THE DEMOCRATIC WATCHMAN.

THURSDAY, NOVEMBER 11, 1858.

LOCAL AND PERSONAL.

WANTED.—All persons knowing themselves indebted at this Office for subscription, advertising and job-work; are expected to pay up during Court week. We trust no one will fail to come up to the mark.—We have payments to make at that time that must be met, and we have no other way of getting money excepting from those indebted to us. Let no one fail to pay.

TEACHERS INSTITUTE.—This body of teachers convened in this place on Monday last. A large number of teachers and others interested in the success of our common schools were present. As a report of the proceedings will doubtless be handed in for publication we shall defer comment.

MERCHANT TAILOR.—Mr Wm. McClellan has recently returned from Philadelphia, where he laid in a most elegant assortment of ready-made clothing. In the line of Gentlemens dress goods he is especially provided with cloths, cassimeres and vestings, all of which will be made to order in the latest and most approved fashion. He has also received a large supply of Hats and Caps, of a new style and superior quality. For further particulars read the advertisement

BUSINESS. Our merchants generally have been receiving new goods during the week and business seems to be on the increase. The indications are favorable to a revival in almost every branch of trade. The dark clouds of financial embarrassment which hung so portentiously over the place are vanishing, and the sunshine of prosperity is beginning to re-invigorate the people with new and cheering prospects in every enterprise.

"WINTER'S SONG," by Mary T., has been received and will appear. "Stray leaves from a country girls diary," by Wild Rose, has also been received, and will be published at an early day. "Lines to my Mother," by Kate Reese, we will endeavor to find room for.

The following are the prices paid by the Grain Dealers in this place for Grain, viz. Prime White Wheat, 115 cts. Prime Red Wheat 112 cts; Rye 50 cts; Corn 50 cts; Corn in car 45 cts.; Oats 31 cts; Buckwheat 50 cts.; Prime Clover seed 487 cts., Pork $5

NOVEMBER WEATHER.—An old adage hath it there will be no winter until the ponds are full. We don't know that it follows there will be winter as soon as they are full; but should such be the case, look out for Jack Frost, for enough water fell last week to fill all the ponds and leave a few puddles besides. It is but the part of wisdom, therefore, to prepare for the coming change, and the better to do so we advise the readers of the Watchman to pay an early visit to the Store of Wilson & Bros., where every thing can be had necessary for the winter as cheap if not a little cheaper than any other place in Bellefonte.

ACCIDENT.—We regret to learn that a son of Mr. Martin Houser in Harris township, fell off a fence near his residence and broke his arm.

Mr. HICKOK, State Superintendent of Common Schools, delivered a Lecture in the Court House on Monday Evening last, before the Teacher's Institute.

From Porter's Spirit

Trotting in Pittsburg Thunder in the Field.

PITTSBURG, October 25

DEAR SPIRIT.—Your theory that racing improves and benefits the horse," is not likely to find much favor in this section of the country, under the present management of our numerous County Fairs. The Societies issue large posters, announcing purses for the fastest pacing and trotting horses, but alas! it is not for the fastest horse, but for the one that has the most friends among the judges.

Not having much to do last week, I concluded I would go down to Newcastle, and witness the horse-fair that was to be held in that place, and as I knew there would be some good horses there, I expected to see some good racing.

On the first day, Thursday, Oct 21, there was a purse of $100, free for pacing horses, mile heats, best 2 in five, to go in harness, drivers to weigh 150 pounds, entrance 10 per cent; the entries for which were as follows. S Keys' br. g Conemaugh, F. Laverty's b h. Thunder, G Crawford's b g Judges W Bennett, S Seely, and M. Henry.

Thunder had the pole, the brown horse second, the bay outside. Thunder drew in front, and was never headed in the heat, winning it by ten lengths, in 2.48; the bay gelding distanced.

Second Heat.—Thunder again took the lead, and opened a gap of two lengths when he broke, and Conemaugh passed him; Thunder now acted very badly, skipping and running, and Conemaugh got at least sixty yards in front, and in this position they entered the third quarter, when Thunder settled to his work, and soon lapped Conemaugh, and in this manner they swung in the stretch, and continued so to within fifty yards of the score, when Conemaugh broke, and Thunder crossed the score five lengths ahead, in 2.50. The judges gave the heat to Conemaugh.

Third heat.—The bay horse dropped in behind the brown horse, and continued so during the heat, never pulling out for it at all, his driver evidently of the opinion that he could not beat the judges. Time, 2.55.

Fourth Heat.—The brown horse again took the lead, the bay close behind him, and in this position they swung in the stretch, when Laverty pulled out, and lapped the brown horse, and so continued until within a few yards of the score, when the brown horse broke, and run from that over the score, the bay pacing a neck in advance of him, in 2.50.

