For the Watchman.

...sday last, the Western Division of the Tyrone and Lock Haven Railroad, with the Bellefonte branch, the whole being 33¼ miles in length, was let to S Brady & Co., for grubbing, grading and finishing ready for the superstructure, for the sum of $66,500, that amount being $1,375 08 less than the Engineer's estimate.

Mr. Brady, the principal active partner, is a son of Capt. Brady, of Perry's victory memory, and who is now Sergeant-at-arms in the Senate of Penna.

S. Brady is a citizen of Clinton county, Pa., and is an experienced contractor, a good judge of work, and an enterprising, energetic, thoroughly going man, and will no doubts drive this work through to completion.

There were over forty bidders for the work, or for parts of it, but Messrs. Braly & Co. were lower than other parties, and consequently obtained the contract. The Company will no doubt find themselves fortunate in having got the work to experienced and reliable men, who have been raised in this community, and are familiar with the character of the people, consequently they will be enabled, as they are determined to do, to render the work to the farmers and others through whose land the road passes, or who are interested in the road, on such terms and conditions as will be satisfactory to all parties, and insure its early completion.

Mr. Brady will be at the Engineer's office, in Unionville, on Friday and Saturday next, to receive proposals for any portion of the work.

The Tyrone and Lock Haven Rail Road may now be looked upon as a fixed fact: to be sure there is not yet money enough subscribed to finish it, but the road being now located, and the work let, those who have promised to aid in raising stock, when it was demonstrated that the road had any chance of being built, will certainly now come up to the work, and show that they meant what they said, and will do as they promised.

The citizens of Union town have subscribed $10,000 to the road, and with two exceptions have released the right of way. If every township along the line will do as well, enough money will be raised in the townships through which it passes to pay for the graduation, masonry and bridging of the road, but some townships have done very little, and Millesburg and Tyrone are included in this class, both of which places will doubtless be largely benefitted by this road.

On Saturday afternoon, the President with the Engineer and his corps, staked out one hundred feet of the road, and with picks, shovels and wheel barrows, after taking off their coats and silk gloves, went to work and graded a hundred feet of the road, containing twenty-five yards of embankment. The President used the charter, after which he took formal possession, by himself first breaking ground.

All hands then went to work, and in less than two hours they finished the graduation of their 100 feet contract. The road then is let and partially graded, and before the close of 1858 we expect the cars to be running over his division of the road.

This number of our paper has been delayed beyond its usual time, in consequence of our foreman getting into a spree.

Iowa Election.—Strange as it may seem, says the Lewistown *True, Democrat*, altho the election of State officers in Iowa occurred a month ago, no definite result is yet known. There is, however, but very little doubt that the Democracy have carried the State by from 2,000 to 5,000 majority. Returns from forty-four counties show a Democratic gain on the Opposition vote of last fall of 6,737, which Fremont's majority in the State was 7,533, leaving only 796 majority to be overcome in fifty four counties yet to be heard from. The sober second thought has evidently taken a strong hold among the people of Iowa, and they have struck a blow against Abolitionism that will be felt throughout the Union. The *Dubuque Express* says:

"We suppose the Democratic State ticket is elected in Iowa. The Democracy have done nobly. At the August election the State will be redeemed: mark our word.—The Democratic majority for Judge Wilson, in the Second Judicial District, in 1854.—He carried every county but one. This district gave a majority of one for Fremont over Buchanan, and gave Fillmore 600 votes. Here is a clear Democratic gain since the Presidential election of nearly two thousand votes!

A MEDICINE THAT NEVER DEBILITATES

Dr. Sanford's *Invigorator,*

Or Liver Remedy,

HAS ALL THE GOOD QUALITIES OF a purgative medicine, answering the purposes of any Cathartic without the debilitating effects experienced from most purgative. It acts slowly and gently, but surely, moving the bowels to carry off all the secreted matter, at the same time, stimulating the Liver to a proper performance of its functions.

The Invigorator cures Sick Headache. Take one of two teaspoonsful at each attack and it will soon disappear. For an overloaded stomach, one wineglass of soda, take the Invigorator after eating, and it will not prove disagreeable or oppressive. For Heartburn, Palpitation of the Heart, Difficult Breathing, take a tea spoonful one or two times a day. For Loss of Appetite, Languor or Listlessness, the medicine is invaluable. It will restore the appetite and make the food digest well. Nightmare, taken a tea-spoonful on retiring, and the nuisance of Cramp-Lime will be all cured. In treating about worms, take a dose of Invigorator two or three nights, and it will expel all oppressive or filthy matter. The Invigorator is a Liver Regulator, Purifier of the Blood, and Strengthener of the whole system. In all cases of Liver Complaint, Dyspepsia, Jaundice, Bilious Attacks, Dysentery, Piles of every kind, and all Female Complaints, for which it has no equal.

We know there is nothing now before the American public, prepared with such skill by a scientific man, particularly for diseases of the Liver, as Dr. Sanford's Invigorator, or Liver Remedy. It has attained a reputation second to no medicine in the world, simply because it does its recommendations. To convince all by trial that it is all its proprietors claim it to be, is the only object of our agent, and from satisfactory assurances we have received from sundry persons who have used it, we feel confident that we can safely recommend it to all suffering with Liver Complaint, or Dyspepsia, that it will surely cure them as the Invigorator.

There has lately been brought to our notice a medicine that possesses wonderful, curative and healing properties in diseases of the Liver, Stomach and Digestive Organs. It came to us with so many testimonials in favor that we have noted its effects in each of the worst cases of continual debility, caused by deranged liver, and in every instance the effect was to relieve or give a permanent cure. Dr. Sanford's Invigorator or Liver Remedy is what we call it. We always have been doubtful about cures by patent medicines, but we are convinced that this medicine, in family use, is not open to any of the objections attached to them. Our advice is, for all troubled with Indigestion, Debility or Bowel Complaint, to get a bottle and try it—a word to it, will make the experienced.

Businesses to the invalids who use Dr. Sanford's Invigorator, for it will relieve them of their pains as soon as it is taken into their stomach. Pain and misery cannot exist where the Invigorator is used, for it will as surely drive them away, as daylight will banish darkness, of this there can be no doubt to those who try it, for it carries conviction with every dose taken. Another evidence is the thousands of certificates
