THE DEMOCRATIC WATCHMAN.

BELLEFONTE, JANUARY 12, 1860.

LOCAL AND PERSONAL

Roll of Honor.

We feel grateful to many of our subscribers for their liberality and patronage. We sincerely thank them for the encouragement they have manifested toward us But there are others who have not manifested so liberal a spirit. We have commenced the fifth volume of the Democratic Watchman, and still there are many subscribers who have paid us nothing How long this course will continue is not wholly for us to determine Pecuniary matters will not permit us to tolerate the delinquency much longer. We have been thinking to try the virtue of a *white* and *black* list, to remedy the evil, but in the first place we shall give every one the opportunity of enrolling his name in a list of cash paying subscribers Any person paying either subscription or job work between this and the end of the second week of the January Court, shall have his name attached to the white list, after which our course in regard to a *black list* shall be governed accordingly.

LEAP YEAR The year of our Lord A D, 1860, has been wisely set apart for the benefit of that class of ladies who are anxious to enter the state of matrimony, but who have not had the good fortune to entrance some luckless wight into the meshes of the net On and after the 29th day of February, 1860, the ladies will be fully authorized to commence making love to any gentlemen they may deem worthy of their hands, heart and fortunes It will devolve upon the ladies to invite the gentlemen to accompany them to parties, concerts, balls and other places of amusement, and it will also be their duty to furnish the gentlemen with carriages, if the weather be boisterous, and to see that they have secured seats in a pleasant part of the hall. And, above all, ladies, it will be your duty to *pay the bills*. We don't put our tailors and milliners can turn you away with work sufficient to earn whatever little sums it will require to meet the current expenses and should you be obliged to take in washing now and a while to make both ends meet, you should do so cheerfully Now dear ladies you have the most You will, of course, improve an opportunity so tempting as is held before you, but take our advice and act with moderation. Do not allow yourselves to be influenced by that class of females which Shakespeare has immortalized as *Shrews*. They will give you no good advice.

PHEASANT as said to be very plenty in the country, and as the law near bye the killing of the same are not very generally understood, we give a synopsis of recent acts of Assembly on the subject The act of 21st April, 1858, provides that it shall not be lawful for any person at any season of the year, to kill any blue bird, swallow, martin, or other insectivorous bird, under the penalty of two dollars. That no pheasant shall be killed between the 1st of January and the 1st of September, or any woodcock between the 1st of January and the 4th of July, or any partridge or quail between the 1st of January and the 1st of October under penalty of five dollars The act of 12th April, 1859, repeals so much of the act passed 11th April 1858 as prevents the killing destroying or carrying away of rabbits so far as relates to the counties of Fayette Westmoreland and Green No partridge, pheasant or woodcock, therefore, can be lawfully killed after the 1st of January

BATEMAN'S PATENT SAFETY GLASS LAMP We were presented the other day one of these lamps, and we have no hesitancy in saying that they are the best we have ever used This lamp generates its own gas from common fluid, giving a brilliant, soft and steady light, free from smoke or offensive odor, requiring no trimming or chimney It is perfectly safe it will not explode or set fire to the fluid when the lamp is broken by being upset, falling to the floor, or by a blow, as the fall or concussion will immediately extinguish the light Any person desirous of purchasing can have an opportunity of examining the one we have now in use W R Bell & Co, at Potter's Mills have them for sale.

We learn from the Clinton Democrat that a few days ago, two horses attached to a buggy got frightened somewhere between that place and Flemington and ran at a tremendous speed towards the latter place, upsetting the buggy and dragging the driver, Mr. Anthony Carner, of Hublersburg, a considerable distance. The injured man was taken into a house at Flemington, where he still remains He is in a dangerous situation.

A SKILLFUL OPERATION. On Tuesday week last, Drs. Berry, M'Coy, Mitchell and M'Kee, operated on William Dilson, of Bald Eagle, for a very large Popliteal Aneurism—cutting down and tying the Femeral Artery. The Aneurism is of two years' standing. The patient, we are informed, is doing well The physicians are all skillful and successful practitioners.

OUR Brass and String Bands started on Monday last for Clearfield county for the purpose of holding concerts. We bespeak for them a cordial reception and kind treatment, as they are modest and unassuming gentlemen, and as "tender as young goslings"—especially Raphle.

THE Commissioners of this County made the following appointments for the ensuing year:—Printers—J. S. & J. J. Bush.—Clerk—John T. Johnson. Attorney James Rankin.

FIRE.—A fire occurred in the dwelling house of Mrs. Farley, on Bishop street on Thursday last, which was discovered in time to save the building.

THE weather which has been extremely cold for the last two weeks moderated on Sunday last, and is now very pleasant

E M BLANCHARD It will be seen by reference to another column that our talented young friend, Mr. Blanchard, has hung out his shingle at the office of the late Judge Burnside Mr Blanchard is well known in this community as a prompt business man, and we have no doubt he will shortly have a flourishing practice.

THE PECULIARITIES of the female constitution and the various trials to which the sex is subjected, demand an occasional recurrence to stimulants It is important, however, that these shall be of a harmless nature, and at the same time accomplish the desired end Hostetter's Celebrated Stomach Bitters is the very article Its effects in all cases of debility are almost magical It restores the tone of the digestive organs, infuses fresh vitality into the whole system, and gives that cheerfulness to the temperament, which is the most valuable of feminine attractions The proprietors feel flattered from the fact that many of the most prominent medical gentlemen in the Union have bestowed encomiums upon the Bitters, the virtues of which they have frequently tested and acknowledged. There are numerous counterfeits offered for sale, all of which are destitute of merit, and positively injurious to the system

Hymenial.

MARRIED On the 27th ult., by Philip W Barnhart, Esq., Mr REUBEN WATKINS to Miss JANE WATKINS, all of Howard township, Centre county.

A WORD TO THE PUBLIC

WHEREAS the Spring Creek, Woolen Manufactory, the property of Yocum & Bro, has been refurnished to the full extent of its productive capacities and in order to afford a still greater patronage the coming season, the proprietors have been induced to add more new Machinery of the very latest improvements. These machinery will facilitate our operations very much and at the same time improve the real value of our cloths at least ten per cent. while our prices shall remain as heretofore. In bringing our establishment to a point for the establishment of a will add the facilities thereto. From the facts herein set forth we confidently believe that wool growers and all other good people can now deal with us very much to their own advantage while there are many things alike in a business of this kind there are also much that is different. A word to the wise is sufficient. Give us a call and satisfy yourselves that this is the place where people get the worth of their money
