PURE DRUGS OF ALL KINDS FOR sale by GREEN & McMEEN.

THE WONDER OF THE TIMES!

THE YOUNG AMERICA CORN SHELLER!

J. P. SMITH'S Patent, Nov. 25th 1856

This most admirable and complete Corn Sheller has been pronounced by competent Judges, Farmers Agriculturalists, and Mechanics to be the Most simple, DURABLE, AND COMPLETE SHELLER ever invented. It can be propelled with perfect ease, and 100 to 200 bushels of corn can be shelled in a day.

WE CHALLENGE THE WORLD TO PRODUCE ITS EQUAL for durability, simplicity, cheapness of construction, and ease with which it can be kept in motion.

At the New York State Fair, held at Buffalo on the 6, 7, 8, and 9th of October last, the YOUNG AMERICA was awarded the First Premium.

Any amount of testimony might be given in behalf of this machine, but it is entirely unnecessary, and we will add the following opinions of the Rochester Press only.

From the Daily American

After witnessing the operation of this machine, we are deliberately of the opinion that it is destined to supercede all others manufactured for the same purpose. The simplicity of its construction the ease with which it is worked, and the complete manner in which it accomplishes what it is intended to do, all commend it to public favor.

From the Daily Democrat

It is truly a most wonderful invention, combining all the requisites necessary for a perfect working machine i.e. - durability, cheapness and efficiency.

From the Rochester Republican.

It is very simple, as all good labor-saving machines should be, and performs its work thoroughly. Its rapid motion, with a small power, shelling as fast as the ears can be supplied, is what attracts and surprises the beholder.

In all that pertains to a Corn Sheller this far excels and is really a wonderful machine.

From the Monroe Democrat

Such a machine as the "Young American" would have saved us many a back ache and lame wrist, and offered us many an hour for study and mental improvement.

The "Young American Corn Sheller" is not a *Yankee* invention but the production of the genius of a substantial old *Pennsylvania Dutchman*, who has surpassed all his Yankee competitors in turning out a machine *exactly adapted to the wants of the farmers.*

From the Rural New Yorker

This is one of the most perfect and compact hand shellers we ever examined. It shells both large and small ears without change of gearing. It shells very rapidly, requiring *far less power than any similar machine*, and is withal cheaper than any other sheller.

Call and see it operate at Rittenhouse's Black smith Shop in Bellefonte, during court week.

AGENTS, ATTENTION!

Do you wish to find good employment, and make money with little or no investment and without interfering with your regular business? If you do read this advertisement.

C. E. Todd & Co., of 392 Broome Street, New York are manufacturing and selling massive gold Pencils for $1 each (which are cheap at that price) and they throw in a gift or prize with each Pencil, worth from $2 up to $5, $10 $15, $20 $25, $50 $75 $100 $175, $1000, $2000 and $5000. Don't cry out, "Humbug! Lottery!" It's no such thing. The Pencils are sold at their cash value and all the profits over the first cost are thrown into the gifts, which actually cost the purchaser nothing. The prizes are distributed on a simple plan of drawing which would take too much room to explain but which has never failed to give complete satisfaction. We have drawn and sent to purchasers 183 gold watches of various prices, 74 purses of gold dollars 248 gold lockets 800 gold chains and a corresponding number of other prizes within two months.

THERE ARE NO BLANKS,

but every purchaser draws a prize worth $2 or more, and it starts a thousand chances to be a higher figure.

We want a good agent in every neighborhood throughout the country to solicit purchasers, and any agent, to be successful must have a Pencil and prize to exhibit. We pay agents $1 cash for each purchaser they obtain, and the first person in any neighborhood who applies for a Pencil and gift will receive the agency for that locality. Should any agent draw a valuable prize he can exhibit it to his Pencil he will have little difficulty in obtaining a crowd of purchasers, and making a paying business.

A NEW IDEA! READ! READ!!!

We ask nobody to send their money till they know what prize they draw. Any person wishing to try their luck can just send us their name, and address and we will make their drawing and inform them by return mail what prize they drew when they can send on and take the Pencil and prize or not, which ever they choose. We give this privilege only once to a purchaser. After the first drawing every purchaser will be required to send cash in advance, through the authorized agent. We will send with each drawing the number taken, out with full description of the plan of drawing. Address

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic Diseases.

TO ALL PERSONS AFFLICTED WITH Sexual Diseases, such as SPERMATHORRHŒA, SEMINAL WEAKNESS, IMPOTENCE, GONORRHŒA, GLEET, SYPHILIS, the Vice of ONANISM or SELF ABUSE &c. &c.

The HOWARD ASSOCIATION, in view of the awful destruction of human life, caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a CHARITABLE ACT worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give MEDICAL ADVICE GRATIS, to all who apply by letter, with a description of their condition (age, occupation, habits of life, &c.,) and in cases of extreme poverty, to FURNISH MEDICINES FREE OF CHARGE. It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important but much despised cause.

Just Published by the Association, a Report on Spermatorrhœa, or Seminal Weakness, the Vice of Onanism, Masturbation or Self Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope,) FREE OF CHARGE, on receipt of TWO STAMPS for postage.

Address for Report or treatment Dr. GEORGE R. CALHOUN, Consulting Surgeon, Howard Association, No. 2 South Ninth Street, Philadelphia, Pa.

By order of the Directors

GEO. FAIRCHILD, *Secretary.*
SYRAD HEARTWELL, *President.*

NEW ARRANGEMENT.

The subscriber would take this opportunity of returning his grateful acknowledgements to his friends and the public for past favors. He would also say that in view of the financial difficulties pervading every branch of trade he has been under the necessity of commencing a new arrangement which he hopes will be satisfactory to his customers. From the first of January he has entered upon a system of making all accounts contract to due after a credit of four months. Those knowing themselves indebted to him in the Boot and Shoe business, will call and make immediate settlement as he still looks up to the first most. I have been forced for this system of purpose and he is determined to have them settled without delay.

WHO WANTS A SITUATION?

TO ENGAGE IN THE MERCANTILE Business, in a pleasant and healthful village not a few minutes ride from Bellefonte. The location is an excellent one in every respect for business, immediately on the canal which affords a good opportunity for receiving goods at moderate charges. The Bellefonte and Tyrone Rail Road runs within about 200 yards of the premises. The Snow Shoe Road will also pour its advantages in to the village. The stock of goods on hand is light and suited to the trade of the country. Can do almost any amount of business desired. Possession given in the spring. The reason for the present owner of the establishment retiring, is on account of his health having failed which prevents him from attending to in-door business. For further particulars inquire of the Junior editor of this paper.
