periority healthy hogs, and enclosed then in an hospital pen where many others had digit. If had for them exclusively on corn and water. In a few days they sickened and died, thus proving the infectious character of the disease. If a law days they sickened and died, thus proving the infectious character of the disease. If a law observed that horn belonging to farmers along the road on the which the dead distempered bogs were make twelve here coats and twenty pair of a baudded, were swept off by scores; thus con- done by hand. The mest perior to what haulded, were swept off by scores; thus con-firming his previous test. dous by hand. The most proceeds per west, after maying of the hands, will be from \$18 to \$20 The michane is say to manage, and not apt to get up of remin.

Dr. Sutton, an eminent physician of Law renceburg, meantime was called to investi-

The uniching is say to minage, and not apt to get out of rowin. WH. L. HULLER, Marchant Lailor. READING, Apts 24, 1864 This is to certify that we purchased i of Mr I M. Samerd Ca's Stewing Machines to years are which has been in use constantly n stout leather work wighting setting out of rep. "We are confident that our machine downs mich beer at not work wighting setting out of rep.". As an every wighting the set of the set of the set work of the set of the set of the set work wighting out of rep. "A set are confident that our machine downs mich better in avery respect. We shall is very one mint to A sum two wichines, o avoid the delayer shift in the start and healt from carse to fine work under the set of machies in existence to appedite work. The undersigned, having purchased the right to use, and wond in others to be used, of J. M. Singer 4 Co., in the following terilory State Of Wisconnin, Northern Indians, Pennsylvania, (excepting the constitute of Windenhald in the bar of the set into the phenomenon. "Hoga attentively obyer until dissolution ; while others afflicted; wery killed and examined through all the stages, but without affording any clue expos ing the origin of the disease, or developing Any foets that could suggest appropriate remodies. The first symtoms are manifest-

ed in the staggering motion of the bog, which is succorded by violent purging, simultane ous yoputing, accompanied with spasms This disease then extends to the throat, which inflames and swulls until the hog sti-fles and diss. In this respect the disease may be said to resumble the erysipelas. In fact, as it is from this cause chiefly that death is produced, the malady seems more nearly allied to crysiplas in the treat than to continue of Philadelphis, Eris, Allsgheny and North-sumpton,) and being therefore, the sole proprision, is which inflames and swulls until the hog sti-ang be said to resumble the erysipelas. In fact, as it is from this cause chiefly that death is produced, the malady seems more nearly allied to crysiplas in the treat than to nearly allied to crysiplas in the treat than to meanly allies to cryapizes in the weat team to cholers. Mr. Wraff further observes that the young stock hogs are more casily affected than full grown and fat ones : and that a log recovering from this distamper may afterwards, run with impunity among hund reds of the slok and dying without danger of

ten in the bripe. When you take them out , PHILADELPHIA ADVERTISENENTS. drain them well, ponder them with some CONRAD & WALTON, IMPONEERS & WHOLESALS DEALERS IN HARDWARE, 225 MARHET STREET, PHELADELERIA; course flour, and hang them in a dry place. The same brine can serve again, observing that you must not put so much salt on the next hams that you pickle. This method hab been tried and pronounced the better than the Westphalia.
