HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease in consequence of the bodily functions; but, when aided by a good tonic and the exercise of pure common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object the true course to pursue is certainly that which will restore a natural state of things at the least expenditure of vital strength and energy. For the purpose, Dr. Hostetter has introduced to this country a preparation bearing his name which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid action of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation.

Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be reliable? All nations have, more or less, used Bitters as a preservative of disease. Every element of the system in general, and among them all there is not to be found a more healthy people than the Germans from whom this preparation emanated by the opinion of the experiments which have tried to prove the value of the great purifier to the race of mankind is secure.

For Invalids in General, who are suffering from the enfeebled constitution and wasted body, the Bitters become invincible as a restorative of health and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable especially, where the mother's nourishment is inadequate to the demands of the child can equally her strength and yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters is needed to impart vegetative strength and vigor to the system. Ladies should by all means try this remedy in all cases of debility, and before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters will recommend their use in all cases where

CAUTION We caution the public against buying any of the many worthless counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.
