

JOE W. FUREY, Editor. BELLEFONTE, PA. Friday Morning, Oct. 10, 1862.

Come Out to the Election.

As this may be the last opportunity we will have to urge our Democratic friends to come out to the election in full force, we wish once more to impress upon them the absolute necessity of prompt and decisive action. The contest is at hand—the enemy is marshalling his forces and next TUESDAY will decide who are the victors. Come out, then, Democrats, to the polls, in ALL your STRENGTH! Let not one man remain behind! The success of our ticket may depend on ONE VOTE! The Republicans are going to make a hard fight, and it is necessary that we should make corresponding exertions to meet them. Buckle on your armor, then, Democrats, and let every man feel that on him depends the success of the Democratic ticket. Stir up your neighbor—see that he is provided with a ticket, and bring him along to the polls. Vote early yourself and then you will have time and opportunity to bury up others. This is the way to succeed and the only way in which we can be successful. See to it, then, Democrats, that our full party vote is polled, and that none be left lagging behind. If this be done, we have no doubt of the result; if it be not done, we will not answer for the consequences.

Democrats Beware!

Armstrong, we learn, has been and is now engaged in the disreputable business of circulating papers and tickets in favor of a third person as a candidate for Congress, hoping thereby to draw votes from Judge Hale and thus secure his own election! However much we now differ or have heretofore differed with Judge Hale in politics, he has not resorted to such contemptible means to defeat his opponent.

DEMOCRATS! remember that William H. Armstrong made this District himself while in the Legislature, for the express purpose of electing himself to Congress, knowing that with Potter and Tioga counties in this District, the Democracy would be so outnumbered that it would be almost impossible for them to accomplish anything! Will you elect him, Democrats? We think we hear you answer, "never, no never." Will you defeat him? "Yes!" should be the answer of every Democrat in the District.

DEMOCRATS, remember that the Armstrong faction are circulating false circulars in STAMPED WRAPPERS, and that they have been sent to nearly every democrat in Centre county. Do not read them; they are only intended to lead you astray.

GREAT ATTEMPTS are being made to defeat Mr. Barron, our candidate for the Legislature. Remember this, Democrats, and be sure that the name of Robert F. Barron is on your tickets.

Vote for Slenker.

NOT TRUE. The article in this morning's Press which labors to prove the candidates on the Free negro ticket corruptive men, not a man in the whole batch, except W. H. Blair from Cochran down to Glen, but is an Abolitionist of the most extreme school, the regular raving, rampant, black backed breed, who would take your money. Laborers of Centre County, to buy the lousy leading niggers of the South, and then force you to sing them. They are unmitigated scoundrels every one of them, disciples of Greeley, Phillips & Co. They are the advocates of high tax, Free negroes, and division BEWARE voters before placing such men in power.

Remember that this Armstrong DID VOTE against repealing the bill which repealed the tonnage tax on the Pennsylvania Railroad.

Vote for Kerr.

Remember it was the free negro party that published statistics, showing the "great advance" which the North had over the South, encouraging the northern people to rebel against the government, and like Jeff Davis, to form a confederacy of their own.

Remember

Remember it was the free negro party that called the American flag "A FLAUNTING LIE," and declared that the "PLINY RAGOUGHT TO BE TRODDEN IN THE DUST!"

Remember

Remember it was the free negro party that encouraged and aided IRREASON, when John Brown attacked the peaceable citizens of Harper's Ferry, murdered them, and strove to incite a horrible insurrection.

Remember

Remember it was the free negro party that threatened to burn the capital if the Government would dare to execute John Brown the traitor, calling him the "Second Jesus Christ," and after his execution pronounced the gibbet upon which he was hung more holy than the cross upon which the Redeemer of mankind was crucified.

Remember

Remember it was the free negro party that threatened to "kick or hang every Southern State out of the Union."

Reflect Before Voting.

