# Ayer's Sarsaparilla

A compound remedy, to which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the exclusion of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruption, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Keep the blood pure, and healthy, and all is well, but with this pabulum of life disordered, there can be no sound health. Sooner or later something must go wrong, and the great machinery of life is deranged or overthrown.

Sarsaparilla has, and deserves much, the reputation, of having done many wonderful cures. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations are sold as the concentrated extract of Sarsaparilla, when little or none of the article is contained in them. Hence the general complaint of the inefficiency of Sarsaparilla, so many times.

During late years the public have been misled by large bottles, purporting to contain a quart of Extract of Sarsaparilla, and labeled one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of these extracts of Sarsaparilla which for the name, but not the virtue, of the article, such a cloud of evil has come upon the name of Sarsaparilla that many have come to suppose, and indeed to say openly, that Sarsaparilla is worthless, and that it is all a humbug to recommend it for anything. Such a remedy as shall restore the name from the cloud of obloquy which rests upon it. And we think we have provided it. Having it has every virtue which can be had by the ordinary run of the disease it is intended to cure. In order to secure these complete cradles can from the system, the remedy should be judiciously taken according to directions on the bottle.
