DEMOCRATIC STATE TICKET

FOR AUDITOR GENERAL ISAAC SLENKER, of Union county. FOR SURVEYOR GENERAL JAMES P. BARR, of Allegheny county.

COUNTY TICKET.

FOR CONGRESS, OBEDIAHNOBODYEXSQC of Katesonmiantionky. FOR ASSEMBLY, ROBERT F. BARRON. FOR COMMISSIONER, WILLIAM FUREY. FOR DISTRICT ATTORNEY WILLIAM H. BLAIR. FOR AUDITOR, WILLIAM J. KEALSH. FOR COUNTY SURVEYOR, ALEXANDER KERR.

Be Assessed.

We hope our Democratic friends will see that EVERY VOTER is assessed in due time. Examine the duplicate and see that the name of every DEMOCRATIC VOTER in your district is on it. Remember the same unscrupulous foe that has battled against the principles of Democracy for years is to be met in a few weeks. Be ready friends to meet the enemies of our glorious, free institutions, in such a way as will do honor to American citizens fighting for the preservation of their dearest rights.

Since our first side was printed off, Capt. M'Allister's Militia company has arrived at home, and among them our printers. We shall, consequently, employ such force as will enable us to issue a whole sheet next week.

Withdrawal of Mr. Reynolds.

We are sorry to announce to the Democracy of this Congressional District and of this County in particular, that WILLIAM F. REYNOLDS, of this place, whose name has been flying at our mast-head for several weeks past, and who was nominated, by an informal meeting of the Democracy, held at Lock Haven, on Wednesday last, as the candidate of the straight-out Democracy of this District, for Congress, has withdrawn from the contest.

Thus the underhanded attempt of the opposition to cheat the Democrats out of a candidate, and to place them in a false position before the country, has been only too successful; and the poor, cringing wretches of our own party who have been so base as to play into the hands of Abolition niggerism and sell their glorious old birthright for a pitiful mess of Republican pottage, may hide their diminished heads in shame and cry on the mountains and rocks to fall on them and hide them from the awakened wrath of an outraged constituency whose hearts are too honest to hold the baseness that lies hidden away down in the innermost depths of the souls of the pitiful poltroons who have heretofore claimed to be their leaders.

Look Out For False Circulars.

The opposition driven to madness will flood the County with Circulars full of matter reflecting upon our Candidates. Do not believe a word of them, they are got up to defeat honest Union loving men, who are now the standard bearers of the Democracy. Again we say look out for false Circulars, if their contents were true we would have seen them before this.

Our Ticket.

As this may be the last opportunity we will have to notice our ticket before the election, we wish once more to impress upon the party who and what our nominees are, and the importance of carrying them triumphantly through the coming struggle between the gallant Democracy and the Abolition hordes who are even now pressing down to the contest with a fierce determination to overthrow everything in their pathway. First upon the list, we have

ISAAC SLENKER, our candidate for Auditor General. Mr. SLENKER has long been identified with the Democracy as one of its most vigilant and active supporters. Weighed in the balance of political principle, he has never been found wanting in integrity, but has ever been a just, conscientious, upright and truthful man. Firmly attached to the Union and the Constitution of our fathers, as they were in days gone by, before political fanaticism had undermined the firm foundation upon which they rested in proud security, he has never failed to defend them against all assaults with an ability possessed by few, and with an eloquence which seldom fails to carry conviction to the minds of all who hear him. Mr. SLENKER is a citizen of Union county, and only a short time since was the Democratic candidate for President Judge of that District.

He was, however, defeated by a very small majority, which shows his popularity even in that benighted region of Republicanism.

JAMES P. BARR, the gallant editor of the Pittsburg Post, is our candidate for Surveyor General. Well known to the masses of the people throughout the State, it is scarcely necessary for us to say anything in his favor. Bold and fearless in his advocacy of what he believes to be right, a man of great ability and a Democrat of the purest material and the most unblemished fame, his election to the Surveyor Generalship of Pennsylvania is what every man should strive for with his whole heart, mind and strength. Therefore, with SLENKER and BARR as our State Ticket and leaders of our gallant hosts, let Democrats close up the ranks with a full determination to follow them to a glorious victory.

