THE DEMOCRATIC WATCHMAN. THELESONTE, NOVEMBER 10, 1869.

LOCAL AND PERSONAL.

AN Exciting BEAR CHASE. -On lest Saturday evening , about fifteen men assembled at the residence of Jacob Barnhart in Spring township, and proceeded to make a general tour of the barrens adjacent to a cornfield on the premises, where several Bears have been Prisonage in Milesburg, the Rev Dr. An derson, Mr. James Hell, to Miss Elizabeth committing depredations on a very exten sive scale for some time. The Post does not refer to them at all. The Tribune contains a card from Horace Greely of a non-committal character. He says that no proof exists against the "Republican Senators," but one remarkable feature of the card is that Greely does not deny that he knew of old Brown's expedition! He also asks the members of the Democratic Vigilant Committee to retract their "broad and weighty accusation." We suggest that Mr. Greely and his friends sue them for libel. They are wealthy and able gentlemen, and if they have slandered Horace Groely, William H. Seward, Sonators Sumner, Wilson, and others, there is a fine chance to get damages. • HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every memor of the human family is subject to disease or disturbance of the body functions; but, with the aid of a good tenn and the exercise of plain common sense, they may be able so to regulate the system as to be ure permanent health. In order to accumulate the desired In order to accomplish this desired object, the true course to pusue is certainly that which will produce a natural state of things at the least hermidef that strength and life. For this purpose, by Hostetter has insorrepliate or other of Dyspapsia afflict no troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nau-sea, Flatulency, Loss of Appetite, or any Bilious Complaints, artsing from a merbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Volte, Cholera Morbus, &c., those Bitters have no equal.

Diarrhosa, dysentery or flux, so generally con-

tracted by new settlers, and caused principally by the change of water and det, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangement of the digostive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a pre-rentive of disease and strengthener of the system in general; and singulations them all there is n general; and among them all there is o be found a more healthy people than the Gepmans, from whom this preparation ema-nated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE —This trying and provok-ing disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally usfees, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be cantracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render un-necessary any change of due or interruption of ordinary pursuits, but promote sound sleep

of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeethed postutution and infirm body, these litters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these litters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently har strength must yield, and here it is where a good tonic, such as Hostetter's Stomach litters, is needed to impart temporary strength and vigor to the system. Ludies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is sequanted with the virtue of the litters, will recommend their use in all cases of weakness. recommend their use in all cases of weakness.

CAUTION. - We caution the public against using any of the many unitations or counterfeits, but ask for Hostetter's Celebrated Stonach Bitters, and see that each bottle has the words "Drad. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph fignature is off the fallef."
