THE AFFAIR AT ALTOONA.—The tragic affair, resulting in the miserable death of three persons, took place about two miles from Eddyville, Iowa, on the 10th inst. As one of the Western stages coming eastwardly, coaches reached that point, a passenger by the name of Jos. Patterson, Jr., from Joliet, Ill., in whose previous appearance nothing singular had been observed, exclaimed, "Why did you kill my father?" With a pistol and dirk-knife in their commenced a most terrible onslaught upon the passengers, mortally wounding Dr. Timmons, of Knoxville, Marion county, Iowa, and severely injuring a Mr. Hylander, of Jasper county, Iowa. He was an entire stranger to all the parties injured; and cannot only be assigned for the commission of the act.

HAIR RESTORATIVE.—Prof. Wood, the renowned discoverer of the invaluable Hair Restorative still continues to labor in behalf of the afflicted.

His medicines are universally admitted by the American press to be far superior to all others for causing the hair on the head of the aged that had been silvered for many years, to grow forth with as much vigor and luxurance as when blessed with the advantages of youth.

There can be no doubt that it is one of the greatest discoveries in the medical world. It restores permanently gray hair to its original color, and makes it assume a beautiful silky texture, which has been very desirable in all ages of the world.—St Louis Morning Herald. no.19-4

PREPARE! PREPARE!—In the event of the world coming to an end, on the 13th of June next, the Mount Vernon (O.) *Banner* offers the following consolation "to all whom it may concern:" "But if the world *should* come to an end, there is one class of people we pity from the bottom of our heart—*newspaper delinquents!* Awful, terrible, fearful will be their doom! In vain will they attempt to hide themselves in caves and coal cellars! It will be of no use—there is no escape for them! Their only hope for redemption is to square off with the printer by the 12th of June, and take a receipt, so that St. Peter will admit them within the gates of the Celestial City. A hint to the wise is sufficient."

ANOTHER RESPONSE TO THE PRESIDENT'S INAUGURAL.—Just as we were going to press, says the Washington *Union*, we received the following special telegraphic despatch, announcing a Democratic victory at York Pa., thus proving that the sentiments embraced in the President's Inaugural Address are the sentiments of the people.

YORK, (Pa.,) May 2.—At our borough election to-day the Democrats elected their borough officers for the first time in forty years, electing Peter McIntyre Chief Burgess by sixty-five majority. Last fall, when Mr. Buchanan carried the county by an unprecedented majority, this borough was against him. A large vote was polled.

DIED OF POISON.—The Danville (Pa.) *American* says the post mortem examination of Mr. Montgomery, the member of Congress lately deceased, exhibited extensive ulceration of the mucous or lining coat of the stomach, and the entire destruction of the membrane, both at the cardiac and pyloric orifice, with a general loss of tone, or disorganization of the thoracic and abdominal viscera. The physicians ascribe his death to poison. Mr. Montgomery stopped at the National Hotel, Washington during the inauguration.

THE TOBACCO CROP.—The Clarksville, (Tenn.,) *Jeffersonian* of the 1st ult., says: "Planters in this and adjoining counties report a gloomy prospect for a large tobacco crop. The lateness of the spring has cut off the plants, and the complaint of want of seed is now general, though it is questionable whether tobacco raised from seed planted now, could ever be matured. The indications, so far as we have been able to gather, favor the idea of a short crop."

HEAVY DAMAGES.—A case was tried last week in the Common Pleas of Cumberland county, Pa., for slander, in which Abraham Swartzwelder was plaintiff, and Jacob Renninger defendant. The latter, it appears, declared in the public market in Harrisburg, before a number of persons, and in other places that he believed the former had a hand in a murder committed in that county a year ago. The jury awarded the plaintiff $2,500 damages.

MR. POLK.—A communication published in the Nashville *Union* contradicts the statement which have lately appeared in the New York *Day Book*, and other papers, in relation to Mrs. Polk. That lady has no intention to reside in Washington City. She has never been in London, nor out of the United States. Nor has she been out of the State of Tennessee since the death of President Polk. Nashville is her home for life.

COL. FORNEY.—We understand that Col. Forney, who, it has been stated as lying very ill in Philadelphia, a few days since, has been for some time rather seriously indisposed, but has recovered sufficiently for travel, and is now in Washington, convalescent.

EX-GOVERNOR FOOTE, who has been for some time associated with the Know Nothings in California, has withdrawn from that organization and returned to his first love—the Democratic party. He is an able man and will do good service toward beating down the frontier sectionalism.

THE Directors of the Lancaster Savings Institution appeared in Court on Saturday and made an assignment of its effects. T. L. Roberts is the assignee. It is thought the institution will pay about fifty cents on the dollar, when its affairs are closed up.

FIFTY DOLLARS REWARD.

The above reward will be paid to any one who will furnish the undersigned with such information as will lead to the apprehension of the person or persons, who started the recent fire on Nittany Mountain and in Greene valley. Having been employed for the purpose no means will be left untried that may lead to the detection of the guilty party.

HOOVER'S LIQUID HAIR DYE.—This Hair Dye needs only a trial to satisfy all of its perfection as a "Dye," and the following testimonial from that eminent Analytic Chemist Professor Booth of the U. S. Mint, will only confirm what thousands have previously borne testimony to:

"LABORATORY FOR PRACTICAL CHEMISTRY
St. Stephen's Place,
Philadelphia, February 17th, 1857.

"Being well acquainted with the substances composing "Hoover's Liquid Hair Dye," I am satisfied that by following the simple directions given for its use, it will not injure the hair or skin, but will give a natural and durable color to the hair."

JAMES C. BOOTH, Analytic Chemist.

HOOVER'S WRITING INKS, including Hoover's Fluid, and Hoover's Indelible Inks, are fast well known and introduced to require any additional testimony of their character. ONLY ONE BOTTLE OF DR. SANFORD'S INVIGORATOR of liver remedy is required to cure any one troubled with liver complaints, unless the most desperate of cases, when the second bottle will, with scarce a single failure, restore the patient to health and vigor. We wish to call the attention of all to these facts, that the Invigorator is compounded by a physician who has used it in his practice for the past twenty years with a success almost unprecedented, and that it is entirely vegetable, being composed wholly of gums.

Some idea of the strength of these gums may be formed when it is known one bottle of the Invigorator contains as much strength as one hundred dozen of Calomel without any of its deleterious effects.

One bottle is the surest thing known, to carry away the bad effects of mineral poison of any kind.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

One dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two tea spoonfuls will always relieve sick headache.

One bottle taken for female obstruction removes the cause at once, and makes a perfect cure.

Only one dose immediately relieves cholic, while

One dose often repeated is a sure cure for cholera morbus, and a sure preventative of cholera.

One dose taken often will prevent the resurrence of bilious attacks, while it relieves all painful feelings.

One or two doses taken generally is one of the best remedies for a cold ever known.

These and a host of cases of inflamation and weakness of the lungs have been cured by the Invigorator.

One dose taken a short time before eating gives vigor to the appetite and makes food digest well.

One dose often repeated cures chronic diarrhœa in its worst forms, while summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer and speedier remedy in the world, as it never fails.

There is no exaggeration in these statements, they are plain and sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We wish all who are sick and afflicted to try this remedy, and test it thoroughly, and see who are not benefitted by it as we should like to hear from, as we have yet to hear from the first person who has used a bottle of Invigorator without receiving benefit, for there are such astonishing medicinal virtues in it, that all, no matter how long they have been afflicted if their complaint arises from a deranged liver, will be benefitted, if not entirely cured.
