tory, where it legitimately belonged Much has been done, I am happy to say, towards the accomplishment of this object, during

the last session of Congress. The Supreme Court of the United States had previously decided that all American cit-

izens have an equal right to take into the Territories whatever is held as property under the laws of any of the States, and hold such property these under the guardian-ship of the federal constitution, so long as the large localities shall remain

erritorial condition shall remain This is now a well established position and the proceedings of the last session were and the proceedings of the last session were alone wanting to give it practical effect The principle has been recognized, in some.
