LOCAL MATTERS.

WAR MEETING. According to previous announcement, a large and respectable gathering of the people of this County took place on Monday evening, the 25th inst., in the Court House.

WAR MEETING. (Continued) The meeting organized, by Gen. George Buchanan being called to the chair. Hon. Samuel Strohecker, Hon. George Post, Hon. S. T. Sloger, A. R. Barlow, and William Foreman, Esqrs., were appointed Vice Presidents.

WAR MEETING. (Continued) The Committee, after a brief address, reported the following: Resolved, That we endorse and approve in the action of the County Commissioners, in making an appropriation of fifty dollars to every citizen who shall volunteer to serve for three years or the war in the new regiments, and that we hereby strongly recommend that they offer the same bounty to all our citizens who shall, prior to the 1st of September next, enlist to recruit the old regiments now before the enemy.

WAR MEETING. (Continued) Resolved, That we are in favor of the restoration of the authority of the Government of the United States, over every part of the national territory, and that with or without slavery, as will best promote the accomplishment of the great work.

Hopes Disappointed.

We make no charges, but we ask the reason for certain absurdities. After the election of Hon. Abraham Lincoln and when the whole Democracy of the North were trembling lest some profound injury, in accordance with their predictions, should happen to this glorious Union, the Republican leaders declared that not a single State would secede, that it was a Democratic lie! When South Carolina seceded, it was said that this little State would be the only one. When Louisiana seceded it was said that she did so through the machinations of Sillih. Gulf States after Gulf States seceded, and the same men declared that the Gulf States would be left alone in their inanity. Virginia, North Carolina and other States seceded—but it was the machinations of politicians.

Then Mr. Lincoln asserted that "nobody was hurt." Mr. Seward declared that "all would be ended in sixty days," and the Abolition General, Horace Greeley, said "let them go." We cannot waste the time necessary to enumerate all the absurdities that were put forward—they are before the people and will fill volumes. It has been found that State after State left the Union which we all love, and that we are now engaged in a desperate civil war. How can we escape from it? We answer by placing the Democratic party in power.

This Government is of the people, and the Democratic party is more, and always has been the true exponent of the popular will, and as the "second best thought" of the people are always right, those who carry out their bests can never be more than temporarily wrong. The Democratic party, guided by the will of a majority, has achieved for this country all its greatness and glory, while the opposition, upon the few occasions they have had the power, by their weakness and corruption, fully and surely have learned the respect with which as a nation we have been looked upon by foreign powers, depicted our treasury, created straits and disensions, and generally retarded our advancement and prosperity.

We ask the people to think of these things and with well the subject before the October elections, for upon their decision now rests the fate of the country. Bellefonte Market.