The judges gave the heat and purse to the brown horse. It may be proper to state that Mr. Seely, one of the judges, contended that the bay horse had won the purse.—What do you think of that kind of racing? It did not suit me, and I came home. I am credibly informed that the race on the following day was conducted on the same principle, Mr. Keys having on that occasion to contend against the same odds that Mr. Laverty had on the day previous. There was a different set of judges for the second race.

FAIR PLAY

The Oxygenated Bitters,

For the cure of DYSPEPSIA OR INDIGESTION, *Liver Complaint, Asthma, Costiveness, Lost of Appetite, Fever and Ague, Heart Burn, Water Brash, Acidity, Sea Sickness, Scurvey, Nausea, Headache, Ennui,* and *General Debility*, or any disease having its origin in *imperfect Digestion*

These *Bitters*, as all classes of our fellow citizens, including Members of Congress, Lawyers, Physicians, Clergymen, Editors, Farmers, and others testify, are the *only safe, certain* and *sovereign* SPECIFIC for the immediate relief and permanent cure of the many cruel complaints which in some phase or other of *Dyspepsia* afflict our race.

These *Bitters* were discovered by Dr. GEORGE B GREEN, and in their formula differ entirely from that of any other preparation of medicine. Containing no alcohol, no mineral, no poison, no noxious drug, in their nature tonic, not stimulating, retaining their virtues in any clime, they are "a combination indeed" of Medicine which knows no rival in exterminating disease and restoring the system to its pristine vigor and health No matter of how long standing, or however induced or chronic in its character the disease may be, —no matter that it has baffled the skill of the physician, and resisted the efforts of medicine, a single trial of these Bitters will satisfy the sufferer that his disease is amenable to the proper remedy.

In testimony of the many cures effected by this remedy, reference is had to the written certificates from distinguished individuals known all over the land

Obituary.

DIED in this place, on Tuesday last the 9th inst., SARAH PENNELLA, only child of Rev. EDMUND B and MARY SNYDER, aged 1 year, 1 month and 29 days.

A light is from your household gone,
A voice you loved is stilled
A place is vacant on your hearth
Which never can be filled
A gentle heart that throbbed sincere
With tenderness and love,
Has hushed its weary throbbings here
To throb in bliss above
Yes to the house where angels are
Her little soul has fled,
And yet we lean above the tomb
With tears, and call her dead
We call her dead, but, ah! we know
She dwells where living waters flow

In this place, on the 9th inst., BRIDGET O'LOUGHLIN, aged 50 years.

In Ferguson township on Sunday the 4th of October, James R Meek, son of Henry and Rachel Meek, aged 4 years 10 months and 3 days

THE restorative of PROF. O. J. WOOD for restoring hair perfectly and permanently has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that *it is a perfect Restorative*, but read the circular and you cannot doubt, read also the following

☞ THE HAIR.—People have for centuries been afflicted with bald heads and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery of Professor Wood those articles are being fast dispensed with, but a great many persons still patronize them, because they have been so often imposed upon by Hair Tonics of different kinds. To all such persons we earnestly make the request, that they will try once again, for in Wood's Restorative *there is no such* thing as fail. We know of a lady who was bald, who used the article a short time, and her head is now covered completely with the finest and most beautiful curls imaginable. We know of numerous cases where hair was rapidly falling out, which is restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to

It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it, but every one will admit that a beautiful head of hair either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—*Woman's Advocate*, Philadelphia.

Cincinnati, Ohio, Nov 17, 1856

O J WOODS & CO—Gents As I have been engaged in selling your Hair Restorative the last season for one of your local agents (H M Hankinson,) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced *there is nothing equal to it in the United States, for restoring the hair.* I have been engaged in the Drug business for several years and have sold various preparations for the hair but have found nothing that restores the secretive organs or invigorates the scalp as well as yours being fully convinced that your declarative is what you represent it to be. I would like to engage in the sale of it, for I am satisfied it must sell

Yours truly S. E. STOCKMAN.

Wayland, Mass., Feb 5, 1857

PROF O J *WOOD & CO—Gents Having* noticed the good effects of your Hair Restorative, I wish to state that finding my hair growing thin as well as gray, I was induced from what I read and heard, to try the article prepared by you, to promote its growth and change its color as it was in youth both of which it has effected completely In the operation I have used nearly three bottles

Yours &c JAMES FRANCIS

WHAT IS A HUMBUG?
THE GIFT BOOK SALE.

HOW can it be a humbug when you receive the value of your investment in the book which you purchased under gift of greater or less value with every book purchased. These are questions that come within our hearing almost daily, but if people will give us a call, we will convince them that it is neither a humbug nor a lottery, as the books which we sell are bought at a great sacrifice, also the gifts, owing to the stringency in the money market which enables us to make these inducements to purchasers. The books which we sell are all of a moral and religious character

P. S.—Orders from the country solicited, we will give a one dollar Book and Gift to any one who will get up a club of eight purchasers sent to one address, if ordered by mail send six stamps to prepay postage on every one dollar Book Catalogues sent free.
