

LOCAL INTELLIGENCE

The election in Ferguson township, says a correspondent from there, resulted gloriously. The following officers (all Democrats) were elected by majorities ranging from 50 to 80.

Samuel Harris—Judge of election. Samuel L. Line—Inspector of elections. Robt. F. Barton, Wm. Y. Meek, Jacob Kepler, Sr., Benjamin Corl, Joseph Gates—Supervisors. Joseph Gates—Constable. John Britt—Auditor. Jno. B. Mitchell—Assessor. Joseph Snyder, Geo. M. Kasper, School Directors. Dr. J. K. Smith.

The election in our Borough resulted in the choice of the following officers. Samuel Harris—Assessor. Samuel L. Line—Judge of election. Ira O. Mitchell, Inspectors of election. George Grafius—Constable. James D. Turner, Overseers of Poor. William Harris.

It is due to the Democracy to say that they had no ticket until after dinner, and that it was then formed merely for the purpose of obtaining an Inspector, and that it was done openly and honorably, and not as the Whigs say, secret and clandestinely.

The excitement created in our community by the assault made by a negro upon a young lady, which we mentioned in our last issue, continued to increase for several days. Many colored persons answering the description were brought before our magistrates, Justices Caldwell and Weaver, and after examination were released.

On Thursday, Feb. 12th, by Rev. Robt. Hamill, Mr. William Hodgson to Miss Mary daughter of Mr. Joseph Andrew, of Harris township.

On the 17th inst, by the Rev. F. P. Lang, Mr. Robert Hart to Miss Sarah daughter of Mr. Peter Darr of Centre Hill.

On the 20th inst, by the same Mr. John Sawyer to Miss Sarah daughter of Major Neil, both of Centre Hill.

On Monday, Feb. 23d, in Spring township, Mary daughter of Richard and Elizabeth Hoag, 13 months and 5 days.

for the common good, they must secure what is won.

2. Higher qualifications are demanded every year by the operation of the "improvement" tendency, every school is searched, exertion is necessary, to keep up with the general progress. There is now no escape.

3. District Superintendents will be established by many thousands of directors. This will add greatly to the completion of School Supervision. It will establish the reputation and secure the reward of the multi-talented, systematic, skillful teacher; and lay bare the defects of the unprepared and incompetent; it will note and record monthly improvement, and search every class and every grade in the school; it will render every mode of systematic, scientific teaching absolutely necessary to the teacher.

4. Every inefficient teacher is a moral traitor to the common interest. He stands in the doorway of knowledge; closes it up, and perpetuates ignorance or falsehood instead. As our State is constituted, it cannot afford ignorance anywhere. It is more dangerous than fire or pestilence. All must be held to a certain extent, for all vote, and all should be educated together, and as nearly alike as possible. County Institutes are called upon by the leading educationalists of the State, as the most immediately effective means of practical improvement.

5. The next meeting will have special arrangements to interest, instruct, reward and gratify all who attend.

6. Directors have become sensible that the most enterprising and earnest teachers are those who attend Institutes, and they seek them accordingly. Handsome certificates will be prepared for members as evidence on this point.

7. Millsburg is a central and readily accessible point, and her citizens will receive the teachers in a manner evidencing their respect for them as their children's and their country's best, most pains-taking and self-sacrificing friends.

8. The new school-house lately erected at the Millsburg Iron Works is a model building, which every teacher and Director should seek opportunity to inspect. In fact, we are fully convinced, concludes that "it is absolutely a duty which I cannot evade; I must and shall attend the Institute with all my fellow teachers," and arrange accordingly.

9. The new school-house lately erected at the Millsburg Iron Works is a model building, which every teacher and Director should seek opportunity to inspect. In fact, we are fully convinced, concludes that "it is absolutely a duty which I cannot evade; I must and shall attend the Institute with all my fellow teachers," and arrange accordingly.

10. The new school-house lately erected at the Millsburg Iron Works is a model building, which every teacher and Director should seek opportunity to inspect. In fact, we are fully convinced, concludes that "it is absolutely a duty which I cannot evade; I must and shall attend the Institute with all my fellow teachers," and arrange accordingly.

A TENTION FARMERS, AND ALL OTHERS INTERESTED!

COGN SHILLERS! One of the best, most convenient, durable, and at the same time, the most easy running shillings ever offered to the public.

Call and see them before purchasing any other, as I am certain you will be satisfied with this. JOHN D. TURNER, BELLEFONTE, PA.

Having examined and tried the patent Shillings and Ready Corn Shellers, manufactured by Daniel Dew, of Harrisburg, Pennsylvania, I find them to be the most useful and best of the kind.