We would entreat of you once more, men of "old Centre," to reflect well before casting your votes on next Tuesday. This may be the last time that we will have the privilege of addressing you on this important step—and it may for aught we know, be the last time you will be permitted to show your preference for men and measures; for who can say that your right of suffrage, the right to choose men to represent you in the different branches of the government, will not, before another year rolls round, be stricken down by the same hand and the same edictors as that which has blotted out your courts of justice, and left your lives, persons, property and liberties in the hands of a single man, who holds a commission from the military authority. Already the enemies of Democracy have the boldness to avow their real designs, and say, "we know no law but military necessity," and that "the Constitution of our fathers is no guide to steer by in the present emergency." Already do they openly proclaim, "that the war shall not be prosecuted for the preservation of the Constitution and the enforcement of the laws," but for "the Constitution as it should be," (i.e. as the abolitionists would make it) "for the freedom of the negroes," and a crusade against the institutions of our sister States. Had we told you one year ago that in twelve months your right of trial by jury would be denied you—that the war would be carried on for other purposes than the reconstruction of the Union, you would not have believed us; yet it is nevertheless true. The warmest friend of the Administration cannot deny it—the strongest advocate in the ranks of the opposition dare not contradict it. It stands out in bold, black characters in evidence of their hellish designs to overthrow the government which has heretofore made us a free, a prosperous and a happy people. Can you, will you, DARE you place power again in the hands of a party, the record of which proves it to be the enemy of your liberties? Can you, will you, DARE you permit it longer to wield the sceptre of despotism, and, under the plea of "military necessity," beggar you by taxation, starve your wives and children by robbing you of your hard earned money, and murder your sons, fathers, and friends in a war which could have been settled honorably to both parties? Remember, the party that now opposes Democratic principles, has, by its secret potings and plundering contracts, placed a debt of hundreds of millions of dollars upon your shoulders. They have robbed you of this money not to sustain the government, but to fill the pockets of black hearted villains, who, vampire like, feast on the life blood of the nation, and, ghoul-like gloat over the ruin they have accomplished. Not satisfied with the taxes which their plundering pecuniaries have fastened to your backs already—not willing to stop with a national debt of hundreds of millions of dollars—they would increase the one and enlarge the other by the purchase of a lot of worthless negroes from Southern plantations, until your hard earned homes, and the little bits of property you have gathered about you are mortgaged to pay for beings who will fill your poor houses and prisons, and usurp the places of your own children at the fire-side, the table and in the field. For two years this negro worshipping, thieving concern, has had the control of the reins of government, and what have you, honest laborers of Centre county, derived at its hands? Has your property grown more valuable, or is it to-day worth a less amount on account of high taxes and the prospect of a continued war? Is there any assurance that you will be permitted to enjoy the blessings of your peaceful homes—that you will not be dragged from your wives and families to face the dangers and suffer the privations of the battle field, if this same party is continued in power? Read the history of our country from the time of the Revolution until the election of Abraham Lincoln, and you will have the history of our country for the past ten years, and you have the history of its opponents—Choose ye then, between the two.

BE ON THE GROUND EARLY.

Every Democrat should make it his duty to devote the 21 Tuesday in October to his country. There never was a time in our political history when her loyal sons were called upon more loudly to do their duty, notwithstanding a certain class of politicians say we should not interest ourselves in such matters; but let them elect all the officers. If you want our State and National debt to increase, vote for Armstrong and the Trump ticket—if you want the Constitution to be altered and amended at the suggestion of Northern fanatics, vote for Armstrong and the Trump ticket—if you desire the overthrow of Democratic principles, and the triumph of radicalism, vote for Armstrong and the Trump ticket, and by so doing you can aid in accomplishing such a result.—West Branch Democrat.

Vote for Barr.

That W. H. Armstrong said, in a speech in the Court-house in this place, on Tuesday evening last, that it was a "constitutional absurdity to attempt to put down this rebellion in a constitutional way." Hedges for throwing the Constitution aside and allowing Abolitionism to take its course.

Remember that this Armstrong DID VOTE against repealing the bill which repealed the tonnage tax on the Pennsylvania Railroad.

FREEMEN, REMEMBER.

When the free negro party speaks to you about the "disloyalty" of the Democratic party, and advise you not to vote the Constitutional Union ticket, remember it is but a false alarm, a ruse to lead you into their revolutionary snare, a trick to lure you into the support of the free negro ticket, so that they may be continued in power. Do not heed them. Their cry of "stop thief," is not calculated to divert your attention from their own black catalogue of treasonable utterances and acts, and from their criminal deeds.

Remember, it was the Free negro party that desired to "LET THE UNION SLIDE," while Democrats were interceding and praying for its perpetuity.

Remember it was the free negro party that published a map of the United States, one half of which was obliterated by a cloud of ink, suggestive of the idea of disunion.

Remember, it was the free negro party that carried the Star Spangled banner with but three stars on a blue field.

that was opposed to the oppressed and exiled white foreigner seeking liberty and a home in the United States, calling them "Irish thieves and beggars," and Dutch muskulls and knut gluttons, ranking them with the brute croton. Remember such was their treatment of the brave men who now compose the strongest bulwarks of our government in the present hour of danger.

Remember it was the free negro party that is now feeding your friends in the army on rusty flitch and hard crackers, that is now taxing you and taking from you that for which you have labored hard to purchase negroes and to colonize them, to send them into your midst to subsist on you, to compete with you in labor, to be your equal, and to have the same rights of suffrage that you enjoy. Recollect this.— They are bestowing upon the black savage that which they refused to grant to the white refugee from tyranny and persecution. Do not doubt this fact. Read the correspondence between Secretary Stanton and Gen. Tuttle. Read the conference between the President and Jackson and Webster and Clay from the embrace of their weeping families, casting them into dark damp dungeons to subsist on food too rotten and coarse for the carrion beast, and to live in vermin of the most loathsome and malignant species. This too, is worthy of remembrance.
