geneological table of their forefathers than they have for Poor Richard's Almarac. The late John Randolph, of Romoke use to asset this belief that he descended from the celebrated Indian Princess, Pocahontas; but it is not known that he ever established his claim to that distinction.

Many years ago there lived in a near State a young gentleman who took it into his head that, like John Randolph, he was of Indian descent, though, inlike John, he did not know-exactly what tribe to which his forefathers, belonged. The idea was a porfect monomana with him, notwithstanding the efforts of his friends to convince him of the folly of his pretensions, to say nothing of the absurdity of them, even if they could be established. The favorite notion, however, could not be cradicated from his mind, and he promised his friends that he would one day convince them that he was right in his claims.
