while viewing a dress parade at Camp Ourtin, last evening, we were pleased to notice the soldierly and officerlike deportment of Adjutant Daniel P. Bible, of Col. Hartrant's 51st Regiment. The whole country knows of the galiant conduc of Col. Hartrant at the battle of Bull Run, and therefore to be in a manner connected with him in the future battles for the country, is an honor which must arouse the valor of the humblest soldier and stimulate the bravest officer in his regiment. Adjutant Bible appreciates this honor by manifesting the possession of the highest qualities as a soldier, and while on parade last evening we noticed that he thoroughly understood the routine of his duty, and was fully impressed with the importance of his position. He is a thorough and enthusiastic soldier, who will shrink from no danger or neglect no duty that imposes a service for the defence of his country. It is to such men as Adjutant Bible, of strict and stern moral deportment, of cultivation and refinement, that the profession of arms is to be elevated and ennobled and the ranks of the armies of the nation are to be maintained in their manhood and strength, their attributes as well as moral courage. We bespeak for Adjutant Bible a preference of the command of the gallant Hartranft. with the regiment under the command of the gallant Hartranft.

FOUR CHILDREN BURNT TO DEATH .- C'h Monday evening, the 21st ult. a short time after dark, a most distressing accident occurred in Ferguson township, Clearfield county. It appears that Mr. Nicholas Tubbs and his wife went to preaching at a school house, a short distance from their home, taking with them their yourgest child and leaving the four older ones at home. Some time after their arrivel at the school house, the alarm was given that their house was on fire. On A Battle Expected at Accomac reaching the scene of conflagration, the rafters and other timbers were already falling in, and to their unutterable horror they discovered that the four they had left at home were in the burning building. The youngest was three years of age and the oldest eleven -two boys and two girls. The remains of the children were afterwards taken from the burning embers, two of whom were entirely consumed except a few of the large bones; while of the other two the limbs were only burnt off. leaving their bodies a shapeless mass of crisp human flesh, horrible to be burning embers, two of whom were entirely hold. There was no fire in the house when the parents left, except a burning candle. -The origin of the fire is merely conjecture, as it had so far advanced when it was dis covered that no one could tell in what part of the building it commenced; but it is presumed that the children had gone t bed, and whilst they were asleep the fire on the mainland. originated from the burning candle by some

We have seen any purchase. Its advantages over other machines are numerous, among the most important of which is the simpleness of its construction, the lightness of its draft and its durability and cheapness. Any man can put it together when detached. It can be changed from a reaper to a mower, or from a mower to a reaper in less than five minutes. Two strong men can mow with it, and it can be sold for less than any other machine. Don't buy, farmers until years of age from leaving.
