The bail which fell was of fatigue, and the pain arising from the dis-tension of the muscles. Often my feet and hemlock or cowbane have been caten by covered with blood.

Immediately after the Governor left in parright and were contained in contrast of the parsing with the most virulent of all the suit of the cattle, the wind awept down, dis sequence. But the most virulent of all the suit of the cattle, the wind awept down, dis cutting through them—while working at the highest I so wounded my elbow by pressing When not in flower it resembles the celery, averal times came near being capacity by polled to seek alielter in the same, shich averal times came near being capatard by the wind.

> The next morning was clear and beautind a quantity ful. Scott's Bluffe then in full view jucken tecture. The whole appearance productd by the action of the wind and minuped the
