THE ONLY DISCOVERY

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway. Read the following:

BATH, MAINE, April 18th, 1859.

PROFO, J. WOOD & Co: Gents:—The letter I wrote you in 1856, concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous enquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yee. My hair is even better than in any stage of my life for 40 years past, more soft, thrifty, and better colored; the same is true of my whickers, and the orly cause why it is not generally true, is that the substance is washed off by frequent abolution of the face, when if care were used by wiping the face is close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the munufacture and sale of various compounds as well as this, it has, no doubt heen basely initated and been used, not only without any good effect, but to absolute in jury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, is eand you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful; I gave it to my friends and thereby induced them to try it, many were skeptical until after a trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I lear, without authority from you. A pure article

PROF. O. J. Wood: Dear sir.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to amounce to whoever may read this, that I now possess a new and beautiful head of hair, which I pronounce richer and handsomer than the original wes. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

I remain respectfully yours.
