HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period every member of the human family is subject to disease or disturbance of the bodily functions, but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least amount of vital strength and life. For this purpose, Dr Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been used for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and this, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, promoting Cramps, Dysentery, Colic Cholera Morbus, &c, these Bitters have no equal

Diarrhœa, dysentery or flux, so generally contracted by new settlers and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. To this disease every physician will recommend Bitters of some kind, then why not use an article known to be reliable? All nations have their Bitters as a preventive of disease and a strengthener of the system in general and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preventive in the most positive sense.

CAUTION. This flying and provoking disease is not to be trifled with, its relentless grasp is now upon some one of every household in the land, and unwarily leads away its victims by the hundreds. Protect yourself by an occasional use of HOSTETTER'S CELEBRATED STOMACH BITTERS, and carefully keep the blood in a healthy condition, and the above named diseases can be averted. Even in an exposed situation, with the best assured impunity. Malaria and pestilential atmospheres nausea not offend the senses and render existence a burden, if the Bitters are used. Invigoration of body, invigorating pursuits for pleasure and sleep and healthy digestion the consequence. Use speedily, persevere with the prescription, and health will be restored.

Persons of a full habit of body, or suffering from a superfluous accumulation of adipose matter, will find these Bitters an excellent remedy, as a moderate use of them will not only tend to keep such tendency within proper bounds, but will also improve the general health.

Females of delicate constitution, who require the aid of a tonic, will find these Bitters peculiarly adapted to their wants, as they will not only produce the desired effect, but will also prevent costiveness, a result frequently following the use of other tonics.
