LOCAL AND PERSONAL.

TYRONE AND LOCK HAVEN RAILHOAD. next, the iron horse will be flercely puffing along the valley of the Bald Eagle. New arrangements have been entered into, which earliest possible period. We published, last week, the report of the Engineer, which presents its condition in the most favorable aspect. There is nothing to conflict with the work progressing as fast as the weather will allow. The finances of the enterprise are such as enable the managers to meet estimates promptly, and the work is going on with renewed vigor. The completion of of the enterprise will, consequently, be much sooner than the friends of the measure anticipated.

P. S .- Since the foregoing was in Type, a meeting of the stockholders was held in this place, and a resolution was passed, authorizing the board to issue mortgage bonds to the amount of five hundred thousand dollars. A bill is now before the Legislature asking that the privilege granted in the charter shall extend from three to five hundred thousand dollars in the issuing of bonds

THE LECTURES .-- The lectures announced by the Fencibles, took place at the time unpointed. Morton M'Michael of Philadelpha, failing to attend, in consequence of ill health the Rev. Howard of Jersey Shore, was invited and accepted the invitation. His remarks were upon the "Crusades." Mr. Howard is a pleasant and able speaker, and his ad dress appeared to give general satisfaction. Yesterday evening, Dr. Shelton Mackenzie, of Philadelphia, delivered the lecture previviously announced for him, on the "Charactenstics of Irish Life." The doctor has a very happy faculty of acquiting himself on such occasions. The lectures were both well attended. Our paper just going to press, prevents a more general potice.

FEMALE APPAREL -- Another new article of female wearing apparel has been introduced. It is a combined corset and bustle and flaring and suff, with whalebone for a bushandler to manage, more comfortable to wear, and that it makes the bustle become a portion of the figure, and gives the possibility of a display of elegance of figure if the wearer has any This last is a very important point. The unseemly wriggle with the stuffed monstrosities in vogue follow the ladies with whom they are supposed to be attached, is comparable to few things in heaven or earth. Delachable shoulder strops complete the gargient.

"BURNT MIGL" PROPERTY. - This property has been purchased, recently, by Mr Jos. D. Harris, Jr., for a company of enterprising young men in this place, for the handsome sum of eighteen thousand dollars. We understand it is the intention of the company to erect a large steam flouring smill, a storehouse and other buildings, during the course of the summer. Success to the enterprise. A new era appears to be dawning in the history of Bellefonte, and we hope the spirit of enterprise, which is now abroad, will place us far in advance of any town in Central Pennsylvania. We possess the natural advantages -- improve them.

STREET Schools .- Some of the b'hoys about town, nothing interfering, have splendid prospects of reaching the 'gallows or penitentiary. This is the almost inevitable fate of fast lads who graduate in that highly immoral institution, the "street school." We noticed some juveniles on the street a few evenings since, whose conduct would have made the hearts of their parents ache had they witnessed it. There is a fearful responsibility resting upon parents who permit their boys to perambulate the streets after night, in company with the vicious and the vile.
