# THE DEMOCRATIC WATCHMAN.

BELLEFONTE, MARCH 7, 1861.

## LOCAL AND PERSONAL.

A MEAN THIEF.—Some mean scamp stole, a few evenings ago, a few chickens from our neighbor of the *Central Pr*— Well, what won't people descend to?

A NEW COUNTERFEIT, of a dangerous character, is in circulation. It is on the Wyoming Bank of Wilkesbarre, of the denomination of $10, and is so good an imitation of the genuine that the only way to be protected against it is to refuse all notes on the Bank of this amount.

FOR sometime the *Democratic Watchman* has been somewhat irregular in its publication. Insufficient help has been the cause of the delay. We shall endeavor to regulate the deficiency in future, as well as improve the appearance of our paper in many other respects

PATENT FOR CAR BREAKS.—We notice that Mr. Daniel Derr, of this place, has received letters patent for a new Car Break, which is said to be a most important and useful invention. We understand that Mr. Derr has been applying himself to perfecting this invention very assiduously, for a long time.

FIRE IN HOWARDVILLE.—A fire occurred in Howardville, this county, on Thursday, the 28th ult., which partially destroyed the residence of Mr. John R Baker The fire originated from a defective flue The building was two stories and a half high, but nothing now is said to remain but the first story. This was saved by the extraordinary exertions of the citizens

A DRUNKEN BRAWL.—During a drunken spree on Spring street, last week, a child belonging to one of the party got its arm shockingly broken. It occurred among the blacks, or in other words, the veritable Black Republicans We understand that the authorities are about taking measures to bring the offenders to justice Such inhumanity deserves the severest punishment

DOGS VERSUS SHEEP Some of the Agricultural papers are discussing the relative value of dogs and sheep It appears from a statement in one of the papers, that over a million dollars worth of sheep are annually destroyed by dogs in the United States and the question is asked are all the dogs in the United States worth a million of dollars? If the estimates in bellefonte are fair statistics of the whole race, we should answer in the negative

MARCH Everybody was charmed with the weather during last Saturday and Sunday It has not been equaled at this season of the year for a long time perhaps not within the time when the memory of man runneth to the contrary Many were loud in its praise, beginning to imagine that they were really in the month of buds and flowers In fact we began to feel a little poetic ourself. But our dreams have changed instead of the balmy breezes, buds, blossoms and flowers, greeting us old "boreas" is howling around the premises, at the time of writing, in a perfect state of blusters Snow squalls are upon us in great profusion, and we may as well quietly compose ourselves to another spell of winter.

SUICIDE.—John Cathcart incarcerated in the jail of Clearfield awaiting examination for the murder of his wife, committed suicide on last Sunday evening a week The Republican in chronicling the fact, gives the following particulars

This individual has fully demonstrated that the way of the transgressor is hard A man of accumulated brutish habits and guilty of the highest and most wanton crimes known to the laws of God and man murder and suicide he has become to suffer all the pangs that mortal flesh could endure in this world, and his reward in the next is better imagined than expressed The decency of his physical appearance since he had learned the decision of the Supreme court in his case shows that he must have endured the most excruciating mental agony His appearance was ghastly in the extreme, and should be a lasting warning to all transgressors

It seems that he must have contemplated suicide for some time He had torn his undershirt into narrow strips and had sewed them together, with which he had tied his hands together, which he must have done after he had tied the handkerchief to the bar of iron and around his neck; when he done by standing on the side of his bed He had run his one leg through his arms, which brought him to a stooping position. His other leg was chained to the floor the chain being long enough to permit him to be in bed After being thus prepared he undoubtedly jumped off the bed His hands and wrists were of the same purple color of his neck, and must have suffered great pain The foot upon which the chain was fastened was resting on the floor

WIFE MURDERED BY HER HUSBAND—SUICIDE.—We clip the following extract from the Williamsport *Press*. Barney Hineley, living on River street, murdered his wife, Mary, on the 11th of February. The details of this horrible murder and suicide are too heart rending to be given at length—Circumstances of suspicious character—the unaccountable absence of the wife, and the contradictory stories of the husband, led to the arrest of Hineley. During his incarceration in jail he made an attempt at his own life by cutting his throat with a razor, borrowed from a fellow prisoner. Before his death, he made a full confession, stating how the murder was committed, and what he did with the body of the wife. A jury was empanneled, which rendered a verdict that Hineley, with an axe, struck his wife, Mary, on the left side of her head and face; and that afterwards, with a knife, cut her throat, causing instant death Hineley died of the wound inflicted by himself, on Tuesday morning last.

