THE DEMOCRATIC WATCHMAN.

BELLEFONTE, MAY 31, 1860.

LOCAL AND PERSONAL.

THE BALLOON ASCENSION.—On last Thursday in accordance with a previous announcement, Mr. John A. Light, made a Balloon ascension from the jail yard in this place.—Early in the morning the people began to assemble, and ere long our streets exhibited a moving mass of human beings, who had been attracted hither to witness an occurrence so unusual in this portion of the State. As the hour arrived for the ascension, the scene on the hill to the rear of the Court House was one of animation and gayety, such as we have seldom witnessed It presented life in various phases, the young and beautiful—youth, manhood, and old age, from the higher to the humbler walks of life, were assembled, and could be seen in almost breathless anxiety awaiting the event. At length the Balloon became visible above the walls of the jail yard in the preliminary preparation just previous to the ascension. "There it is," was the exclamation of a hundred voices, "Now it goes, was the common expression of at least two thousand people assembled in Bellefonte and its environs, and away it did go, in the midst of a tumultuous shout from that vast multitude. The aeronaut bade the people good bye, and continued to wave an adieu, until he became almost entirely lost to the distance The Balloon rose gradually and beautifully Its course was to the north west until it reached an altitude high enough to strike a different current of air, when it became a south eastern direction The day being very calm it consequently made but little progress — The greatest hight attained by it is said by Mr Light to be about seven thousand feet — or a little more than one mile and a quarter. He describes the scene from the Balloon as one grand and imposing beyond description To the north and north-west an almost unbroken wilderness of forest was presented, while in almost every other direction, the most beautiful valleys were to be seen in a regular succession of order The Balloon passed as far to the north west as the Bald Eagle valley before striking a different current of air, when it returned nearly directly over this place and apparently hovered about for a time, and passed along with a little motion as to be scarcely perceptible After remaining up about forty minutes, Mr Light found the current of air insufficient to carry him away to any considerable distance, and consequently descended, landing upon the farm of Abram Elder, about two miles from this place. He was assisted in landing by a number of persons who had been attracted thither and returned with his Balloon in the course of a short time to receive the congratulations of many of our citizens

It is proper to add that we never witnessed so great a crowd of people in Bellefonte, with so much good order and saw so little of the effects of intemperance

STABBING AFFAIR.—A very unfortunate stabbing affair occurred in this place on last Friday afternoon It appears that a very unpleasant feeling has existed for some time between Geo. Corman and Moses Loeb, both of whom are respectively engaged here in the butchering business Corman blamed Loeb for circulating stories to injure his credit A difficulty having originated between a Mr. Keller of Penn's Valley from whom he had purchased cattle, and himself he assaulted Loeb at his meat wagon in the street, when an altercation ensued Corman having struck Loeb several times without any apparent provocation, the parties grappled, and in the scuffle the former was stabbed in the left side in the region of the heart by a butcher knife in the hands of the latter Fortunately, however, the knife came in contact with one of Mr Corman's ribs, otherwise death would have been the inevitable result He also received a deep flesh wound in the left arm Loeb declares that he was not conscious of stabbing Corman, that it was the result of an accident during the excitement of the affair.

The wounded man was taken into the office of Dr Geo R Fairlamb, and an examination made of his injuries He is now able to be about Loeb fearing unpleasant consequences delivered himself up to the authorities, who discharged him on entering bail for his appearance at Court. As this unfortunate affair will be the subject of Judicial investigation we defer further comment.

