of White at 165 to 170 cents, as in quality, the latter for strictly prime Rye is steady, with further small sales of 700 to 800 bushels at 78 to 80 cents, as to quality. Corn is unchanged, but the market closes less active. Some 6000 to 7000 bushels Southern yellow found buyers at 67 cents, afloat, and 3000 bushels Pennsylvania, in store, at 66 cents Oats are better, and about 3000 bushels Southern have been sold at 47 to 48 cents.

Benevolence.—We do not think a person can evince a more benevolent trait of character than being moved at the distress and sufferings of others, and furthermore, anxious to do all in their power to alleviate by every possible means human suffering. In this view of the case, we do not know how the human and benevolent can act in a manner more in accordance with their philanthrophic views, than *by calling the attention of their afflicted friends* and acquaintances to the fact, that Dr Seth S Hance, of 108 Baltimore street, Baltimore, Md., has discovered a preparation, which is put up in the form of a pill, that has a specific action for curing Epilepsy, or falling fits, spasms, cramps, and all forms of nervous diseases. Among those who have been permanently cured, we might mention a member of the family of James H Beadle, Huntsville, Alabama, Mr M P Sledge Cabin Point, Surry county, Va, and Mr W P Logon, Grenada Mississippi We might go on enumerating a number of others, until we had entirely filled up this column of our paper; but we think we have said sufficient to satisfy every person that the subject under consideration is one of vital importance to every one Reader! If you are a well man or woman, and have no need of a remedy, perhaps you know some person who is not equally blessed as yourself, if so, cut out this notice, and send it to him or her It will cost you but little trouble and probably it will make you instrumental in curing some poor, afflicted mortal of that dreadful visitation, Epilepsy, or falling sickness

Dr Hance sends his pills by mail, free of postage, to all parts of the world, on the receipt of a remittance His prices are, one box, $3, two, $5, twelve, $24 We have given his address above

Two More Chances to Win Before Election.—The conquest of a fortune is the most desirable of worldly victories; and man must mingle pleasure with his prudence and economy The decided men do, whether good or evil, live after them, and the man who by wisdom and diligence has retrieved himself from anxiety and placed those who are, or may be, dependent on him, above the fear of excessive and possibly hopeless want, need wish for no more honorable fame from his companions, even though he may have frightened the pharasees by the honorable but unfashionable means through which he has accomplished this result The Lottery, now as formerly, one of the auxilliaries of human advancement in education and morality, may become the means of doing that which we have painted out, sooner than any other method, or even when *all other methods have failed* Such has recently been the case in several instances, to our knowledge, and in this connexion, strong as our prejudices have heretofore been against any such thing, we cannot refrain from mentioning the fact which appears from the circular forwarded to the favorite old Havana plan The drawing takes place October 31st In this they are 1000 prizes, whole tickets are only $10, and halves and quarters in proportion All orders for tickets addressed to T H. Hubbard & Co, Agents, Baltimore, Maryland, will, no doubt, be promptly attended to
