HO! STOP FRIENDS! STOP.

DON'T MISS A GOOD BARGAIN.

SEEK AND YOU WILL FIND WHERE YOU CAN BUY THE BEST MACHINE OF THE KIND.

J. S. LASH'S PATENT
Straw and Fodder Cutter.

Among the many excellent Straw and Fodder Cutters which have recently come into use, the subscriber confidently offers Lash's Patent as embracing points in its construction which render it superior to all others It was patented the 11th of October, 1859, and so fully have the expectations of the Patentee been realized in his efforts to get up a cheap simple and efficient machine, that it has already been adopted by the largest manufacturers in many counties in Pennsylvania, who have warmly expressed their preference for it over other machines, and have purchased County Rights The points in which Lash's Patent Straw and Fodder Cutter is claimed to be superior to all others, are, first its simplicity, being free from all complicated cog gearing, second, that it cuts on a different principle, cutting down on the knife instead of against bar, it requiring less power to work it so much so that it may be operated by almost any farmer's boy, third the power which is gained over other machines by the increase of speed in a heavy fly wheel, thereby greatly relieving the labor of working it, fourth, the peculiar construction of the machine so that by simply setting a screw the machine is enabled to cut the straw any desired length from an eighth of an inch upwards The importance of this last improvement will be realized when it is remembered that other machines can only be regulated to cut short or long by changes of gearing or knives at considerable trouble and loss of time

This machine is constructed with rollers for crushing fodder as it passes through, and the crank by which the hand machine is worked is on the right hand side, and thus more convenient to the operator

We would also invite particular attention to the fact that in this machine the stationary knife can be taken out and ground when necessary, and replaced in a moment's time by means of set screws, thus obviating the difficulty in other machines caused by the cutting bar wearing round on its edge From this fact the rotary knives on my machine may be used four times as long without grinding as on any other in the market saving [illegible] the best now in use

The subscriber having purchased the right for the county of Centre purposes to manufacture the machines at Millheim and Bellefonte where all orders will be promptly attended to Two sizes of this machine are built for each hand or horse power No 1 is the small size, which cuts equal in size as any other now in use No 2 is considerably broader, which enables it to cut much faster

I beg leave to call the attention of the citizens of the United States to the above Wines and Liquors imported by Udolpho Wolfe of New York, whose name is familiar in every part of this country for the purity of his celebrated *Schiedam Schnapps* Mr Wolfe in his letter to me, speaking of the purity of his Wines and Liquors says

I will stake my reputation as a man my standing as a merchant of thirty years residence in the city of New York that all the Brandy and Wines which I bottle are pure as imported, and of the best quality and both be relied upon by every purchaser Every bottle has the *genuine* x mark on the wax, and a fac simile of his signature on the certificate The public are respectfully invited to call and examine for themselves For sale at Retail by all the Apothecaries and Grocers Philadelphia

Store of U Ashton No 112 Market st Philadelphia
Sole Agent for Philadelphia

Read the following from the New York Commercial Advertiser [illegible] for our New York Merchant We are happy to inform our fellow citizens that there is one place in our city where the physician apothecary country merchant can go and purchase pure Wines and Liquors as they are imported and of the best quality We do not intend to give an elaborate description of this merchant's extensive business although it will repay any stranger or citizen to visit Udolpho Wolfe's extensive warehouse, Nos 18 20 and 22 Beaver street and Nos 17 19 and 21 Marketfield street His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases, the Brandy some ten thousand cases Vintages of 1 35 to 1856, and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whiskey Jamaica and St Croix Rum some very old and equal to any in this country He also had three large coolers filled with Brandy, Wine &c in casks under Custom House key, ready for bottling Mr Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines

His business merits the patronage of every lover of his species Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr Wolf until every Apothecary in the land make up their minds to discard *the poisonous stuff from their shelves* and replace it with Wolfe's pure Wines and Liquors

We understand Mr. Wolf, for the accommodation of small dealers in the country puts up assorted cases of Wines and Liquors Such a man and such a merchant, should be sustained against his tens of thousands of opponents in the United States who sell nothing but imitations, ruinous alike to human health and happiness