THE VOCAL CONCERT The Baker family, composed of Messrs John C Baker, George L. Baker, Jasper A. Baker, and Mrs Sophy M. Baker, gave one of their unequaled concerts in Reynold's Town Hall on last Monday evening. Encomiums in regard to the high order of the entertainment are not required, in as much as their reputation is as broad as the Union. This company is said to be the oldest one of quartette singers now traveling in the United States. Mr Geo. E Baker, the celebrated Bass Singer of the Baker Vocalists, is still "alive and kicking," notwithstanding a report to the contrary had been circulated in this place. He is really a living representative of his profession. In clearness and the volume of his voice he is perhaps without an equal. The whole affair was one that fully sustained the previous reputation of the company, and we heard it more than intimated that "the Bakers even excelled themselves on this occasion."—There was something in the entertainment apparently so ennobling and soul-inspiring as to be more than a little suggestive, that we really lived in the midst of a higher and far more sublime sphere than ordinarily belongs to this mundane condition of things.

The Town Hall was densely crowded, and everybody was highly gratified with the entertainment.

DR. M'CRUM will lecture at Hublersburg on the 1st 2nd and 4th days of June next. Persons desirous of having surgical operations performed on their horses would do well to attend

SERIOUS ACCIDENT.—Last week while Mr. Wm. McFarlan, of Harris township, was engaged in tearing down a chimney on his father's premises on Buffalo Run, the chimney unexpectedly fell, carrying him down through the lower floor of the building. His case, we have learned from his physician, has been a very critical one, but prospects are now entertained of his recovery. Mr. McFarland is well known to the people of this community as a worthy, honest and upright citizen, and we regret to learn of his misfortune

AMBROTYPES are still taken at the Arcade Picture Rooms according to the latest improvement of the ART. Hours for operating from 9 o'clock A. M. 'till 4 P. M.

DR. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomach preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen sanctioned by the highest Medical Authorities both in Europe and the United States, and prescribed in their practice

The experience of thousands daily prove that no preparation of Iron can be compared with it Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case

Innoxious in all maladies in which it has been tried it has proved absolutely curative in each of the following complaints viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculo Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c

In case of GENERAL DEBILITY whether the result of acute disease or of the continued domination of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible And this so long held rebellion as to have become regarded in their own neighborhoods incurable appeared in the busy world as if just returned from protracted travel in distant land Some very signal instances of this kind are at present in the sufferers, remunerated victims of apparent maramus, sanguineous exhaustion and chronic mental fret complacency of nervous and dyspeptic aversion to air and exercise for which the physician has no name

In NERVOUS AFFECTIONS of all kinds and in diseases familiar to the medical profession it is especially necessarily be salutary for in it the elements of it is vigorously tonic without being exciting or overheating, and gently regularly operating on the most delicate and susceptible constitution, never failing a genuine purifying and invigorating delightful sensation

It is this latter property among others which makes it so remarkable and permanent a remedy for *Ladies* upon whom it acts specifically to correct and specific action by dispersing the feebleness which forms them

In DYSPEPSIA commendable as are its claims, a single box of these Chalybeate Pills has often sufficed for the most inhabitual cases including the attendant *Costiveness*

In unchecked DIARRHŒA even when advanced to DYSENTARY continued commanding and apparently malignant the effects have been equally decisive and astonishing

In lucid pulse heart flesh and cheek debilitating cough, and remittent hectic which general ly indicate the approach to consumption Dr Mott has all past the attack of this fatal malady in several very gratifying instances

In SCROFULOUS TUBERCULOSIS the medicine has had as more than the most cautiously licensed preparations of iron, without any of their well known bad effects

The attention of invalids is solicited to an original hy invited to these *speedy* and *sure* cures in the cases peculiarly affecting them

In RHEUMATISM both chronic and inflammatory in the latter however, in its first stage it is invariably will operate It both assuaging pain and reducing the swelling and stiffness of the jointsand muscles

'TIS INTERESTING FACTS that consumption may be a great remedy and energy in its progress in the world will probably be one of high renown and lasting

No remedy has ever been discovered in the whole history of medicine which has so prompt happy and beneficial effect upon the appetite digestion strength and complexion and cheerful energy

Put up in neat flat metal boxes containing 50 pills price 50 cents per box Sent by mail by druggists and dealers With the usual discount to dress on receipt of the price All letter orders etc, should be addressed to