Hineley was an Irishman, and a tailor by trade, and has resided in Williamsport for two or three years past. This double murder and melancholy tragedy leaves four little children orphaned, but not friendless.—We learn that our worthy Pater of the Catholic Church, has taken charge of them, and will have them cared for at one of the many charitable institutions of this Christian Church.

THE LOTTERY ABOMINATION.—There is a swindler at Wilmington, named FLETCHER, who is flooding the land with his lottery circulars, of a most infamously lying description. These circulars are sent to everybody whose address can be obtained; and it is presumed, in rural districts where no directories exist, agents are appointed to supply him with the names and post offices of all persons of any means. In this dirty business no one is omitted,—even ministers of the Gospel are outraged by these circulars, without there being any apparent mode of protection. In these circulars, which are always accompanied with a "glorious scheme" of the lottery, the most plausible baits are thrown out to catch gudgeons and none others than unsophisticated persons—those wholly unacquainted with the fraudulent character of these gambling contrivances—are caught by them. These, therefore, are especially to be warned; and when we say to them that the chances are much greater that they will *die* by the time the lottery is drawn, than they will draw a prize worth having, they can cipher out their prospects of success with but little difficulty, should they ever indulge in this demoralizing and ruinous species of gambling.

"CAMP MEETING INCIDENT"—The article bearing this head, which appeared on the outside of our paper of last week, contained language extremely profane and objectionable. We are sorry that any such article ever appeared in our paper We have no sympathy with profanity in any form, much less in a public journal We selected that article in a different form, which was harmless Having cut it out and handed it to one of the compositors we never saw it again until our attention was directed to its profanity It appears that the process of alteration was made by one of the hands upon it in *this* office, and we are almost tempted to make him the subject of a public example We will take this occasion to say to the perpetrator of this transaction that a similar offence will not be repeated with impunity No person who will thus take advantage of circumstances, should be entitled to the confidence of any printer or publisher.

## Hymeneal.

MARRIED On the 21st ult., by the Rev John Anderson, at the residence of Mr John Holter, in Bogg's Township Mr SAM'L D MILES of Harrisburg and Miss CAROLINE NEFF, of the borough of Millesburg

On the 26th ult by the Rev W H Goode, Mr JOHN W CONLEY and Miss KATE KEITER both from the vicinity of Centre Hall

For some time we have been made the recipients of many kind contributions, from our friends who have entered the blissful state of matrimony Occasionally *precious metal* would gladden our drooping spirits. Frequently we have found the substantial *viands* gracing our sideboard with the compliments of the happy couple Such was the case on receiving the above notice We thank them very much and our prayer is that they may always *love* and be happy

# AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints, as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Scrofula and Scrofulous Affections, such

OAKLAND Del. 6th June 1859

J. C. AYER & Co Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous affection I have suffered from it in various ways for years. Sometimes it broke out in Ulcers on my hands and arms, sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with a sore which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla) of which I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses often repeated, over a month, and used about three bottles. New and healthy skin soon began to form under the scab which after a while fell off. My head is now clear and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,
ALFRED B TALLEY

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla and also a dangerous *Malignant Erysipelas* in large doses of the same, says he gives the common *Eruptions* by it constantly

Bronchocele, Goitre or Swelled Neck.

Johnston Shaw of Prospect Dane county, Wis., writes: "The bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J B S Channing, of New York City writes: I must cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases*, of this we have had ample test. I have cured many worse cases of Leucorrhœa by it and to-day called on a lady whose system was cured by the use of three of the bottles. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements.