For Congress, we are without a candidate. The machinations of unprincipled men in our Conference, defeated a nomination, and to day the Democracy of this District are outsiders and lookers-on in the game that is about to be played for Congressional honors. This is humiliating, and the contemptible demagogues who have produced this result, should be kicked out of the party for their base treachery.

There are, nevertheless, two candidates in the field, Hon. JAMES T. HALE, of this place, and W. H. ARMSTRONG, of Williamsport. The first, an independent Republican, the other the regular candidate of the party and the idol of the Abolitionists. Between these two, we presume, Democrats will be compelled to choose, or else not vote at all. We do not wish to advise them what to do, but we do feel like telling them what they had better not do. In any emergency, we hope they will not cast their votes for ARMSTRONG! He is as black an Abolitionist as the sun shines on, and is utterly unworthy of the vote of any man who loves his country. He is a "higher law" man, and is in favor of trampling under foot the glorious old Constitution of our fathers. Democrats, whatever you do, don't vote for ARMSTRONG!

ROBERT F. BARRON, our candidate for Assembly, is well known to the people of this county. His course at the last session is too fresh in the minds of the people to need any comment at our hands. He is an honest, upright, gentlemanly man, in every way qualified to represent this county in the lower branch of the next Legislature. His election is scarcely doubted.

For Commissioner, we have WILLIAM FUREY, of this place. Modesty, perhaps, ought to prevent us saying too much in his praise. But this much we can say with propriety: he is a "Democrat indeed, in whom there is no guile." He has fought in the ranks of the party all his life, and has never, heretofore, asked any office at its hands. He has always, under all circumstances, been a firm and consistent Democrat and, if elected, will make an honest and, we believe, efficient officer. We ask for him the support of all good Democrats. Of Captain WILLIAM H. BLAIR, the candidate for District Attorney, it is superfluous

to say anything. Being on both the Democratic and Republican tickets, of course his election is beyond all doubt. No one feels disposed to vote against a gallant soldier, who is now away perilling his life on the battle-fields of his country.

For Auditor, we have WILLIAM J. KEALSH, a gentleman very well known in this county. His election is a foregone conclusion, and as Auditor, he will do credit to the station and to the good sense of the people who will elect him to that position.

For County Surveyor, ALEXANDER KERR has been put in nomination. He is an honest Pennsylvanian farmer, and is well qualified to fill the position for which he has been nominated.

There, Democrats of Centre county, is our ticket. Are you not proud of it, and will you not do your best to elect it? We hope, we know you will. We believe you to be too patriotic and too great lovers of your country to suffer such a noble ticket to be defeated through lack of exertion on your part. Then be up and doing. Work with all your might, and the result will be a glorious victory in October, gratifying to every true-hearted patriot.

Democrats of "Old Centre,"

By the action of a few political poltroons and canal jobbers, who succeeded in preventing the nomination of a Democrat, you have been left without any candidate for Congress. You have been crowded "clean" off the "track," and, from present appearances, will have no say in the coming contest for Congressional representation.

Whether or not there will be an independent Democratic candidate in the field, we are not prepared to say. For our part, we are not among those who deem it "expedient" to let go our organization and assist the opposition to ride over us. We are not among those who believe it will be a Democratic triumph to elect a Republican over a Republican, nor are we among those who believe that principle should be set aside and policy only looked to in times like these. No, we believe if ever there was a time when Democratic principles, pure and untarnished, should be battled for, that time is now; we believe if ever there was a time when the people should be represented in Congress by true and tried Democrats, that time is now; we believe if ever there was a time when the organization of the good, old, time-honored Democratic party should be kept up, that time is now; we believe if there is any hope for our bleeding, broken, distracted country, that hope is in the party which has protected and defended it from the time of the Revolution until the inauguration of Abram Lincoln, and what is to be gained by giving up the chances for the election of a Democratic candidate to any Republican or Abolitionist, we cannot see.

