Tribute of Respect.

The Athlonow Literary Society of Pine Grove Academy and Seminary, having heard of the death of Mr. J. J. Hurst, formerly a member of their society, of Typhoid fever in Freeport, Stevenson county, Illinois, June 5th, 1857, on motion, adopted the following preamble and resolutions at their regular meeting of the Society, June 30th, 1857.

WHEREAS, It pleased Almighty God in his wise providence, to call from life to immortality, our worthy and beloved fellow student:

Resolved, That although our hearts were sad, yet we hope he has gone to a better world, where sickness and sorrow, pain and death are feared and felt no more.

Resolved, That we, as a Society, regarding Mr. Hurst as an esteemed and honored friend, show our feeling of respect for him by wearing crape, as a badge of mourning, for the term of thirty days.

Resolved, That we lend our warm and sincere sympathies to the bereaved friends and relations of Mr. Hurst, who have truly lost an esteemed friend, and assure them that the memory of J. J. Hurst shall ever be enshrined in our hearts.

Resolved, That the preamble and resolutions be published in the Centre and Clinton county papers, and a copy of the same be sent to the friends of or guardians of Mr. J. J. Hurst.

NOTEL MAIL MATTER.—Last week two young alligators were received at the post-office at Charlotte, N. C., having been sent from Smithville, N. C. Is an alligator "mailable matter," and therefore not to be stolen from the mails, with impunity?

All communications recommending persons for office will be charged at our regular advertising rates, and no such communication will be inserted unless accompanied by the cash.

We will publish, next week, the Report of S. W. Miffiin, Chief Engineer of the Lewistown and Bellefonte Railroad.

There are occasions when even the healthiest people need medicine, the changes of diet, of the weather, and hundreds of other causes, produce a laxity in the system that needs correcting, or in other words, the liver becomes slightly deranged, and needs a stimulator. If all who find themselves in this situation will try Dr. Sanford's Invigorator, they may be sure of relief, as we can testify to its efficacy in curing Headache, Indigestion, Sour Stomach, and other ills so common in a family. It acts, as a medicine, easier and better than any dose of pills we ever swallowed, and is so mild that the smallest infant can take it. no 30 2t

PRINE WOOD'S Hair Restorative is said to be the only sure cure for baldness and gray hair. It removes all scurf, dandruff and scrofulous eruptions from the scalp and in a few days restores gray hair to its original color and beauty. This preparation contains no coloring matter but resuscitates the hair by invigorating and restoring perfect health to the scalp, thus imparting new life and vigor to the roots and by them causing healthy fluid to flow into each separate hair. Louisville Times July 9 29 2t

DYSENTERY OR DIARRHŒA.—Not one case in a hundred will withstand and resist readily and effectually the use of Dr. Sanford's Liver Invigorator, more than any other remedy known. Ask those who have used it.

FARMERS, LOOK TO YOUR INTERESTS.—IMPROVEMENT IN GRAIN PLANTERS.—HUNT'S PATENT SEED AND GRAIN PLANTER, MANUFACTURED BY G. K. BOWERS OF LANCASTER, PA. This Machine operates well on all kinds of land and cannot be injured by rocks roots &c. It will plant point rows, and all irregular shaped fields without any double labor. With two horses it will plant with ease from 10 to 12 acres per day of Wheat, Rye, Barley or other small grain. It will sow from 2 to 3 pecks of seed to the acre, and yield from 15 to 20 per cent more than the broadcast seeding by distributing the seed uniformly at any desired depth. The objections so common to Drills of becoming choked, provided the seed is not perfectly cleaned is entirely removed in this Drill, as white caps and short straw will not prevent the regular distribution of the seed.

A machine will be kept on hand for the inspection of the public, by the undersigned who is the only authorized agent for Centre and adjoining counties. Those who wish the article should make known their wish in due season so that they may be ordered and arrive in time.