Edward S Marrow of Newtown Ala., writes, "A daughter of mine *broke out* on one of the females in my family, which I had defied all the medicine and skill I could obtain, but at length been completely cured by your Extract of Sarsaparilla. Our physician thought a thing had to run its course and could not be advised the trial of your Sarsaparilla as the last resort before cutting and it proved effectual After taking your remedy eight weeks no symptom of the disease remained."

Syphilis and Mercurial Disease.

NEW ORLEANS 2 th August 1859

Dr J C AYER: Sir, I cheerfully comply with the request of your agent, and forward you some of the effects I have realized with your Sarsaparilla

I have cured with it in my practice most of the complaints for which it is recommended and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had syphilitic ulcers in his throat, which were nearly closing up the passage at the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks An other was attacked by secondary symptoms in his nose and the ulceration had eaten away considerable part of it so that I believe the disorder would soon reach his brain and kill him but it yielded to my administering of your Sarsaparilla the ulcers healed and in a few weeks more the nose was in good condition to his face A woman who had been treated for the same disorder by mercury was suffering from the pains in her bones They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones She too was cured entirely by your Sarsaparilla in a few weeks I know from the remarks which my agent gave me that this Preparation from your Laboratory must be a great remedy consequently these many remarkable results with it have not surprised me

Fraternally yours, G A LARIMER, M D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co. Va. 11th July 1859

Dr J C AYER Sir I have been afflicted with a painful chronic *Rheumatism* for a long time which baffled the skill of physicians and stuck to me in spite of all the remedies I could find until I tried your Sarsaparilla. One bottle gave me two weeks and a half of easy general health so much that I am led to believe I am now attacked. I think it a wonderful medicine J. PRIAM

Julius V Gutchell of St Louis writes: I have been afflicted for years with [illegible] which destroyed my health I tried every thing and every thing failed to relieve me, until I was induced to try your Sarsaparilla for some years before commencing the use of it I had *the Liver* My feelings were that I was [illegible] and nothing but death was before me I was induced by a friend to try your Sarsaparilla, and after using it a few weeks I found myself improving in health, and everything but death was worth having. By the blessing of God it has restored me and I have every reason to believe a new man of me. I feel confident that I am the last that can be said to use medicine with success.

I will stake my reputation as a man my standing as a merchant of thirty years residence in the city of New York, that all the Brandy and Wines which I bottle are pure as imported, and of the best quality and can be relied upon by every purchaser Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate The public are respectfully invited to call and examine for themselves For sale at Retail by all the Apothecaries and Grocers in Philadelphia

Read the following from the New York Courier & Journal's Business for our New York Merchant We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary and country merchant, can go and purchase pure Wines and Liquors as pure as imported and as the best quality We do not intend to give an elaborate description of this merchant s extensive business *although* it will repay any stranger or citizen to visit Udolpho Wolfe's extensive warehouse Nos 18 20 and 22 Beaver street, and Nos 17 19 and 21 Marketfield street His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases, the Brandy, some ten thousand cases—Vintages of 1836 to 1856, and ten thousand cases of Madeira, Sherry and Port Wine, Scotch and Irish Whiskey, Jamaica and St Croix Rum some very old and equal to any in this country He also had three large cellars filled with Brandy, Wine, &c., in casks, under Custom-House key, ready for bottling. Mr Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Brandies and Wines His business merits the patronage of every lover of a specific Private families who wish pure Wines and Liquors for medical use should send their orders direct to Mr Wolf and every Apothecary in the land make up their minds to discard the poisonous stuff from their shelves, and replace it with Wolfe's pure Wines and Liquors

We understand Mr. Wolf, for the accommodation of small dealers in the country, puts up assorted cases of Wines and Liquors Such a man and such a merchant, should be sustained against his tens of thousands of opponents in the United States who sell nothing but imitations, ruinous alike to human health and happiness