DON'T BE DECEIVED.

The times demand that every man should remember the responsibilities that rest upon him!

We never passed an election so vital to the interests of the great future of our bleeding country, as the coming October election, — on it rests the weal or woe of all we hold dear. Every man should approach the ballot box feeling the deepest responsibility. Every one should realize that on his vote rests the supremacy of the constitution and the Union.

Don't be deceived by the pretended no-party papers and speakers, don't be deceived by those who vote abolition, and uphold all of its pestiferous doctrines, and then come out before the people pretending that they are no disciples of Greeley. Look to the record of men before you vote for them

Our candidate for Congress.

Don't Forget.

DON'T FORGET, when you go to the polls on the Second Tuesday of October, that W. H. ARMSTRONG was nominated by the Abolition party, for the purpose of carrying out their damnable scheme to break up this Government, and found in its place a despotism, with John C. Fremont, as dictator.

DON'T FORGET that W. H. ARMSTRONG says: "the Union should be restored over not under the Constitution, and that in times like these we should let go our hold on it and make new ones for the present emergency."

DON'T FORGET that W. H. ARMSTRONG is the sworn political friend of Davy Wilmot, who says: "he will vote for the party THAT WILL SEND THE COUNTRY TO HELL THE QUICKEST!" provided he can not force his detestable doctrines of amalgamation upon the people.

DON'T FORGET that W. H. ARMSTRONG voted to repeal the tonnage tax on the Pennsylvania Railroad thus robbing the treasury of HALF A MILLION DOLLARS annually, and fastening it as a tax upon the laboring people of Pennsylvania.

DON'T FORGET that he is in favor of purchasing the niggers of the South at three hundred dollars per head, which will cost the poor, white men of the North Hundreds of millions of Dollars more.

DON'T FORGET that W. H. ARMSTRONG voted to permit Wendell Phillips who says he has "labored nineteen years to take nineteen States out of the Union," to proclaim treason in the Halls of our own Legislature in Harrisburg, last winter.

DON'T FORGET that W. H. ARMSTRONG is in favor of blotting out State lines, doing away with State laws, and establishing a centralized government, with a military dictator to rule.

Democrats! let neither promises nor professions seduce you from the straight line of duty. Our Candidates are in the field and need every Democratic vote in the county. We have almost ruined ourselves, by our own folly, in regard to the Congress, man, but it is not yet too late to, in part, redeem the past, if we go faithfully and energetically to work. Turn out then Democrats in your full strength! Let no man stay at home in any contingency. Abolition is running riot in the country, which needs the strong arms and stout heart of her sons to save her from irretrievable ruin.

Work then, as you have never worked before. Not two weeks yet remain till the day of election, and we have little enough time left in which to prepare for the desperate struggle. Work, work, work! and when the day of voting arrives, come out to the polls, and bring every Democrat in the neighborhood with you. This is the only way in which we can succeed, and the only way in which we can undo the infamous wrong which the white livered cowards who broke up our Conference, at Lock Haven have inflicted upon the party.

DEMOCRATS! remember it was through the efforts of William H. Armstrong, while in the Legislature, that the Abolition counties of Tioga and Potter, were attached to this Congressional District, thereby making it next to impossible for the Democrats to elect a candidate, unless a great revolution in political sentiment should take place in the minds of the people of those two counties. At the time this was done, Mr. Armstrong anticipated being a candidate for Congress himself, and it was thus he worked the cards to secure his own election! Will you vote for him? If you do you will be untrue to everything embraced in that grand old word DEMOCRACY. No, let this base political trickster be defeated in his own pet District, and consigned to the shades of oblivion, if he cannot get enough votes in his own party. His Abolition friends might then with propriety sing: "Come rest in this bosom my own stricken dear, The Doctrines of Greeley and Phillips are here!"

Two of the editors of the Chicago Abolition Tribune were caught trying to escape into Canada the other day, and one of them, the smallest dog of the two, was caught and placed in the ranks in accordance with the escapement order.
